**Irrigon Council Seats Open**

By Frances Rose Wilson  
When the Irrigon City Council met Sept. 12, it was brought to their attention that 3 council seats will be up for re-election in November.

Those whose terms will expire are Elbert Eppenbach, Elva Sanders and Vernon Stewart. Forms for candidates petitions can be obtained at Recorder Ruth Coy's or Mayor Chester Wilson's homes. Mayor Wilson and 2 Council members, Dorothy Irish and Felix Friend have 2 more years each in office. The office of Municipal Judge held by Vestie Elgin, whose term will expire, will also be filled by election. This is a 2 year position.

There was discussion on the paving of a 200 foot strip of street on 10th St. entering the park on the Columbia River. A 20 ft. strip would cost about \$2,000 if paved by the contractors while the parking lot and park road is being done by the contractors. The opinion of the Council was not to have it done at this time, as it would deplete present street funds and was not included in the present budget. It will be oil surfaced or paved at a later date.

Mayor Wilson reported the 10th St. railroad crossing has been planked and is open for traffic, lacking only 2 RR warning crossbucks and paving which will be done next spring.

Current Board of Health requirements on extension of City water lines was discussed. Two extensions being considered on 9th St. and 13th will be delayed, pending their approval, since it is necessary to have their approval on all extensions.

Adoption of the short form building code, recommended for small cities was deferred to the Oct. Meeting. A qualified building inspector will be needed when this is approved.

It was noted that several new homes are being built, now and others remodeled extensively.

**That's when lower Long Distance rates begin on weekdays.**

The best time to share the good times in the northwest is after 5 PM on weekdays. That's when lower Long Distance rates begin. And that's when you're likely to

find friends and family at home. So go ahead and spread the good word. Long Distance calls get people together.

Dial it yourself rates apply on calls placed with an operator where dial facilities are not available. Dial-direct rates do not apply to coin, credit card, collect, person-to-person, and hotel-guest calls, or to calls charged to another number. Lower Direct Distance Dialled rates apply anywhere within the continental United States, except Alaska.

**It's 1973, and Chevrolet roofs are opening, seats are swiveling, bumpers are retracting, hatches are flipping up.**

Did you ever have so much to talk about that you didn't know what to say first? We're happy to report that's us for 1973. But since everything must begin somewhere...

**Isn't it romantic?**

You see that rectangle beaming at you from above? That's a moonroof. Not to be confused with a sunroof. (Although many people will undoubtedly be caught using it like one.) A power roof is available on Chevelle and Monte Carlo; a manual one on Nova.

**Bumpers are exciting?**

This year's are something to get

stirred up about. One of our new bumpers, for example, is built around twin hydraulic cylinders. So on minor impact, the whole system retracts to cushion the shock.

It's standard on all big Chevrolet, Chevelle and Monte Carlo

models. Nineteen different models to choose from.

(above) Caprice Coupe. Our new uppermost Chevrolet. Its luxury, comfort and quiet ride rival the most expensive cars you can buy.

(below) Monte Carlo S Coupe. America's newest road car. With the handling of the finest European cars, and the looks and comfort of an American car.

New Nova Hatchback Coupe.

**Look what we hatched**

You know us for our little Vega Hatchback. Now dependable Nova has one. Which literally makes it half trunk with the backseat down. It's a feature as practical as Nova itself.

**We've been thinking about your legs**

One of the few things people asked us to improve in our popular Chevelle was leg room in the backseat. Well, your knees will be pleased with the '73s. There's almost 3 1/2 more inches in the sedans.

**So what else is new**

Naturally this is only a taste of what's new for '73.

Among other things, we're introducing larger gas tanks for longer cruising range, a new Exhaust Gas Recirculation system, a hatchback for wagons, and a highly refined flow-through power ventilation system.

Plus a reading light for front seat passengers, improved suspension systems, engines that give you performance combined with gas economy, reclining seats and scores of dramatic styling changes.

We invite you to see it all at your Chevrolet dealer's.
