

Boardman Honors Ed Kuhns

By MARY LEE MARLOW

Seventy four persons attended the reception in honor of the golden wedding anniversary of Mr. and Mrs. Ed Kuhn Sunday afternoon at the Greenfield Grange hall. Hosts for the affair were their son and daughter-in-law, Mr. and Mrs. Wayne Kuhn and daughter Casey, and Jill Ayling, niece of Mrs. Wayne Kuhn.

Mrs. Wayne Kuhn cut and served the three tiered cake topped with the numeral 50, and decorated with clusters of gold grapes and bells. Casey Kuhn poured the coffee, and Jill Ayling served the punch. Mrs. Rollin Bishop had the guest book. Assisting in the kitchen were Mrs. Donald Baker, Mrs. Hub Warren, Walter Hayes, Mrs. Roy Ball, Mrs. Frank Marlow and Mrs. Bishop.

Edward T. Kuhn and Margaret Bernice Wootan were married Sept. 20, 1922 in the old Cowat house at Tombstone, Ariz. They lived in Arizona for some years, then going to Ontario, Calif. and back to Wilcox, Ariz. They then went back to Pasadena, Calif. for several years, they came to Oregon maintaining the equipment used to build the highline. One winter they stayed in the Shaniko Hotel all by themselves just for keeping the fires going. They came to Boardman with the project and when it was completed they stayed on in Boardman

and opened a garage, since Boardman did not have one at that time. Their son Wayne has been associated with them in the garage. The Wayne Kuhns have two daughters, Pamela at the University of Oregon and Casey a senior at Riverside. They have another son, Edward, Jr., who teaches in Tucson, Ariz. They have three children Maureen who is married and lives at Leontostown, Ill. Kathy with the Navy stationed in Maryland and Dick still at home. The Arizona Kuhns were not able to attend the reception.

When the town of Boardman was moved due to the building of the John Day Dam, Kuhn and his son Wayne built the first service station on the freeway in connection with their new garage in the fall of 1962.

Mr. and Mrs. Kuhn are avid fishermen, in the river or lakes. Not so much any more but they used to go deer and elk hunting. They are rock hounds. Mr. Kuhn makes jewelry, pen stands and table tops from the rocks.

Mrs. Kuhn says "Ed works more now that he has retired than he did before."

BOARDMAN GARDEN CLUB met Monday night of last week at the home of Mrs. Leo Root. Roll call was answered by telling about vacations.

Mrs. Roy Ball opened the meeting with the devotional.

"Consider the Cornet" taken from Our daily Bread.

Announcement was made of the Blue Mt. District No. 10 fall meeting to be held in Pendleton Oct. 4 at the Elks Club.

Hazel Carpenter presented an article on the history of the Goldenrod.

HUNTERS

PLEASE
RESPECT THE RIGHTS OF OTHERS

IF CAMP FIRES ARE PERMITTED on lands where you plan to hunt then make sure the fire at your hunting camp is built in an open spot which is free from flammable material such as dry grass or forest litter. Camp fires are not to be left unattended, and must be completely extinguished before leaving your camp to hunt.

FIRES are not permitted outside your camp area during the closed fire season. The season will not end until general statewide rains occur and an official proclamation is issued terminating the fire season.

If you smoke in the woods do so in a safe place. DO NOT smoke while traveling on foot or horseback. Stop, clear a spot, then rest and enjoy your smoke. Don't flip cigarettes and cigar stubs or pipe ashes. In the spot you have cleared grind the ashes or snipe into the earth with the heel of your shoe.

The weeds, grass, brush and timber may be wet now, but a few hours of sunshine will quickly dry them out.

District Foresters, Forest Rangers and Range Managers are asking your cooperation this year to protect your hunting areas and to **KEEP OREGON GREEN.**

Good luck! — Hope you get your buck, fellow hunter.

KINZUA CORPORATION

Use Igran early this fall and you'll even have a chance at cheatgrass.

We say a chance, because Igran® herbicide doesn't promise to be always as effective on cheat as it is on other weeds. Like henbit, gromwell, tarweed, dogfennel, purple mustard, chickweed, bedstraw and other problem weeds in wheat.

But if you get Igran on before cheat emerges, or at least while it's small, the chances of controlling it, or suppressing it enough to make a good crop, are darn good. Which is something none of the other wheat herbicides can offer.

Besides, it only costs a bushel or two more to have a chance at cheat. And you don't need much suppression to make that up.

Even if cheat isn't your problem, Igran can still give you better control of many of the weeds that are. Because you can apply it early, when weeds are small and easier to kill. And before they can compete for nutrients and moisture.

It's hard to believe how many bushels are lost just waiting to use post-emerge chemicals. But with Igran you don't have to wait.

See what a difference it makes to control weeds early. And see if the difference doesn't easily make up the bushel or two difference in the price of Igran.
