**FIRE CHIEF
FORREST BURKENBINE SAYS—**

Your best insurance against
Property Damage and Personal
Injury is caution, every day.

You can never be too careful when it comes to preventing fire! That's why good safety habits at home, at work, at play are the rule, never the exception. At home, check often to guard against

accumulation of flammable debris, faulty wiring, other fire hazards. At work, obey Fire Department regulations to the letter. At play, make sure campfires are out, dead out. Caution now may save lives later.
