Park Tour at M-F

July 10th four members of the Ione Garden Club accepted an invitation from the Pendleton Dirt Dabbers to accompany them on a tour of Marie Dorian Park in Milton-Freewater. Mrs. Wallace Wolff, Mrs. Van Hubbard, Mrs. Lee Pettyjohn and Mrs. James Driscoll had a very pleasant day. The Pendleton members all gathered at the home of their president, Merlene Harrison, and were joined at the entrance to the park by members of the Milton-Freewater Garden Club. There were 35 Garden Club members present, and the tour was led by Fred Eling, a retired teacher.

The Park is quite new, but has 76 concrete steps up the side of the hill — all of these steps have printed on them the names of a pioneer family that settled in the Milton-Freewater area. The first two steps have Marie Dorian and her husband, Pierre Dorian, on them. Another 20 steps are being readied for more names; and at the top of the hill is a memorial monument. Trails in the park were marked with the different flora of the area, and our guide said it was much prettier about a month ago when most of the wild flowers were in bloom. One of the park attractions was a rare Dinko tree. They hope to have water available soon, as then much more can be done toward beautification.

Following the tour of the park, the members of the garden clubs were guests at the country home of Mr. and Mrs. Wm. G. Bade, Milton-Freewater. We had a salad luncheon in the garden, and Mr. Bates showed us around the estate answering all our questions about the many trees and plants in the beautiful yard.
