

Wranglers Have Super Big Crowd at Breakfast

Dick Schlichting said Monday that the Wranglers had done well at the annual Cowboy Breakfast Sunday morning at Library Park. Well over 500 were fed and over \$100 more than last year was taken in. "As last year 100 pounds of potatoes were prepared for the hash browns. Shortly after 9 o'clock they were gone, then after the syrup was gone and the eggs were getting low, we closed up which was a half an hour early," Dick said.

Mary Schlichting, Gwen Healy and Alice Vance were on the steering committee. To these three a big thank you from President Dick Schlichting and to every one who showed up to work as scheduled.

This is a fun affair. The wood smoke which smells so good coming from the stove pipes of the old cook stoves mixes with the tantalizing odors of ham and coffee. The food tastes extra super out there in the park. As the morning grows warmer, the eaters seek out those tables in the shade. Old friends enjoy visiting.

It was a tearful moment for Queen Susie's grandmother, Mrs. Rose French Francis of Irrigon, on Saturday when her grand daughter presented her with a dozen American Beauty roses and dedicated the Saturday show in memory of her grandfather, the late Herbert French. Her son, and Queen Susie's father, Raymond French is assisting her.

I'm something of a flag waver, I guess, but I earned the right to be one. I love the national anthem at the Rodeo with the flag flying and the banners and all the colors of the courts and cowboys.

At Saturday's show way behind the bucking chutes next to the back fence rode a cowboy all by himself. As he rode he held his hat over his heart during The Star Spangled Banner. That was wonderful!

Charlie was selling tickets at the rodeo Saturday morning and then at the Wranglers Breakfast on Sunday morning. A woman to whom he'd sold tickets on Saturday said to him when she saw him again Sunday "Whenever there's money changing hands you're there!"

Robert DeSpain is so proud of his new daughter born Monday morning. He says she was born with her fingers in her ears! Linda had played cymbals in the Fair parade on Saturday!

It's so nice to have the Ted Smiths home again. Two years ago, they had a tomato planted in their garden. We watched it grow. They told me I could have all that grew outside the fence. (I got some). After the flood I thought they needed a tomatoe growing in that flower bed again so I took them down a tomato plant along with some snapdragon plants.

This spring I looked over the fence frequently to see if they had "our" tomatoe plant started. Never did...until I chanced to look over the fence about 10 feet sooner and there was the tomato plant.

Melons Donated for Fair Eating

A popular attraction at County Fair was free watermelon for all, provided by the Clarence Frederickson family of Irrigon. Ice to chill the melons to perfect eating temperatures was donated by the Morrow County Grain Growers.

The Fredericksons, former Heppner residents are harvesting a bountiful crop from their acreage planted to melons this year. Their delicious melons were enjoyed by 4-H'ers—and everyone at the county fair.

Thanks to Clarence, Virginia, Vernon and Gary Frederickson for their generosity! 4-H appreciates!

RON RILEY attended summer school at EOC this summer. An English teacher at Heppner High School, he was working on his 5th year. Mrs. Riley taught elementary summer school for 4 weeks at Heppner Elementary.

They enjoyed a vacation trip to Montana following summer school.

Visitor From India Enjoys First Rodeo

Dr. Sarah Kashi Ram, Bangalore, India was a guest Saturday and Sunday at the home of Mrs. John Graves, Heppner. Dr. Ram arrived just in time for the Morrow County Rodeo, which she enjoyed very much," Mrs. Graves reported.

Dr. Ram is principal of the Baldwin Girls School in Bangalore, a Methodist Mission School with an enrollment of about 900. The school is supported by the tuition from the students, with girls of Hindu, Muslim and Christian religions attending the school.

Mrs. Graves and Dr. Ram first became acquainted when Mrs. Graves visited the school in 1971 when her retired cousin, Mrs. Boyd Graves, was teaching there.

Every six years, Mission teachers in India are granted a sabbatical for travel and educational purposes. Dr. Ram chose to come to the United States, hoping to see more of the country this time than she did when she attended George Peabody College in Tennessee where she received her doctorate.

She left India about one month ago and visited Thai-

land and the Philippine Islands before arriving in this country. She left Morrow County Monday on a bus headed for Wyoming and other parts of the United States. Dr. Ram had never been on the West Coast before, but on this trip she not only

was able to do that, but saw Mrs. Graves and her first rodeo, too.

One of the highlights of Dr. Ram's stay in the country will be visiting Mrs. Boyd Graves in Indiana before going to a convention in New York, after which she will return to India.

VAN SCHOLACK'S VISITOR
