

DORCAS STEWART, Elementary School librarian.

Meet Dorcas Stewart

Dorcas Stewart is the new librarian at the Elementary School. She is delighted with the freshness of the library and at how much the library is used. There's an exceptionally fine reference section. She has found that the children of grades 1 to 4 use the library more than the older students. She teaches a class of Library Skills to grades 5 through 8. She encourages them to look for the type of book they'd like in her "Book Talk". For grades 1 through 4 she has a story hour every week and also gives them time to check out books. Miss Stewart grew up in South Dakota but attended high school at Hermiston her last two years then to EOC where she graduated 1971. She likes the outdoors, camping and picnicking. She hasn't had time to cultivate very many hobbies but hopes to get started at some this winter. She enjoys people and gardening.

Skiers Get Set, Sunday is Workday

Skiers on your mark, get set—and get your ski area ready before the snow covers it. Two dedicated leaders, Don Peterson and Dick McElligott, both of Lone, are calling for other interested volunteers to make up work crews this Sunday. There must be some improving done on the slope and tow at Arbutle Mountain. Come almost any time during the daylight hours. Those with chain saws please bring them. Our area's youngsters felt deprived last summer without the swimming pool—let's be sure they have a good ski slope this winter. Several 4-H ski groups use the slope regularly. It is a real asset to all of Morrow County. Four-H parents, any adults, any teenagers can feel good if they will help, will involve themselves in making the slope ready. Don Peterson also calls for persons who are interested in helping on or with the ski patrol. He hopes they will contact him soon by telephone—422-7136.

Boy Badly Hurt, Taken to Portland

Jeffrey Calhoun, 9, was badly injured in a car accident 24 miles S. E. of Heppner Saturday morning at 10:30. Jeffrey was riding with his mother, Mrs. Joe L. Calhoun, Portland, and his sister Karen when their car went off a gravel road (Forest Service Rd. No. 415). Deputy Sheriff Larry Fetsch investigated the accident. After Jeffrey was examined by Dr. W. W. Wolf who considered his condition "critical" he was transported in the Morrow County ambulance. Bob Lowe and Faye Pierce accompanied him to Portland's Good Samaritan Hospital. Mrs. Calhoun and Karen were not badly hurt. Dr. Wolf's office has had no report from Portland about Jeffrey.

Dave Green Named to Interim Committee

Oregon House Speaker Robert F. Smith, R-Burns, Wednesday announced the appointment of Jefferson County businessman and civic leader David M. Green to the Legislative Interim Committee on Education. Mr. Green, 36, is owner of The Insurance Mart in Madras. He will attend his first committee meeting at the State Capitol on Friday. Speaker Smith said "I have been impressed for a number of years by Dave's community service, his capacity for hard work, his interest in government and his obvious potential for leadership." "The Education Committee," Mr. Smith said, "will be making major policy decisions which will chart the course of education for many years to come. I expect Dave Green to make great contributions to this task."

Heppner to Condon For Friday Game

This week Heppner travels to Condon for their last league game of the season. Condon will be a tough opponent, they are big, fast, and deep. They suit 54 boys for the games. They are led by four year veterans Keith Morgan at quarterback, Frank Weatherford, running back, Ty Pryor at end, Ron Shearer at HB, and Mark Phillips at HB. Condon has the most experienced team in the league, losing only two starters from last year's squad. Tom Cutsforth did not aggravate his hip in the Sherman game, so Heppner should be at full strength Friday, something they haven't been for three games. It should be a good game with the front four having to stop Frank Weatherford's running, and the secondary covering Keith Morgan's receivers.

Sharp Drop In Deer Processing

Both Heppner meat markets report a sharp drop in the number of deer they have handled this fall. Ernie McCabe of Central Market says, "The number is way down this year. I usually handle well over a hundred by now—but have only done 55 so far." Len Ray Schwarz at Court Street Market declares he has "only had about half as many this fall as usual." He usually processes "between 100 and 130." Maybe folks are managing to handle their own deer without professional help—but indications are that not as many deer are being home processed this fall, either.

Millie Evans has returned to Heppner from Westport, Wash.

Lone Makes Homecoming Plans

During the past three weeks classes at Lone High School have taken a week to raise school spirit as best they could, competitively. The climatic week is Lone's 1971-72 Homecoming game and dance. Monday through Wednesday the students teamed together by wearing or performing as the class in charge dictates. Near the exciting Homecoming week-end the students will gather to watch the burning of the traditional Freshmen bonfire following a spirit hayride and the lighting of the "T". On Friday noon the students will decorate their cars and join in a noise parade. The Lone Cardinals will meet the Riverside Pirates for their Homecoming game Friday at 2:30. During the halftime the Homecoming queen will be announced along with her court. Lone's Senior boys will present the court with flowers, courtesy of the Lettermen Club. The Pendleton blanket will be presented by the Junior class. From 9:00-12:00 p.m., Saturday, October 23, in the Lone cafeteria the Homecoming dance will take place, sponsored by the Lettermen Club. Music will be provided by the Visual Image from Pilot Rock. The 1971-72 Homecoming queen will be officially crowned and her Court announced.

Mr. and Mrs. Bernie Altishin surprised her sister, Mrs. E. E. Gonty and family Friday evening, Oct. 15. They were returning to Portland after a hunting trip into the John Day country with Mr. and Mrs. Fayne Ely also of Portland. Mr. and Mrs. Ely visited his folks, Mr. and Mrs. Franklin Ely at Lone. Mr. Altishin is manager for Montgomery Ward's Farm Store, and Mr. Ely is the outdoor manager for Ward's store in East Portland.

Gem and Mineral Meet on Saturday

The October meeting of the Morrow County Gem and Mineral Society is to be this Saturday, Oct. 23, at 7:30 in the former library building on Willow St.

Mr. and Mrs. Charles Ruggles will show slides taken in the deserts of California and other places they visited last winter. All society members are urged to attend.

Fire broke out yesterday afternoon in the garage at the D. O. Nelson country home on Hinton Creek. The small fire was extinguished by Dallas Craber. Minor damage was done, according to Fire Chief Forrie Burkenbine.
