

## Over The Tee Cup

By MARIE McQUARRIE

And so we played golf Tuesday morning—and so we found out it was really hot. Kind of a change from wearing a sweater and still shivering in the cool spots. The gals organization can't for the life of it see why there aren't more girls playing golf on Ladies Day. Most gals are worrying about the pounds they have put on in the winter, and walking around that golf course is a big help. Lots more fun than out just taking a walk, as you have that little white pill to contend with. We have been bringing our lunch and having a visit after the day is over—which is a good way to end a golfing round. There are more golfing ladies, we know, than are coming out—so please give it a try on Tuesday, and you will see again how much fun it is.

From now on—if it continues to stay as warm as it is—we will be starting at 8:00. Probably won't bring our lunch, as we will get finished sooner, but we can always sit and empty the coffee pot or have a cold drink, while we talk over all

### Stan Rauch Wins Figure Eights at Amatilla Speedway

"Chicken Wing" is the name Stan Rauch has on his car that he races at the Amatilla Speedway. This name was put on his car by one of the girls attending Treasure Valley College in 1968 when he was a student there. This is his 4th season racing this car. It is a 1949 Ford with a stock engine.

Saturday evening's race was one of the best races seen for a long time. Stan in "Chicken Wing" won the First Main in the Figure Eights. He got the lead in the 9th lap, lost it and then regained it on the last lap. Ted Toll ran a good race in this event also.

Joe Lugauer set the fast time and won the trophy dash. Ron McKinstry won the second main event for Figure Eights.

**Excitement**  
The first Saturday evening race of the season was probably the most exciting for the Blue Mountain Racing Association at the 1/4-mile paved Amatilla Speedway. The only mishap occurred during the Hobby Class main event when Eddy Jonas of Hermiston lost control in the back stretch and shot across the track into John Eynon of Tri-Cities. Both were taken to Good Shepherd Hospital in Hermiston where Eynon was released after observation and Jonas was hospitalized with undetermined injuries to the hip and knees. Jonas had earlier set the fast time and won the trophy dash. Bill Ingram of Yakima won the Hobby main after Tri-Cities' Steve Dickman blew an engine on the last lap.

**Summary:**  
**Hobby—**  
Fast Time: Eddy Jonas, 17.90.

the bad shots we had. So, come on gals, join us next Tuesday at 8:00.

It won't be long until we start our barbecues, and they are lots of fun. With the weather turning warm and long evenings, our steaks cooked outside will taste awfully good.

Today there were nine golfers down to play. Vi Lanham and Dee Gribble tied and had to flip for low score on No. 7. Beverly Gunderson had low score. Vi and Beverly both received a golf ball.

Echo has invited us to come over and play Wed. We all are hoping for a cool breeze, as that is a hot course to play. I believe, by the count now, there will be 7 going over. These visits are real fun—although we all agreed you don't play your best golf on a strange course. But, it is fun meeting all the girls we have played with before and being guests at another course. Here's hoping for a cooler day.

Work is being done on No. 3 down at the golf course, as that is the place that received the worst of the flood. Plans are now to have three raised greens, and that should make it interesting. All these things take time, but one of these days, we will be playing on greens that will make your tempers rise.

### Postal Service Day July 1

July 1, has been designated Postal Service Day to commemorate the official inauguration of the United States Postal Service. The new government owned corporation replaces the former Post Office Department and its mission is to become a self supporting operation within three years.

A new postal service stamp will be issued July 1, and also available will be a free souvenir envelope. Please note that the souvenir envelope will not be a stamped one. The souvenir envelopes will be passed out on a basis of one to a customer, according to Postmaster Jim Driscoll.

The local office plans a poster display in pictures of postal operations and important historical stamps.

While many towns have federally owned buildings, most postal operations are in leased quarters. Heppner occupies leased quarters owned by the Heppner Investment Company. The public is invited to visit the post office on Postal Service Day, and if they desire, will be given a tour of the internal operation.

### McAllisters Enjoy Visitors, Travel

Mr. and Mrs. Franklin McAllister spent most of June busy with visiting relatives and travel.

Mrs. McAllister's parents, Mr. and Mrs. J. L. Speer of Chrystal City, Texas, came to Oregon for the first time to visit for three days. While here, the McAllisters took them to Salem for a day of sightseeing.

Also coming to Oregon for the first time were Mr. McAllister's mother and sister, Mrs. J. W. McAllister and Dorothy Hughes of San Antonio, Texas. Most of their two week visit was spent traveling places to which they nor the McAllisters had been. Wallowa Lake was first on the itinerary followed by a six-day camper trip up and down the coast.

This included the California Redwoods, Crater Lake, Portland and Mt. Hood.

A SUCCESSFUL Bible School was completed last week at the Assembly of God Church. These three are working on a plaque. From left are Joy Everhart, Susan Keithley and Linda Jessmer.

### Bible School Ends With Good Program

Friday night was the scene of much exciting activity at the Assembly of God Church as it was the climax of two weeks of Bible School.

The first Bible School conducted by the local church was
