

Ione FIREWORKS SATURDAY

Ione's annual big fireworks display is set for Saturday night at dusk at the Ione Memorial Field. The big event is sponsored by the Ione American Legion Post No. 95.

A Little League Game there will start at 6 p.m.

Ione's swimming pool will be open from 7 to 9 p.m.

All are cordially invited to come down to Ione and watch the beautiful and spectacular fireworks displays.

Columbia Basin Electric Makes Improvements

June 8 Columbia Basin Electric crews were very busy with a big job at the Sandhollow sub-station, a big 15,000 KVA transformer was used. After much coordinating between the Co-Op, Umatilla Electric and Bonneville Power, the old transformer was replaced by the new one. It will double the load capacity and eliminate danger of overload that might possibly occur during extreme hot weather when load is heavy from irrigating pumps.

The Co-Op plans to build a new transmission line from Ione to Irby Elevator north of Olex where the old Sandhollow transformer will be used as part of a new sub-station to be built.

The new Olex substation will eliminate the necessity of this area being furnished power the long distance from Fossil in the past. It will make possible alternate source of service in case of failure.

Co-op crews have been very busy the past few months when time was available eliminating the old line on the Heppner - Lexington Road and removing the poles. Mr. Robinson said this greatly improved looks of the area and was accomplished by moving the distribution lines on the same poles as the transmission on lines.

Lamar Makes Dam Report

Lamar Crosby executive assistant to Senator Bob Packwood called Monday to report on his last visit about Willow Creek Dam.

In visiting with the Corps of Engineers he felt there was a greater urgency on construction of the dam than on previous visits he had made. The Corps was complimentary on the support the community has given for the need of such a dam. They noted the support everyone had given for the need of such a dam. They noted the support everyone had given in cleaning up the mess after the May 1971 flood. They recognized the efforts of the community in the formation of a Water Control District.

Plans call for a final exploration, checking design and final information needed prior to the actual construction of the dam.

JACK LOYD SELLS HOME
Jack Loyd has sold his home on Court St. and moved to Ilwaco, Wa. where he is working on the Luke Bibby project. Mr. and Mrs. Norman Lynn of Portland have purchased the home. Mr. Lynn has returned and in March when Mrs. Lynn retires, they expect to move to Heppner. They are spending weekends here remodeling their new home. Mrs. Lynn and Mary Bryant who lives just across the street from their new home, are sisters.

Builders must register
The City has inserted an ad this week relative to registered builders. It seems effective July 1, the city can't issue building permits to residential builders not registered with the State Builders Board. This is for consumer protection. At this writing, the requirements for registration are not known.

Sign up day Today for Hopper Spray

Today (Thursday) from 1 p.m. to 9 p.m. is the day to sign up for grasshopper spraying. Monday night there were some 50,000 acres signed up. The sign up today will be in the conference room of the Gilliam-Bisbee Building, across from the County Extension Office. County Agent Harold Kerr said it is essential that the program of signing up be done immediately in order to get in on the government cost-sharing program. Contracts for aerial spraying must be let right away. Total cost is about 75 cents per acre and costs the rancher about 25 cents an acre. It was pointed out that if a private individual were to spray on his own, it might cost as much as \$3.50 an acre. And if other areas were not

sprayed at the same time, it might be very ineffective. General area of infestation is adjacent to the infested part of Umatilla County, running over to the Sand Hollow area from the county line and from the Base Line south to Hinton Creek.

Pioneer Nurses Take Cardiac Training

Five nurses of Pioneer Memorial Hospital are attending classes at BMCC in intensive cardiac care. Taking the training are: Superintendent of Nurses Nedra Smith, Marj Kinney, Eunice McElligott, Yvonne Daly and Sheridan Tarnasky.

County Court adopts land use plan

Morrow County Court has adopted the comprehensive plan and zoning ordinance. A letter has been sent to the state so that the county has complied with the state law that required all counties to have a landuse plan by 1972. If the county had failed to do so, the state would have moved in to do it. The Court said there were two reasons why they felt the county should do it themselves. 1. They felt the cost would have been higher if the state did it and 2.

the people of Morrow County were capable of writing their own plan. There was little opposition voiced at the hearings held on the land-use plan.

