

VIRGINIA WILKINSON

Ginger's Reception This Saturday

A reception honoring Mrs. Dick Wilkinson, Worthy Grand Matron of the Grand Chapter of Oregon, Order of Eastern Star, will be held Saturday evening, Sept. 25 at 8:00 in the Heppner High School. Members will be traveling from all parts of the

state to attend this reception and pay tribute to Virginia Wilkinson for her service and dedication to the order.

The purposes of the Order of Eastern Star are beneficent as well as social. Approximately \$50,000 in worthwhile projects was contributed at the Grand Session in Portland last June. Of this amount \$16,500 was given to the University of Oregon Medical School for cancer research, \$12,000 went to 24 men and women for education in "religious leadership" under the ESTAR Program, plus three grants of \$300 each going to girls attending college. In addition, 14 scholarships of \$500 each were given to girls for furthering their education in science, nursing, pharmacy, teaching or social work from the Leslie S. Parker Scholarship fund. This financial assistance is furnished annually, and it is not necessary for recipients to have Masonic or Eastern Star affiliation.

The reception, sponsored by Ruth Chapter No. 32, OES, in Heppner, is open to the public, and all interested are cordially invited to attend.

A big chunk of Boeing land near Boardman is about to turn green. The International Pelleting Co. has leased nearly twenty sections for a 12,000 acre hay ranch. They will plant some 3200 acres in the spring and the balance of 8800 acres the following spring. The big tract is at the Gilliam County line in Morrow County and goes up to Boeing's jet engine testing station. They will irrigate with automatic pivot sprinklers. A pelleting plant is to be built at the site and they will ship the pellets to Portland, later shipping by barge when Boeing builds their port.

Frank Major will be operations manager. The firm is owned by Don Major and son, Frank of Spokane and Herb Sanderson of Coeur d'Alene. Most of the pellets will wind up in Japan.

We are glad to hear that Earl Ayres, Sr., is out of the hospital and getting along well. He had a very close call recently in an accident involving an explosion in a pickup. Apparently his U. S. Navy firemen's training served in very good stead as it was considered by the State Police as a wonder that he was not cremated. At that he was badly banged up with injured fingers, an arm and contusions besides hurting his head in the accident near The Dalles. Earl has been selling cars for a Ford dealer at The Dalles.

It's parade theme time again. Chairman Randall Peterson would like to see lots of folks suggest a dandy theme for the Morrow County Fair and Rodeo. An entry blank is provided on an inside page. And, remember, the winning name will mean free tickets to the big rodeo here. Just drop your entry in the mail to Parade Chairman, Heppner, Ore., or leave it at the Gazette-Times.

Thank you, folks! All of us here at this little newspaper are grateful for your kind support. Our annual circulation report shows a big gain in subscribers.

Gene Pierce had told me of the concern Ed Hiemstra had for the safety of his football players. Ed spoke to the Chamber of Commerce diners on Monday at the Wagon Wheel on Football Safety. Ed showed us new headgear and shoulder and knee and body pads that do a splendid job of preventing crippling accidents. Dean Wright, an outstanding Mustang player and senior halfback, modeled

RALPH and PAT KINCAID

1972 Chevrolet.
Building a better way to see the U.S.A.

Caprice Coupe illustrated at Mt. Rushmore in South Dakota.

We want your new Chevrolet to be the best car you ever owned.

The best.

No qualifications. No reservations.

We want it to be the most beautiful, most trouble-free, most comfortable car you ever owned.

So we've given the 1972 Caprice (above) power steering, power front disc brakes, refined power ventilation and an improved front bumper to provide added front-end protection.

Plus a 400-cubic-inch V8 engine and Turbo Hydra-matic automatic transmission.

All standard, as you expect with a luxury car.

And Caprice is but one of the new Chevrolets. There are 45 in all: pictured below (left to right) are the 1972 Monte Carlo, Chevelle, Nova, Camaro and Vega.

Altogether, a lot of diversity. So there's bound to be a Chevrolet just right for you, your family, your budget and your kind of driving.

Whatever your choice, we want your new Chevrolet to be the best car you ever owned. No less.
