4-H Snack Shack has Successful Season

One of the busiest spots at county fair was the snack shack, operated by volunteer parents and leaders, to provide quick meals for every one busy with fair activities. Mr. and Mrs. Merlin Cantin served as chairmen and purchasing agents.

The snack shack, owned by the Morrow County Fair, is leased by 4-H each year during fair. Proceeds from the operation of the shack are used to pay expenses of the South Morrow 4-H council.

North Morrow leaders cooperated this year and one third of the net profit will go to the North Morrow leaders to support their 4-H activities. The snack shack had a very successful run this year. All parents, leaders and friends as well as the chairmen, deserve a big vote of appreciation for their efforts.

Judge Gives Tips for Flower

The flower superintendents of the Morrow County Fair, wish to thank all those who entered in this division this year. Here are a few of the suggestions presented us the past several years, in the judging, which we are handing on to the exhibitors, in hopes it will help prepare the exhibits and encourage more entries. In cases where the flowers are not up to a first place standard, two seconds were given, and in cases where the judge felt them equal in value and beauty two first places were given.

Cut flowers used for exhibiting should be clean, healthy and bright, not faded, stems straight and strong. When exhibiting a one bloom specimen, the bloom should be disbudded and some foliage added. Foliage should be bright, not faded, and clean. Where the book states one or two sprays several flowers, be sure not more than 2 are entered as they will be disqualified. When entering a division called for 3 stems enter only the stated number, or they will be disqualified.

Houseplants should be entered in clean containers, with leaves and blooms clean. A good flower arrangement must meet certain requirements, definite line, form, pattern, texture and color. A container should be suitable for the texture of flowers classification entered. The arrangement should also have good healthy flowers and be completely finished.

TWO FORMER QUEENS

Reigns in Retrospect had the wrong identification on the picture of Margaret Becket Buschke. She was queen in 1931. The picture of Inez Hayes Gentry was omitted. She was queen in 1928. We are so sorry. Somehow Ruby Thornburg Becket's name was printed and she was a princess on the 1928 court.