Judge Jones said he was sure the County Planning Commission was aware that changes and variances would become necessary but that they would be made with a minimum of red tape.

Judge Jones said last Wednesday that the Court would be working with Pat Brindle on a survey and study of low income people in relation to housing and the need that exists for hot meals for the elderly. Mrs. Brindle will be working two days a week under the direction of the Court.

Swimming starts

The coolness of the week-end banished swimming from the minds of many so the sign up for the first two-weeks session of classes at the Heppner pool are down according to Lynda Orwick, pool manager.

Following Mondays registration, there are 25 in the Beginners which has been divided into two classes. There are 14 in Advanced Beginners, 3 in Intermediate, no Swimmers and 8 in Life Saving.

The Pool Staff is appreciative of the Bulletin Board provided by the Heppner So Roptimist Club and for the clock donated by the Bank of Eastern Oregon.

Miss Orwick would ask any parents having any questions or problems, to come by the pool and visit with her.

GENE ORWICK underwent major surgery Friday in Pendleton on his knee. He was expected home about June 27.

THE NEW ERA
GET HIP!!
READ THE WANT ADS

MORROW COUNTY REPUBLICAN Organizational meeting will be held July 5 at 8 p.m. at the Greenfield Grange Hall in Boardman. Officers and delegates and alternates will be elected.

Traveling With Drugs?

If you're traveling to a foreign country this summer, be sure you know the laws of that country. Understand their interpretation and rights you have as a citizen of this country, and how those rights apply overseas. To see Europe and the heritage and history that preceded us is a rare and special opportunity. It shouldn't be abused. Above all, be sure that you end up in a room with the right kind of view.

it would assure no more trouble for many years. In one place in the Butter Creek country, there were so many grasshoppers they couldn't be counted. In some cases they are not easily seen unless a person gets right out into the fields or rides the range. Grasshoppers in this county have been hatching out since about June 1st. They are now hatching in the rangelands and then start down into the green fields. A female lays from 150 to 450 eggs.

We were informed the situation is so serious there might be no fall grasses for pasturing and it might mean early fall feeding of hay. A number of counties in eastern Oregon are infected this year and several spray programs are under way.

The spray will not harm birds but kills bees and other insects. Canada, where the freeze goes down about two feet, has infestations so the cold does not necessarily destroy too many hoppers. Cold weather at hatching time is only time of heavy kill of hoppers.

Homeowner Hopper Control

Grasshoppers have been reported in some numbers almost everywhere. Home owners have asked how to control them. A good control program is difficult because they are so mobile, reports Harold Kerr, Morrow Extension Agent.

Basically, Malathion at the rate of 1 pound per acre will do a good job of killing those in the treated area. Soon, however, others will move in from outside, making retreatment necessary, perhaps as often as 3 or 4 times to gain the needed degree of control.

It might be desirable to treat buffer area around yard and buildings for several hundred feet if possible, by air or boom sprayer. In the immediate yard where a boom sprayer cannot be used apply the chemical at the rate of 4 teaspoons of 57 percent Malathion per 1000 square feet.

Vegetables generally should not be eaten for 5 days after treatment. For hay or pasture, there is a 1 day waiting period. Malathion is very unstable and breaks down completely in 3 or 4 days.

The larger acreages are sprayed with 8 fluid ounces per acre of VLV Malathion. This material is applied in a pure form under high pressure which produces small droplets and result is good coverage.

THOMAS ORCHARDS called this week to put in their first fruit ad of the season. Unfortunately their apricot crop and pie cherry crop is a little short due to a hard frost in April when the trees were blooming. They report an excellent crop of bings and Royal Anns that are now ready.

Kickoff Dance Opens Rodeo Season

QUEEN SUSIE is her dad's right-hand man whether it's moving cattle to summer range or turning a steak.

