## Pretend You're George

"Get out and vote" is a phrase often read or heard in these few remaining days before the election. Have you begun to give serious thought to the implication of these words?

November 7 is the day of reckoning—when no longer will you be able to complain about the state of the nation and then in good conscience stand around and "Let George Do It" when it comes to improving matters. You should make it a point to learn about the issues that will affect you and yours. Study the problems and ask questions when in doubt. Ask your elected representatives their opinion of specific legislation, reforms, taxation, inflation, etc. If we are to make any real progress toward controlling the ruinous impact of government on our pocketbooks and freedom of action, we have to first become acquainted with the issues. November 7 is the big day—pretend you're "George"—get informed and then get out and vote according to your best judgment.

## Errors Corrected

After a recent article in the Gazette-Times, a letter arrived this week from the Oregon Retail Council. This Council has provided the information used in the Sears political publication. It had shown that Dave Green was "incumbent". It had stated that Jack Sumner was a member of the "Interim Committee on Natural Resources". Both statements were in error and the Oregon Retail Council apologized for the mistakes. In the case of Mr. Sumner's statement, error was made by those providing the information to the Council, rather than the fault of the Council. The word "incumbent" in Mr. Green's statement was an error of the Council's editorial staff, they explained.

## What's New?

Ever since men could communicate, they greeted each other as they met, no doubt, with "What's new?"

Most of mankind from antiquity through the Middle Ages lived only with hand-written or word-of-mouth communications to inform each other. As early as 60BC Julius Caesar was posting handwritten bulletins of battles, fires, elections and actions of the Roman Senate in public places to keep the people informed.

Although The Peking Gazette was established in China in the 7th or 8th century (where paper, ink and type had already been invented) transmission of news in Europe continued to be confined to the spoken or written word until 700 or 800 years later.

As a matter of fact, only a few people in those days could either read or write. But when Johann Gutenberg developed printing with moveable type in Mainz, Germany in 1450, he unknowingly revolutionized communications by providing the means of spreading ideas, as well as news, quickly and inexpensively, and thereby revolutionized civilization.

Within 50 years, printing presses were turning out leaflets and pamphlets of various kinds. Up to this time, most of the people were living in intellectual, as well as physical, serfdom. Until men exchanged news and ideas, they really didn't know how bad off they were.

With the exchange of ideas and news, the feudal system began to crumble. Ideas regarding human dignity and basic rights made people dissatisfied with their lot and made them demand changes.

What's new at the Gazette-Times? In October, the GT added 29 new subscribers and 120 renewals.

ERIC WITCHER of Junction City was here last week to visit his brother-in-law and sister, Mr. and Mrs. Dale Holland, Doug and Dale. He graduated in August from Oregon State. He will be leaving soon for a trip to Japan and Australia.

## COURT HOUSE

In Circuit Court Monday here, Judge Henry Kaye denied a contempt of court citation which had cited the County Assessor and the County Court for hiring an out-of-town appraiser here. This is in regard to a suit involving Dick Schlichting who has claimed that he was wrongly fired by the County Assessor from an appraiser's job with the County.

## ONE YEAR AGO.....1971

On Nov. 10 at 5:00 p.m., Bishop Thomas J. Connolly, D.D. Bishop of Baker, will dedicate the new St. Patrick's Church in Heppner. The retired Bishop of Baker, Francis P. Leipzig, D.D., who conceived the idea of the new church and who supported it greatly, will be on hand to celebrate Mass with Bishop Connolly. Father Francis McCormack and Father Patrick Gaire. Many of the priests of the diocese, a number of Sisters and out-of-town guests will be present for the ceremony. The Fourth Degree Knights of Columbus of Pendleton will be on hand to add a bit of color to the evening.

Pioneer Telephone people celebrated their 60th birthday on the week of Oct. 25. In Oregon, each council within Chapter 31 has planned a calendar of events. Miss Opal Briggs of Heppner is a member of the Oregon Trail Branch of the Telephone Pioneers. The organization is the largest volunteer organization of industrial employees in the world. Miss Briggs worked 22 years here in Heppner as operator, chief operator and chief operator-manager in the building now housing the Gazette-Times.

New weed control chemicals were the main topics of discussion at a recent meeting held at the Lexington Grange Hall, reports Harold Kerr.

