**Morrow Delegates at Conference**

By Frances Rose Wilson

IRRIGON - Mr. and Mrs. Earl Isom, accompanied by Howard Crowell of Ione, attended the Oregon School Employee's Association Conference for three days last week. They lived in a dormitory on the campus of Pacific University. Mrs. Isom and Mr. Crowell were delegates representing Morrow County, and were among 480 school employees who attended a banquet given them.

DEBBIE MCCOY of Irrigon, a princess in the Morrow Co. Fair and Rodeo Court, has been having a very exciting and busy time the past few weeks and the next several weeks promise even more excitement.

During the past week she was a guest, along with the other members of the Court, at a Chamber of Commerce luncheon in Heppner on Monday. They visited the Hospital there and greeted the elderly. On Wed. the Morrow County Court toured Pendleton and had luncheon at the Elks Club. Sat., the group went to the Blue Mt. Rodeo in LaGrande, where they were guests at a luncheon given for visiting Royalty. Miss Rodeo Oregon was Guest of Honor. They returned to Heppner for a barbecue in the evening and then attended the Kick-off dance in the evening.

Rev. and Mrs. Wesley Cronk were surprised with a grocery shower Sunday. It was given to honor them for having been in Irrigon for one year as pastor of the Assembly of God Church.

**Red Cross**

**Needs help**

John Shag of the Red Cross who helped Heppner when they had their flood last year is now in Okanogan, Wa. directing operations there. Mass feeding centers were set up in a church in Omak and in the high school at Okanogan. The Red Cross was feeding 1725 workers and flood families three times a day. Disaster workers were reinforcing dikes along the river banks as warm weather melted the heavy snowpack in Canada sending water pouring into the Okanogan.

He estimated that approximately 15,000 people have been affected by the flooding. One person is dead, 2 homes destroyed, 186 have major damage and 423 with minor damage and 500 farm buildings were damaged.

The cost of rehabilitation was estimated at \$75,000 to \$125,000. Morrow County Red Cross chapter has sent in \$80 as their quota of the disaster goal.

In addition a number of individuals have left money with Judy Laughlin, chapter treasurer, which has also been sent to Okanogan and Rapid City as indicated by the donors.

Any individuals wishing to contribute may do so with Judy at Heppner TV.

MR. & MRS. EDWARD TARNASKY formerly of Milwaukee are now making their home in Heppner. Mr. Tarnasky, a recent graduate of Mt. Hood Community College in forestry is employed by Eastern Oregon Logging as a scaler. Mrs. Tarnasky, daughter of Irene Wyman, is a registered nurse and is employed at Pioneer Memorial Hospital.

MR. & MRS. BOB LOWE were supper guests of Mr. and Mrs. Charles Heard Friday evening. Visiting with the Heards is Mr. Heard's mother, Mrs. Thomas Young of Milton-Freewater.

Mr. and Mrs. Lowe told fascinating happenings from their recent trip to England. Bob couldn't get over the moisture that kept everything so green and luxuriant. The flowers were similar to those growing here. They took an 8-day train trip which they especially enjoyed. They stayed over each night at a Guest House where they sat in the living room with the host family. This brought them close to the English people in the by-ways away from the super market and big cities. For the most part they visited relatives. They loved every minute of their trip except for the near-disaster at the end when their tour went bankrupt and they were forced to buy new tickets to get home.

The flower pots along Main St. are getting more beautiful...the pink and white one on Murrays Corner is most beautiful.

I've wanted to golf for a long time. Charlie says I can golf all I want to but leave him out of it. So a long time ago I decided if I had any extra time I'd work in my garden instead of golfing.

A couple of Saturdays ago when I was waiting to get some pictures at the Willow Run Golf course at Boardman, I went around the putting green about 10 times. I have never had such a good time waiting to take a picture.

I kicked off my shoes and that soft grass felt like velvet. Dallas Wilson watched me awhile and said I was left handed...which I'm not but I discovered that since I held the golf left handed and if I hit left handed it was really easier and FUN. I wish the people had taken longer to come for that picture!

**Educators attend Workshop**

Willamette University in Salem was the setting of the State Dept. Small Schools Workshop, June 12-16. Three members of the Heppner High staff, Jane Rawlins, Dennis Toney, and Vi Lanham attended the conference.

The purpose of the workshop was to find ways of individualized instruction that would fit the needs and wants of each school represented by those attending. Consultants from all over the United States represented all areas of the curriculum.

Each morning there was one speaker, and the rest of the day was spent in individualized instruction, giving those attending an opportunity to fit the ideas presented into their own situations.

One of the speakers heard was Dr. Bill Georgeides, head of the Model Schools Program in the United States. "The conference was really great—I learned a lot and I got a lot of ideas that I am hoping to use," Mrs. Rawlins said enthusiastically.

**Mrs. Griffith Travels**
