

Garden clubs explore Preservation of Native Plants

By MARY LEE MARLOW

Garden Club members of Blue Mountain District No. 10 went on a conducted tour of a portion of the Old Oregon Trail last Tuesday to view the part that the district wishes to preserve in its native state. The spot is located about twelve miles south of Boardman. The "Lower Desert Native Flora Preservation Project" was first the dream of the lone Garden Club in 1968. Morrow County has an easement of 90 feet along the road and the Oregon Trail extends west from the point on the road. It is the hope of the garden club that that part of the right of way along the Oregon Trail will not be disturbed. Mrs. Frank Mackness of Troutdale, state Native Flora chairman, was present on the tour. She identified several wild plants at the spot, including eriogonum, mariposa lily, wild parsley, creeping phlox,

Achilles (yarrow), rabbit brush, flax, three types of asters, balsam root and cactus.

Following the tour the group went to a no-host luncheon at Dodge City restaurant.

Mrs. Frederick Martin, state horticulture chairman for the east, and a member of the lone Garden club, arranged the tour. Accompanying the group were Lee Hotchkiss of the Fish and Wildlife Commission; Walter Hayes, Morrow County Commissioner; Rupert Kennedy and Garland Swanson, Port of Morrow; and Larry Smitten, Pendleton, of the Oregon Trail Organization. Garden club members were from the Dirt Dabblers and the Pendleton Garden Club, the Bloomer Girls and Hermiston Garden Club, Stanfield Iris Club, Umatilla Garden Club, lone Garden Club and Boardman Garden Club.

Kennedy, Swanson and

Hotchkiss spoke to the group at the luncheon. Kennedy spoke at length regarding the Port of Morrow's plans for the area, and said they would cooperate with the garden clubs.

Mrs. Martin conducted a short business meeting and it was decided to address letters to all state agencies requesting the Oregon Trail Preservation project at the Nelson site be at large to native wild Flora and that the district garden club be given the privilege to develop it, and that separate areas along the 12 mile stretch on the Bombing Range road be designated from the Boardman junction to and including the Oregon Trail at the end of it.

Hotchkiss and Mrs. Lou Moore of the Umatilla Garden Club were appointed on a committee to identify the areas and name the flowers along the route.

Boardman Lions Club hears Dave Green

Speaking at the meeting of the Boardman Lions Club, Dave Green of Madras, the Republican candidate for the Oregon House of Representatives in the 53rd District stated he felt voting is a privilege that each one of us should not take for granted. He urged his audience to exercise this privilege wisely, reminding them that it is their vote that will pass or reject measures, and that it is their vote that will determine who is in office, citing examples of when one vote in each precinct was the deciding vote.

Green disclosed his views on Workmen's Compensation, voicing real concern at the unreasonably high cost of workmen's compensation in Oregon. In other areas he feels there is too much of a burden placed on individuals and business men by the ever increasing state regulations

creating more and more paper work. He pledges to resist this kind of legislation. At the same time he will work to strengthen agencies such as extension service and agricultural experiment stations which provide direct services to strengthen free enterprise.

When asked about education, Green noted he favors raising the amount paid by the state for each student from the present \$237 to \$600, but would oppose schools receiving more than \$600 because he feared loss of local control.

Gene Trumbull, President of the Lions Club thanked Green for coming to their meeting. He also stated that the club welcomes all candidates who wish to express their views.

Correspondence Course Offered For Homemakers

A non credit correspondence course, "Work Smarter, Not Harder", is being offered by the Umatilla-Morrow County Extension Service and will be handled by Mrs. Molly Saul.

The course is divided into four sections and some of the subjects included are "You the Household Manager", "You Versus Clutter", "You Versus the Clock" and "Down with Dirt". A week will be given for each person to complete each section of the course. When one lesson is finished and returned the next one will be sent.

There is a \$1 fee for the course and it may be paid when you pre-register or when the first assignment is mailed. The fee covers the cost of the notebook and publications sent to each enrollee.

The deadline to enroll is Monday, Oct. 30, and to enroll, just send or telephone your name and address to the County Extension office, Gilliam & Bisbee Building, P.O. Box 397, Heppner, 676-9642.

Exactly what will Dick Coram do for you as your new State Senator?

Let's Talk About Workmen's Compensation and Market Roads.

1. **Workmen's compensation:** your premiums for covering workers against accident and injury are too high. Dick Coram knows it and has been studying why. The rating bureau rates are sky-high compared to those in every adjacent state. The State Accident Insurance Fund knows it too, and Dick Coram wants SAIF to stop using bureau rates and start charging according to real accident records and the farmers' real ability to pay.

When elected, Dick Coram will begin a complete investigation of private insurance companies' rate-making and will demand legislation to set rates by law if necessary, plus encouraging SAIF—which doesn't have to compete like a private, profit-making firm, to lower its rates to rock-bottom.

2. **Market roads:** We don't have enough, that's obvious. And most of the Highway Commission's attention has been devoted too long to more and more bridges and unneeded super highways in Multnomah County, or to adding lane after lane to the freeway between Portland and Medford. We've got to have roads, more money from the Highway Commission, and we've got to get them, starting in 1973.

Dick Coram will fight attempts to undedicate the gas tax coffers, attempts to use that precious money for everything but roads. Coram will oppose any attempt to divert gas tax revenue from its primary purposes—to build roads for us, in upstate Oregon.

Electing Dick Coram will mean putting one of us down there in Salem, working for us first.

ELECT A NEW SENATOR FOR OUR NEW DISTRICT: DICK CORAM. HE UNDERSTANDS.
