Come in for a FRESH, NEW Shopping Experience!

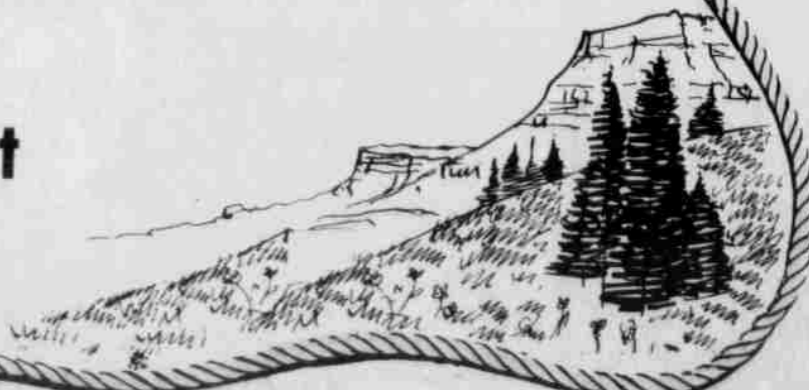

Serving you is our business at Buttreys. We built a beautiful new store for the shopping pleasure of residents of Pendleton and surrounding areas. Serving you means many things at Buttreys. Serving you means guaranteeing the quality of everything we sell. It means keeping our prices at a reasonable, competitive level. Keeping our stores spotlessly clean and uncluttered for your every visit is another way we serve you. Offering a complete choice of brands and keeping up to date on new products is another important part of serving you. At Buttreys we also feel that providing extra convenience for you is a must...like express checkout, a courtesy counter for cashing checks, buying money orders and mailing letters. And of course, serving you means treating you courteously in every way, every day. Let's get acquainted. Come in today for a fresh, new shopping experience!
