

### No News On Bombing Range Move

By Mary Lee Marlow  
Rupert Kennedy, coordinator of Port of Morrow, told the port commission last Thursday evening that there were no new developments concerning the relocation of the Navy Bombing range, other than that the Navy is studying other sites for possible relocation of the 50,000 acre range. However, the port is continuing its campaign for the relocation, Kennedy stated.

The move is needed to make way for the site of the Portland General Electric Company nuclear power plant as the Atomic Energy Commission has told the electric company that the nuclear plant and a bombing range would not be compatible.

Kennedy also pointed out that the relocation is needed not only for the nuclear plant, but for development in intensified farming. He said Morrow County has 13,000 acres under irrigation this year and will have an anticipated 25,000 acres irrigated next year.

Should Portland General Electric be unable to build at Boardman, a spokesman for the company has said they have other site investigations underway in Eastern Oregon. Among those mentioned were Eight Mile Canyon southeast of Arlington, and Cold Springs and Juniper Canyon, Northeast of Hermiston. The Umatilla County sites would use the coolant water for irrigation the same as the Morrow and Gilliam county sites.

Recently Rear Adm. John Tierney visited the Boardman Bombing Range, and according to Herman Winter, Heppner, Port of Morrow attorney, the admiral was interested in "Smoothing out" some public relations problem in connection with the bombing range.

The Navy has asked the Stanford Research Institute to study possible other sites for relocation of the range.

Riverside played good defense in their game with Echo Thursday afternoon "but not good enough" according to Coach Don Hendrix. "They had a heck of a time beating us". The Cougars were inside the Pirate's 16 yard line three times in the first half but failed to score due to the extra fine defense of the Pirates. Mike Proctor and Darrel Pummel both turned in a good performance.

### Irrigon Council Meets

By Frances Rose Wilson  
IRRIGON COUNCIL MEETS  
A 50 foot strip of land has been dedicated as a public right of way in Irrigon, West of Ordinance Road. The Irrigon City Council adopted a resolution at the Tues. night meeting to accept a deed for a 25 ft. strip of land that runs North and South between Utah and Calif. Avenues, from the West Extension Irrigation District. Ray Phillips deeded a 25 ft. strip of land in 1970, allowing a 50 ft. right of way, to be named South 3rd St.

Finally I've seen a Universal Gym. For two years I sat through school budget meetings at Pilot Rock when the Phys Ed departments asked for a Universal Gym. Finally on the 2nd year it was left in.

Same song for two years at Heppner and this year the district bought one for each of the three school attendance areas.

Monday when I went to lone for the school board meeting I went through the gym during their Play Night Kids and adults were having fun and I SAW the Universal gym that I'd heard of so long. Universal Gym may be a trade name but the idea is similar on all of them.

Later I got to try a few of the stations and I am afraid I might be just as enthusiastic as the coaches about it. Like practicing the piano, there would be a certain amount of self-discipline at working out on it regularly. The stations work on pulleys and weights so really you're working against yourself. I can see where it would tone up or tone down these flabby muscles. Weights start out with 10 pounders and gradually work up to HEAVY ones...for the football boys.

Every year we raise these little sugar pumpkins so our grandboys can have auto-graphed jack-o-lanterns. We scratch their names on them while they are green and the scab forms. It costs a mint to send them to Gold Beach...but this week we had better get with it!

Mrs. Eldwood Cannan went to Pendleton Wednesday where she brought home Mrs. Linda Lucas from St. Anthony's Hospital.

Low was won by Liz Moles and Lee Bailey. Pinocholes were won by Terry Todd and Herb Luper. The door prize was won by Denzil White. The hall was decorated for hunting season and stew, biscuits, and crackers were served.

Mrs. Judy Warming and children Craig and Jolene went to Prineville Friday for dental care for Craig and Jolene.

Application and plans for a Mobil Home Court and drive-in business were submitted by Ted Wilson and reviewed by the Council. No action was taken, pending approval by the planning commission.

Planning Commission Chairman Perry Pummel reported a request for a zone variance had been received from Fred Walker. A hearing on this has been set for Oct. 24. Ted Wilson's plans will also be considered at this time.

The Nov. Council meeting will be held on the first Tues. instead of the usual 2nd Tues. as the Council members will meet to poll the election ballots on that day.

Recorder Ruth Coy reported that no filings had been turned in for the 3 Council positions or for that of Municipal Judge, to date. Petitions or filings must be in her hands 15 days prior to election. Oct. 24th will be the last day for filing.

The Council accepted with an expression of regret, the resignation of Mrs. Coy as recorder. She gave poor health as her reason for resignation. She will continue until a successor can be obtained.

A letter will be sent to the West Extension Irrigation Co. asking that they clean up their property on N. Main St. since criticism has been received concerning the condition of the buildings and accumulation of junk on the property.
