OREGON'S TRUST FUND GIVING IS TRIPLED

LaVerne Van Marter Jr. is in his 5th year as chairman of the Elks National Foundation Committee of Oregon State Elks Ass'n. Primarily his is a task of fund raising. He works with all the lodges in the State to acquire contributions from the lodges as well as individual members. A \$100 contribution provides life membership in the National Foundation.

Oregon's contributions of \$10,000 in 1967 grew to \$30,785 in 1971 and Mr. Van Marter says, "It will be more than that this year". He has lots more help in the program than when he first started, he says.

The contributions go into the National Trust Fund. The principal is never touched and the earnings provide scholarships. Scholarships are pro-rated back to the states on a stated formula proportion to the amount of contribution. Oregon has 9 scholarships as

compared to 5 only a few years ago. There are 4-year scholarships of \$200.

Elks also have an educational grant program based on need for children of deceased Elks. Five percent of 1971 dues in Oregon last year.

However they did not expect to find so much snow and ice and muddy roads in this area so took off for Bull Prairie and expected to have better luck there.
