DOTS JOTS

All good things come to him...or her who waits! It came to me this week with the arrival on my desk of five letters from students of Audrey Jones' afternoon class that visited the GT last week. For the most part they had written the

letters themselves or at least dictated them. They said such nice things like: Thank you for putting our names in the paper, thank you for the newspaper you gave us, thank you for our names on metal, I like your typewriters and finally one little girl said "I like you". I cry easy! Usually it's Hazel Mahoney who plants the pretties in the planter at the Mahoney and

Abrams office. This year because Hazel is still wearing her cast, it was Phil who planted the geraniums.

MY APOLOGIES TO MURRAYS I was so thrilled with Beth Horn's flower identification book that came out recently, I just wanted everyone to have a copy. Certainly if I had thought about Murray's having the book for sale, I would have dashed over there to suggest to them that they have an ad to tell people so. I really am not familiar with the books at Murray's. I have bought a couple of those beautiful \$25 books at Christmas time to give as gifts but didn't even think about their having dollar ninety-eighths!

Anyway every clerk has told me about suggesting people get the book from the publisher. No way.... MURRAYS do have the book... their 2nd order is on its way... so do run, don't walk... to MURRAYS and get the book. It is good.

Now will all the clerks at Murray's please smile at me again!

A SUMMER BOWLING LEAGUE will begin soon. Interested persons should sign up this week at the bowling alley or call Mabel or Sam Healy.
