Port Bonds May Be Tax Free

Tuesday Oregon Atty. Gen. Lee Johnston gave his opinion on port district bond interest being tax free if issued for warm water irrigating development. Opinion was requested by Sen. Ken Jernstedt.

The Port of Morrow has been trying to attract a utility to construct a nuclear power plant. Irrigation feature, Mr. Johnston feels would be tax exempt but not the plant construction feature. He told the Associated Press the federal government might not agree to his opinion and suggested a query to Internal Revenue. He said tax-exempt bonds are attractive to investors.

Bert Akers is home from Gresham where he underwent major surgery. He is feeling much improved. He has gone back to work at Jordan Elevator on a limited basis. Bert Jr. flew out from South Dakota to be with his Dad when he had surgery.
