Dr. Wolff Honored

Dr. and Mrs. Wallace Wolff spent a week in New York City where Dr. Wolff attended the National Convention of American Academy of Family Physicians. Dr. Wolff was elected as one of 21 doctors in Oregon to be a Charter Fellow of the Academy. This means that a family physician is now recognized as a specialist and 33 of the 50 state universities now offer a specialty in Family Practice. The graduation and presentation of honors at the convention's end was held in Madison Square Garden.

The Wolff's spent a week visiting friends and relatives and doing "fun things". They attended Radio City Music Hall and saw the Rockettes and also attended the Boston Symphony.

Among those visited were Dr. Wolff's mother, his brother and sister-in-law, Mr. and Mrs. Fred Wolff, Mrs. Wolff's sister, Sister Mary Salvator, and Mrs. Wolff's former roommate whom she had not seen since her wedding.

Mrs. Wolff said the autumn colors as they drove through Wisconsin were really beautiful.

Sad -- Bad

Due to a lack of interest of the parents of our Cub Scouts, we are going to have to disband our program. We have about fifty interested boys for Cubs and Webelos with one interested parent to act as a den mother and one to act as a den mother coach and trainer. The parents who put this program together two years ago have all taken on new responsibilities and various other work loads that will not allow them to continue their efforts to have a Cub Scout Pack in Heppner. In addition to this, their boys have almost all advanced into the Boy Scout group in which they naturally have a greater interest.

It will be a great loss to the boys of Heppner to lose Cub Scouting but without proper leaders there is just no way to keep it going. There is no way to operate a Cub Scout program with the number of boys that we have and put them all in one den. It wouldn't be fair to either the boys or the leaders. Our Christmas tree outings last year will long be remembered by all of the Scouts, Cubs and parents who took part. There were some younger boys that had never been to the mountains to do that sort of thing. It was a great experience seeing all of the kids selecting trees for their lot and playing in the snow.

Mustangs Sink Rockets

By GREG GREEN

Pounding back the Pilot Rock defense in three long drives, Heppner scored three times to win their fourth game of the season last Thursday 19-8.

QB Jerry Gentry made good the first score of the game on a 1 yard run in the 1st quarter. This capped a drive of 56 yards in 11 plays. Rick Drake kicked for the PAT.

Pilot Rock put themselves on the score board in the 2nd quarter when Dale Bonando passed for 7 yards to Bob Murray in the end zone. Bonando then threw for the 2 point conversion.

Heppner's final two scores were in the fourth quarter, the first on a 1 yard run by Mike Bergstrom which followed a 43 yard drive set up by a Kenny Eckman interception. Allen McCabe capped a 57 yard

drive in 10 plays by running the ball over from the 1 yard line. The conversion attempts failed in both final scores.

Mike Bergstrom led the rushing for the Mustangs with a net total of 60 yards. Allen McCabe followed with 51 yards. Dale Hedman had 32 and Matt Greenup wound up with a net total of 20 yards.

Gentry completed 6 of 11 attempted passes for 65 yards and had only one pass intercepted. McCabe was 0 for 2 with one interception.

Long Range Plans Okay; Serial Levy Vote Set

Morrow County School District R-1 board members voted unanimously Monday evening to accept the recommendations of the Long Range Planning Committee.

To finance the first three steps for remodeling and improvements, the board decided to present a 3-year serial levy to the vote of the people on Dec. 19. The levy of 1.69 per 1000 TCV would be required to raise the necessary \$150,000. for each of the three years. Superintendent Ron Daniels said that it would be less because according to Assessor Joyce Bergstrom, the value of all property on the tax rolls this year has increased two million over last year on which figures the \$1.69 rate was computed.

The board voted to ask for new price quotes from 4 or 5 companies for school district property insurance for 1973. Each will bid on exactly the same program. A Portland firm has written a policy for all the districts in Oregon. It is believed their price for Morrow County could be secured for \$4000 to \$5000. less than the district is now paying.

The new quotes should be available for discussion at the November board meeting. The present policy expires Jan. 1, 1973.

The school district auditor will attend the next board meeting also.

There was one negative vote opposing the board's position on Ballot Measure No. 9. The board voted in opposition to the measure.

John Matthews of Irrigon was appointed to fill out the term on the school board until the next election. Mr. John Brandt resigned due to his working hours he was not able to attend board meeting.

Clint Agee and Hal Whitaker appeared before the board to ask if Elks members who are teaching and going through the chairs might count the days at the State Convention as emergency leave. The board made no changes in board policy and said they didn't feel that such an absence could be considered "emergency".

The lone High School requested as a field trip, a Business Education visit to First National Bank in Portland. The bus trip would be for one day the cost of \$79.50.

The instructor, Miss Donna Waibel worked there last summer.

The board gave tentative approval with details to be presented in the November meeting for final approval.

Jerry Peck and Pauline Winter reported that multi-year contracts were being practiced in some districts for classified employees. They attended an OSBA Consultation Workshop for teachers and classified employees.

Mr. Daniels announced the following meetings: Consultation meetings Oct. 17 at Lone, Oct. 24 at 8 p.m. at Heppner High School, Nov. 7 at 8 p.m. at AC Houghton.

Navy okays Sand Blow Bid

The sand blow, long a hazard on the Bombing Range Road, is to be stabilized. The U.S. Navy has awarded a contract for the work to George Ward & Associates of Portland for \$9,600.

This is an initial contract intended to stabilize some 35 acres. Kenneth Batty will provide water for the project from his ranch nearby. Pulp mill sludge will be barged up the Columbia by Crown-Zellerbach Corp. Hermiston's sewage plant will provide digested sludge which also will be placed on the sand. This will then be seeded. Best test results of the experiments will be used to complete the stabilizing process on the rest of the 300 acres of sand blow area. The test will run through this winter.

Political brochure has errors

the public."

Sumner, a Morrow and Gilliam County rancher long active in school board affairs, and his opponent are seeking elective office for the first time. District 55 is a new district, resulting from the 1971 reapportionment stretching from Morrow County on the east to Clackamas, Linn and Marion Counties on the west.

"I commend the Sears, Roebuck Company for its public spiritedness in publishing "We The People," Sumner said, "but it seems to me that in order to protect the voter from such obvious misrepresentations that the Secretary of State should edit such publications very carefully before permitting their distribution."

"Either this was not done," Sumner went on, "or not done adequately enough and it is unfortunate that it is the voter who will suffer because of it."
