**Another Old Timer Recalls**

A recent Heppner visitor was Joseph Mason, the eighth child of Morrow Pioneer Joseph Mason who left Portugal in 1843 and arrived in San Francisco in 1845. He left his home in Portugal to avoid military conscription—sailed around the Horn and jumped ship at San Francisco. He was working in the Sacramento area at the time of the California gold rush. After the gold fever cooled, the first Joe Mason came to Salem, Oregon where he worked for the Bush family pioneer bankers. He married and then with his bride came

**Two Travel Together**

Ida Farra has returned home after a trip to California. Together Grace Drake, and she drove to Stockton, Ca. where they visited the Don Drake family at San Jose, they visited Ida's brother, August Wiest. Here the two went their separate ways. Grace to enroll at her school at Berkeley and Ida flew to San Diego to visit her son, James Farra and family. He had recently returned from six months sea duty on the USS Sterett. He is a Navy career man.

Highlights Ida says were her trip to Disneyland and spending time with her three grandchildren. The youngest one now six months old she had never seen. Ida visited a niece Mrs. Richard Delaney in Portland before returning home on Monday of this week.

Sometimes I agree with Herman Bietell that the old way of printing the paper was better than the new... The pictures came out dark again last week. At least some of them did. It was a real good picture of Mary Eleanor Gilman in the Soroptimist picture taken at the Trade Fair last week and then it came out so dark in the paper you couldn't identify her. I guess all we can do is keep trying.

**That's when lower Long Distance rates begin on weekdays.**

The best time to share the good times in the northwest is after 5 PM on weekdays. That's when lower Long Distance rates begin. And that's when you're likely to find friends and family at home. So go ahead and spread the good word. Long Distance calls get people together.

Deal if yourself rates apply on calls placed with an operator where toll facilities are not available. Disdirect rates do not apply to coin, credit card, collect, person-to-person, and hotel-guest calls, or to calls charged to another number. Lower Direct Distance Rates apply anywhere within the continental United States, except Alaska.
