

Remember the Birds Is Plea of Garden Club

The Heppner Garden Club has arranged a Christmas window in the Degree of Honor building that should serve as a reminder

er to everyone on how to remember the birds during the cold winter months. Most of us are not equipped with ice free bird baths, but the feathered friends will enjoy having warm water poured into the bird bath or bowl. Include near the bird feeder, suet bags or hunks of suet and a pine cone filled with peanut butter. Wild bird seed can be purchased or a mixture of cracked corn and wheat is good fare in the feeder. These are all part of the Garden Club's "Christmas for the Birds." The window was arranged by Mrs. W. H. Wolff, Mrs. Ida Farra, Edwin Cutting and Mrs. Charles Beard.

MR. and MRS. STEVE JOHNSON

Marcia Jones is December Bride

Marcia Ann Jones, daughter of Mr. and Mrs. Floyd R. Jones of Heppner, became the bride of Stephen Reid Johnson, son of Mrs. James Porter and the late Ronald Johnson on Dec. 11 at 2:30 p.m. The ceremony was read by Rev. Jay Hoffman, at the First Christian Church in Canby, Ore.

The couple will reside at 200 N. E. 4th, Apt. 22 in Canby, Ore. The bride is a 1969 graduate of Heppner High School and her husband graduated from Pendleton High School in 1968.

Brotherly Love
What won't a brother do for his brother? Guests were somewhat horrified during the most solemn part of the Liz Stephens-Bob Morris wedding to have a "tittering" come from the front part of the congregation. It seems that Bob's brother on a pretext of shining Bob's shoes, wrote "Help Help" on the soles of the bridegroom's shoes. Then as the young couple knelt at the altar, part of the guests could see the message and no wonder it set them to "tittering".

More Atlanta
While we were in Atlanta we took a tour of the area that took us to Stone Mountain, one of the wonders of the world. Granite from this behemoth has been used in all the state capitols and the Panama Canal. We took the train ride around the base and the tram to the top. From this breath taking spot, we could see 20 or more towns. Atlanta 20 miles away has a beautiful skyline with its high buildings.

Enroute back to Atlanta we saw some gorgeous million-dollar estates! One home was built on one-fourth of an acre that cost \$65,000. Wow! So much money scares me . . . it was good to get back to Heppner!

Bonnie Clow is real good with dogs and kids. She has started her 4-H club and has a few more spaces for additional members if anyone else would like to join. She says that if enough adult interest is shown, she would instruct a class in dog obedience. Anyone interested might give her a ring and talk with her about it.

New Rock Display

Mrs. Paul Miller has changed the Rock Club's display cabinet at the Courthouse again. This time she has four frames of cabochons. These she tells us are highly polished forms cut from rock slabs. Those on display have been cut from sagenite (agate embedded in quartz), Friday plume that is found in the Friday bed this side of Madras and two frames of Carey plume. This is found on the Carey Ranch down by Prineville.
