

PHYLLIS DAORO

Betrothed to Bruce Thomson

Mr. and Mrs. Reno J. Daoro, formerly of Portland and now of Puyallup, Wn., have announced the engagement of their daughter, Phyllis, to Bruce J. Thomson, son of Mr. and Mrs. James G. Thomson, Heppner.

The bride-elect is a graduate of North Catholic High School, a graduate of Northwestern College of Business, and is employed as a secretary in Portland. Bruce is a graduate of Heppner High School, received his B. S. degree at Eastern Oregon College, and was working toward his Master's degree in Business Administration at Portland State University before entering the U. S. Army. He is currently on leave, prior to leaving for Vietnam.

The wedding is planned for the summer of 1972 in Portland after his return.

Mrs. J. O. Hager is home again after undergoing surgery in Portland and then convalescing at the home of her daughter. She returns for a check-up in about two weeks.

The How of Using Chemicals Told by Harold Kerr

The Ione Garden Club's May 12 meeting was held at Mrs. James Driscoll with Mrs. Harold Huber co-hostess.

"Shall we Use Chemicals In the Garden" was the topic discussed by Harold Kerr, Morrow County Agent. "Don't spray unless you've got a problem!" Garden and homeowners are the most serious offenders of over-use of chemicals. The main reasons for using chemicals in yards and gardens is to improve the general appearance and for survival of infested trees and plants.

The term pesticides applies to all chemicals, insecticides are for insects and herbicides for weed control.

Melathion is a popular insecticide for garden and yard use as it controls most yard and garden pests but has to come in direct contact with the pest. As you don't get all the pests the first time there should be repeated sprayings when insects appear.

Lawn broad leaved weeds are safest sprayed by 24-D Amine. Silvex is used to kill broadleaved weeds that 24D won't kill. Apply early in the mornings.

Look at labels of fertilizers. There should be three numbers. First number is percent of nitrogen, second number phosphorous and third number potash or potassium. The fourth element is sulphur—in fine print. Mr. Kerr stated that yards in Heppner-Ione area need nitrogen and sulphur added because the soils contain adequate amounts of phosphorous and potassium. Our vegetable gardens need a complete fertilizer which contain all four major elements. Nitrogen is for leaf development, phosphorous for fruit and stem growth.

Some Do's and Don'ts pertaining to the use of chemicals:

Don't use unless necessary. Don't over-use. Don't assume it will kill if it is not listed on the label. Don't use because it worked last year. Do store in safe place and apply as directed.

"We do need to use chemicals to provide an adequate food supply for the world's population. The argument that chemicals have upset the balance of nature may be true, but Man has upset the balance of nature since Adam and Eve", Mr. Kerr said.

Mrs. Harold Huber, Membership Ch. presented Mrs. Fannie Griffith with an Honorary Life Membership in the Ione Garden Club.

Mrs. C. C. Jones installed the Ione Garden Club officers for 1971-72 year. Mrs. Van Hubbard, president; Mrs. Lee Pettyjohn, vice president; Mrs. Harold Huber, secretary and Mrs. Fred Martin, treasurer.

The June meeting will be a picnic at Wright Memorial Park, in the Blue Mts. on June 9. Program: Native Flora Collection and Identification. Hostesses: Mrs. Tom Huston and all members.

If you can't profit from advertising something is either wrong with your business or you have nothing to sell.

Of Interest to Women

SHOWN HERE are Mr. and Mrs. Leon Bentley, Irrigon.

Mrs. Leon Bentley Retires

The 3 Rs stand for retirement, relaxation, and roaming now for Mrs. Leon Bentley, who was given a reception honoring her after teaching first grade in Irrigon for 24 years. Friends came from far and near to wish her well. 158 signed the guest book, but it was estimated that over 300 attended the open house reception. Among them were former Irrigon teachers, Maude Alexander of Hermiston and Ellen Caudle of Arlington. Mrs. Caudle is also resigning from teaching this year and is making plans to move to Union. Mr. and Mrs. Phil Goodall, former deputy sheriff here, now of Lake Chelan, along with their son and 6 pretty daughters were just returning from a vacation trip to Montana and the Coast.

Marguerite Houghton and Sedalla Dexter, old friends and neighbors for many years, came from Hermiston.

Member of her family who attended included her husband, Leon Bentley, her sons and their families, Mr. and Mrs. Carl Russell of Ontario, and George Russell of Waldport, her daughters and their families, Mr. and Mrs. Curtiss Stephens and (Beth) of Hermiston, Mr. and Mrs. Leslie Rucker (Ariene) of Arlington.