It was a full house at the barbecue hosted by Mr. and Mrs. Raymond French at the Fair Ground Annex last Saturday evening. Guests brought the meat of their choice to barbecue on the big outdoor pit. All the trimmings were inside. Salads and garlic bread and steaks were topped off with a decorated cake. One end was white and the other chocolate. A horses head with a purple floral horseshoe wreath centered the cake. There were enough purple Goodluck horses wreaths so that each

princess and Queen Susie got one to take home with them. This preceded the Kick-off Dance which heralds the coming Rodeo season. Heretofore, the Queen has been crowned at ceremonies late in August. This year a preliminary crowning ceremony took place at the Kick-off dance. Queen Susie received her crown and will now wear it at all of the appearances. Her sister, Verina, a former Queen of the Morrow County Rodeo, performed the honors. The 1971 Queen, Michelle will be on hand for the August performance and formal crowning ceremony.

Pat Lovgren Hospitalized

Pat Lovgren, 10 year old son of Mary Lovgren has had insult added to injury. Two months ago he broke his leg. It is still in a cast when he was rushed to the hospital Wednesday for an emergency appendectomy. Gangrene had set in and now he has staph infection and is in isolation. He is in St. Anthony's Hospital.

Chamber Float Ready for Condon Parade

The Heppner-Morrow County Float will be ready to go for the 4th of July celebration at Condon. Vel Robinson announced at the Monday Chamber of Commerce meeting that it will be ready to see next Monday. Following the Chamber meeting July 3, members will go over to the old Ford garage to see it in "all it's glory". Girls riding on the float at Condon will be Marie Van Marter, Kellie Kilkenny and Linda Clough. The Brochure committee will meet Friday noon at Cal's Lounge. Members of the committee are Gene Pierce, Jim Bier, Harold Kerr, Bill Collins, Del Smith substituting for Judge Jones and Dorothy Heard. Each member has been assigned a section of the brochure to write. Cal Anderson, Walla Walla executive vice president of Pacific Northwest Waterways formerly Inland Waterways, will speak at Chamber on July 10. Boys Staters Greg Green and Dale Hedman were the day's speakers.

Drivers' License Examiner Here

Here are the dates the Oregon Driver's License examination will be held in Heppner for July, August and September. From 9:30 a.m. to 3:30 p.m. July 5; August 2 and 30; Sept. 27. at the Court-house. Those taking the test are asked, when possible, to file applications at least 45 minutes in advance of scheduled closing hours if the examination is to be completed the same day.

Chemical Blast Kills Heppner Woman

The county was saddened when a chemical blast about 9:00 p.m. Saturday, the cause of which is not exactly known, proved fatal for Maxine Ayers, 47, a 40 year resident of the Heppner area. Mrs. Ayers died Sunday at St. Anthony's Hospital, Pendleton, 24 hours after a fire, caused

by the explosion, which caused third-degree burns over 90 per cent of her body. Mr. and Mrs. Ayers were installing a counter top in a house they planned to rent.

She was born Feb. 6, 1925 at Vera Cruz, Missouri, the daughter of Raymond Pettyjohn and Opal Irby. She married Ray Ayers Dec. 28, 1941 in Heppner, and had been secretary at Heppner Elementary School since 1965. She also drove a school bus. Mrs. Ayers was a member of the First Christian Church.

Becky Fulleton National Champ

Roice Fulleton is one proud father these days. Last weekend Becky Fulleton was the winner of the National Intercollegiate Rodeo finals in Barrel Racing at Bozeman, Mont. There were over 200 contestants entered in the show and there were 42 in Barrel Racing. She was riding Rikka Tews who belongs to her sister Ruby so she gets a share of the winnings. The mare was born and raised on the Fulleton ranch and was trained by the Fulletons. Mr. and Mrs. Fulleton attended the show.

Becky has been barrel racing since she was seven years old. Her dad has been her instructor. She picked up \$90 at Mackay, Idaho on her way to Bozeman and her winnings at Bozeman were \$400. She also received a saddle and two belt buckles. She has won 14 buckles so far this year. She has completed her freshman year at BMCC and expects to go back there this fall.

Golfing at Boardman

The Willow Run Golf Course held a Rose and Thorn golf (man and woman) Sunday. Winners were Delbert and Betty Ball first; Jerry and Kayrn Peck, second; Vilmer and Barbara Hug, third.

