

## Committee to Seek EDA Approval of Govt. Program

Tom Current and two staff members from the Economic Development Administration told a group of Morrow County people Wednesday afternoon that eligibility for their program would be for one year.

Because employment has dropped, the county is eligible for inclusion under Title I of the Public Works and Economic Development Act of 1965.

Those assembled included committee chairmen and members who will put together a program that would have an impact on the economical and livability conditions of the county with the top objective, creation of long term jobs. The program should be put in the hopper for consideration within 3 or 4 months.

Matching funds which would be a 50% grant could be used to build a publicly owned facility such as sewer, water, roads.

Rupe Kennedy and Harold Kerr will act as dual coordinators of the committee with the County Court.

Mr. Kennedy said the timing of the new effort was remarkable. He fanned the enthusiasm and prospects for developing a program with the developments anticipated in the north end which in time will extend into the deep soils out of lone and Lex.

The growing, processing, shipping and marketing of the food and fibre that will come from the irrigated lands. Some should start next spring. He said there vate irrigation. Additional it will be 30,000 acres under irrigation water would be available from nuclear plant coolant waters. A nuclear plant puts out 600,000 gallons of water a minute.

Judge Jones asked about the advisability of forming an EDA district. Mr. Current said, "In the near future this county is going to be wall-to-wall districts, people will have to get with it or get left behind". He reviewed the present status of the five counties in the present Administrative District: Umatilla, Wheeler, Grant, Gilliam and Morrow. Umatilla County is the only one who has qualified and has a project going. Wheeler and Grant are both qualified but have no project going. Gilliam county's unemployment dropped below the 6% limit and has been removed from eligibility.

In 1964-65, Morrow County had qualified for the same matching funds. When they had no project to submit, the Forest Service was given the grant and the Tupper facilities were built using a local contractor and local labor.

## Heppner Garden Club Meets Monday At Wolffs

The Heppner Garden Club will meet July 12 at 8 p.m. at the home of Dr. and Mrs. W. H. Wolff. Plans for the Sidewalk Bazaar will be explained and Fair plans will be made. There will be a report of the Spring Flower Show. There will be door prizes of driftwood from Oregon beaches.

## The Friendly Widows Have Holiday Picnic

A group of friendly widows had a 4th of July picnic at the City Park. There were 20 who enjoyed the beautiful day in the park, the potluck picnic and lively conversation. Mrs. Ola Ruggles acted as co-ordinator.

## In Summer School

Mrs. Bill Rawlins is attending summer session at the University of Oregon. She was home with her family for the 4th of July weekend.

Mr. and Mrs. Ray Nelson have moved to Waldport from Portland. They recently bought the Newport Flower Shop. Mrs. Nelson is Mrs. A. G. Pieper's daughter.

MILTON MORGAN, for a long time associated with progressive wheat growers, recently brought us this picture. Shown here are (from left): Mrs. Helen Chu, Administrative Assistant, Wheat Associates, USA, Taipei; George Wood, Regional Director, Wheat Associates, USA, Taipei; and Mrs. Yang Yue Fong Ho, raisin flour food demonstration are shown just prior to the opening of the U. S. food and agricultural product exhibit held in Hong Kong May 20-22. In this exhibit, Dept. of Agriculture, Wheat Associates and the Calif. Raisin Advisory Board cooperated. The promotion has been highly effective, resulting in a growth of 30% in exports of U. S. wheat to Hong Kong's three flour mills. California raisin exports have grown almost a third. The Hong Kong wheat industry particularly favors U. S. dark northern spring wheats.

## CPL Meeting In The Dalles

John Canaday of Heppner will be among those attending the state meeting of the Committee for Progress Through Law at The Dalles this Thursday and Friday. Others on the CPL committee for Morrow County are Alta Stevens and Rev. Ed Cutting. Sarah Powell of Pendleton is chairman of the two-county committee.

## LONEROCK

LONEROCK — The population of Lonerock took on a rapid growth the "Fourth" weekend and lacked a lot of being a "Ghost Town".

Major Lee Spitzer, son of Mrs. Jesse Harris, and his wife and son, motored up from California and expect to build a home here. Major Spitzer and family spent many years in Europe while he was in the service and is glad to be in a place where there is peace and quiet.

The big gathering was around the Jim Heidenger lot where 46 people assembled with their cars, campers and tents. Besides the Heidengers there were Bill and Donna Kislser and children, Mr. and Mrs. Al Anderson, Peggy Rumeich, Don Freeman, Ray Johns, Bill and Joyce Hiatt and children, all from Portland, Mr. and Mrs. Bill H. Neum, Ellensburg, Wn., Mr. and Mrs. Ray Helms and Trudy, Prineville, Margaret Sherman, Maley Whitman, L. Dahl, Hermiston, Shirley Brown, Port Orchard, Wn., Helen Shepard, Wapato, Wn.

The Neumans brought down four head of horses from Ellensburg and spent one day riding over the hills that circle Lonerock, and the next days they rode thru the forests that extended thru Wheeler County. There were 21 dogs on the camping grounds here and one German police dog that was on the alert at all times.

Holiday visitors at the H. E. Davis ranch, was their daughter Carolyn and her friends from Walla Walla.

The Lee Davis family from Genesee, Idaho spent the weekend at Lonerock also.

Visitors at the Rogers home were Mr. and Mrs. Robert Rogers from Bend, and the Mallgrens from Condon, Sharon Rogers is home again after taking an extended trip to valley points and on the coast.

Mr. and Mrs. Love and families from Portland and the Kendalls from Walla Walla spent the weekend at their summer homes here.

Mr. and Mrs. Ed Morgan, children and grandson, spent the weekend at their cabin on Brown Creek.

## Doggy Tips

By BONNIE

Week 1

If there is one thing Heppner has it's lots of dogs! You can see them almost anywhere you look. Most are owned by someone who is interested in keeping him healthy and happy. This week we will discuss one of the ways of doing this.

Another thing Heppner has plenty of this time of year is Cheet and Fox-tail, so it's only natural that dogs and these small menaces get together. Look your dog over carefully and you will probably find enough of both stuck in him to plant both sides of the highway from Heppner to Lexington! Leave these little monsters on your dog and soon you will have a mighty unhappy dog. Signs of his discomfort are shaking of head, scratching at ears, limping, and swollen areas. If this does happen be sure to take him to the Veterinarian right away. Usually you can avoid the trip if you take a few precautions. Pull the hair out from between your dog's toes and clip it off with sharp scissors, then every day or so run your finger between all his toes and feel for seeds. Run your fingers underneath where his legs join and search for seeds, then brush him all over. Cut the hair from around the opening of his ears so it won't lead seed into the ears. Even very short haired dogs need this care. Remember, just 5 minutes every other day can save you time and money, and your pet much misery!