Mrs. Don Adams and Mrs. Burrell Cooley made the cakes decorated with the little red schoolhouse motif, and along with Mrs. Billy Griffin, organized the affair. Mrs. Griffin sent invitations to many of Mrs. Bentley's former students, some of them now grown and with families of their own. Mayko Buchanan was in charge of flower arrangements.

Bridal Shower Honors Marsha Sowell

Marsha Sowell was honored at a bridal shower last Wednesday evening at the All Saints' Episcopal Parish Hall. She was assisted in opening her gifts by her college friend Janet Pulfer of Walla Walla, Mrs. Steve Hunkapillar of Pendleton and Mrs. Dennis O'Donnell of Springfield.

The hostesses used spring flowers of yellows and green in their arrangements about the room and the tea table arrangement of yellow tulips and white spirea and narcissus was arranged by Mrs. Ernest McCabe. Other hostesses were Mrs. Jerry Daggett, Mrs. Riley Munkers, Mrs. Dick Meador, Mrs. Arnie Hedman, Mrs. Hal Whitaker, Mrs. Dave McLeod, Mrs. Gail McCarty and Mrs. Jerry Sweeney.

Marsha will become the bride of Steve Mathewson of Forest Grove at an early summer wedding in June at All Saints' Episcopal Church here in Heppner. Graduated with honors recently from Pacific University, she is the daughter of Mrs. Nona Sowell of Heppner.

Mrs. Weatherford To Head Soroptimists

Mrs. W. W. Weatherford has been elected president of the Heppner Soroptimist Club for next year. Officers assisting her will be Mrs. Phillip Doherty, vice president; Mrs. Charles Heard, recording secretary; Mrs. Earl Soward, corresponding secretary; Mrs. Dean Gilman, treasurer and board members, one year, Mrs. Allen Hughes and two years, Mrs. Mike Gray.

The annual party given for the members of the 7th and 8th graders is a joint venture of the Elks Club and the Soroptimist Club. This year it is to be held on May 21 following the 8th grade banquet. Mrs. Emile Groshens and Mrs. Ed Gonty will be co-chairmen in charge of preparations of the refreshments. The Elks provide the ingredients for the punch, the dips and potato chips. Assisting with the serving will be Mrs. Marlys Phegley, Mrs. Mike Gray, Mrs. Clayton Sweek, Mrs. Charles Heard and Mrs. Phillip Doherty.

The annual Installation and Initiation banquet will be held in June.

The final group of senior girls were guests at the luncheon May 13. Guests were Julie Ayres whose plans are indefinite, has been working at the Bank of Eastern Oregon on a work-experience this year; Jan Schlichting plans to go to BMCC this fall in Art Education; Becky Doherty will go to the U of Oregon in a liberal arts program with lots of interest in journalism; Judy Barclay and Sarah Witherrite plan to be roommates at BMCC this fall. Judy in college transfer in liberal arts and Sarah, secretarial science and then maybe into Architecture.

Degree of Honor Meeting

The Degree of Honor Protective Assn. met May 11 in the basement of the Christian Church.

Mrs. Clara Gertson, State Organizer, asked the Carnation Club to meet at her home May 26 at 8 p.m. Regular lodge meeting will be Tuesday evening at 8.

Mrs. Earl Soward and Mrs. Wilbur Steagall were hostesses. Tables were gay with spring flowers.

Tops is Tops

"Eating more but enjoying the results less"? TOPS (Take Off Pounds Sensibly) is for you. Heppner Minimize TOPS club is open to any woman or teenage girls earnestly desiring to take off pounds but unable to do it alone. The group meets every Tuesday at the Neighborhood Center at 8:00 p.m. On the second Tuesday of the month the group meets upstairs in the same building.

TOPS is a national organization which through the group therapy it exercises has been the only way many women have been able to lose weight. It is a well-planned, continuing program to help people exercise will power when dieting. Sensibility is emphasized as the members encourage each other in the battle of the bulge.

At each meeting, the members recite the "pledge" and then have a weigh-in. The weigh-in is required each week and the statistics are only divulged to the very discreet weight recorder.

Members help encourage each other in various ways. There is friendly competition with a prize given to the member losing the most weight each month, diet recipes are shared and exercising hints.

Persons interested in the group may contact Marie Struthers by calling 676-9936 or Liz Curtis by calling 676-9454.

More members are needed at present. The Heppner group stresses that "when all diet efforts have failed, try TOPS, it works. Better yet don't wait until all diet efforts have failed, join now before you become discouraged."

Morrow County Gem and Mineral Society will meet at 7:30 p.m., Saturday night at the Old Library building, next to City Hall here.