A Rose and Thorn contest will be held every Sunday at 6 p.m. The course will be open all day July 4th. There will be a putting and hole-in-one contest. A special invitation is extended to the golfers at Lexington, Ione, Heppner, Arlington and Condon. Players are asked to bring handicaps.

John Pagan Trial to be Set

Judge William Wells will set a date for the trial of John Pagan. Pagan is accused of assaulting a girl hitch hiking to Drain as they rode from Boardman. Near 3-mile Canyon he is accused of having shoved her out of the car. Sheriff Mollahan who was in Arlington was bringing her to see a doctor at Heppner when she spotted Mr. Pagan's car at his place near the Gilliam County line. The Sheriff brought Pagan to Heppner later in the day.

Funeral services were held June 28 at the First Christian Church in Heppner with Rev. Charles Knox, Dallas, and Rev. John Smalldridge, Arlington, officiating. "The Old Rugged Cross" and "Just as I Am" were sung by Mrs. Warren Miller, accompanied by Mrs. Fred Hoskins at the organ. Casket bearers were Thomas Curran, Everett Kettley, Ronald Curran, Lowell Challey, Harley Sager, and Clint Agee. Honorary bearers were Forrest Burkenbine, Merlin Hughes, Matt Hughes, Darrel Wilson, Allen Hughes, and Dan Brosnan. Concluding services were at the Heppner Masonic Cemetery.

Survivors are her husband, Ray, Heppner; daughters: Rose Ann McClintock, Pendleton; Kathleen Ayers, Pendleton; Sharon Harp, Cornelius; sons: Rodney Ayers, Arlington; Ray Clayton, Jr., (Chip), Heppner; father, Raymond Pettyjohn, Arlington; sisters: Virginia Kliene, Missouri; Betty Kolpitts, Corvallis; brothers: Howard Pettyjohn, Heppner; Herval Pettyjohn, Selah, Wa.; William Pettyjohn, The Dalles; and seven grandchildren.

Contributions may be made to the Maxine Ayers Memorial Scholarship Fund in care of the Bank of Eastern Oregon. Sweeney Mortuary was in charge of arrangements.

Swimming Lessons

Swimming lessons got underway this week at Heppners Pool. According to Lynda Orwick, pool manager, the first set of 2-week sessions will end July 7. Registrations for the next sessions will be held July 7 during regular pool hours, 1 to 4, 7 to 8:30 p.m. and during Teen Swim 9 to 11 p.m.

Lessons are being offered in Mother-Tot training; Beginning Swimmers, Advanced Beginners, Intermediate, Swimmers, Junior Life Saving and Senior Life Saving.

Three sessions of Swimming lessons will be offered this year.

Nellie Doney Passes

Funeral services were held Monday for Nellie Doney at All Saints' Episcopal Church with the Rev. Daniel Thompson officiating. Mrs. C.C. Carmichael rendered sacred selections. Casket bearers were Ewing Hynd, Bob Lowe, Jack Hynd, Bill Lowe, Everett Kettley and Gus Nikander. Concluding services were held at Heppner Masonic Cemetery. Sweeney Mortuary was in charge of arrangements.

Nellie Doney will be missed greatly by her neighbors and many friends. She would

pop in and out of her big house with greetings to passers-by. She was always the cheerful person.

Nellie Maude Doney was the daughter of Joseph and Minnie Belle Doney. She was born May 6, 1904 at Peshastin, Wa. Her mother died when she was very small

and her uncle and aunt, George and Maggie (Hynd) Doney raised her. They lived at Gaston.

She was 14 when she came to make her home with the Hynds, William, Annie and David on the Sand Hollow ranch. The three Hynds never married. When they sold the ranch, Nellie came into town with them.

Nellie Doney liked to work with her hands. She was clever at crafts. She liked to work in her flowers and arranging flowers. She was a member of All Saints Episcopal Church.

She apparently suffered a heart attack on Tuesday. When neighbors didn't see her about the next day, they went into the house and found her lying beside her bed.

MORROW COUNTY SCHOOL Board members ponder the problem of black-topping the parking area at Riverside High School. Mrs. Herman Winter elected the new vice chairman.

Irv Rauch, Jerry Peck re-elected chairman and Principal of Riverside High School Dan Daltoso.