## REMEMBER THIS? . . . . REMINISCENCE!

### 57 YEARS AGO.....1915

Returns from elections held in three Eastern states this week show that women suffrage has met with crushing defeats. In New York State the measure was beaten by over 200,000 votes and it was defeated in Pennsylvania by a 3 to 1 vote. Massachusetts went against the proposed bill by more than 100,000.

Dr. Davis N. Roberg, new state health officer, was in Heppner last week on official business. Dr. Roberg is traveling all over the state of Oregon appointing local registrars of vital statistics. Dr. H.T. Allison of this city was appointed by Dr. Roberg as local registrar. Dr. Allison is also county health officer. Under the new law recently enacted, it becomes absolutely necessary for all physicians and mid-wives to report births and deaths to the local registrar. Births must be reported within ten days after and in case of death a certificate must be made out by the attending physician and presented to the local registrar for a burial permit before interment can take place. The law provides for a rigid penalty for anyone failing to report. The main object of this law is to make a uniform and correct record of vital statistics.

Dr. Louis Albert Banks, a speaker of national reputation, will speak in the Christian Church in Heppner Friday, Nov. 12. Dr. Banks, with other speakers of the anti-saloon forces, is holding National Prohibition rallies throughout the country. It is seldom that Heppner citizens have the opportunity of hearing a speaker of the prominence of Dr. Banks. His subject will be: "John Barleycorn's Fight Against the Stars." Admission free.

### 37 YEARS AGO.....1935

A tentative deal for eight creamline horses of the famous Swaggart breed was made when Hoot Gibson, movie star, visited here two months ago. The deal was completed this week, announced Grover Swaggart when in town last week end. Included were one stallion and seven young mares. Gibson will use the horses for polo ponies, Swaggart believed. The movie star once managed a string of Swaggart race horses on coast race tracks before going into the moving pictures game. His famous Palomina horse on which he himself rode to fame in many cinema "westerns", was also bred on B.F. Swaggart's ranch north of Lexington.

To assist in making the Heppner public more conscious of the value of lamb in the diet and thereby fostering the growth of one of the county's principal industries—the sheep industry—Morrow County Woolgrowers' Auxiliary will give a pound of lamburger free to every cash purchaser of meat at the local markets, Saturday, Nov. 15. Both Central and Heppner markets are cooperating with the auxiliary in this event. There are no qualifications to the offer as made. Everyone who makes a cash purchase of meat at either market on the 15th will be given one pound of lamburger free, the auxiliary announces.

### ONE YEAR AGO.....1971

On Nov. 10 at 5:00 p.m., Bishop Thomas J. Connolly, D.D. Bishop of Baker, will dedicate the new St. Patrick's Church in Heppner. The retired Bishop of Baker, Francis P. Leipzig, D.D., who conceived the idea of the new church and who supported it greatly, will be on hand to celebrate Mass with Bishop Connolly. Father Francis McCormack and Father Patrick Gaire. Many of the priests of the diocese, a number of Sisters and out-of-town guests will be present for the ceremony. The Fourth Degree Knights of Columbus of Pendleton will be on hand to add a bit of color to the evening.

Pioneer Telephone people celebrated their 60th birthday on the week of Oct. 25. In Oregon, each council within Chapter 31 has planned a calendar of events. Miss Opal Briggs of Heppner is a member of the Oregon Trail Branch of the Telephone Pioneers. The organization is the largest volunteer organization of industrial employees in the world. Miss Briggs worked 22 years here in Heppner as operator, chief operator and chief operator-manager in the building now housing the Gazette-Times.

New weed control chemicals were the main topics of discussion at a recent meeting held at the Lexington Grange Hall, reports Harold Kerr.

Morrow County Extension Agent, Don Rydych, Pendleton Experiment Station Weed Researcher, discussed the results of his weed plots throughout the Columbia Basin. Chemicals which appear to have been superior to 2,4-D in the trials include Lorrrox Igran, Maloran, Broxomil, and Brute plus Uran. A serious weed pest in the county is knotweed. Tests indicate that Broxomil plus Dicamba gives the best results. Spraying should be in February or when the knotweed is in the 2-leaf stage.

## LETTERS

Oct. 21, 1972

Heppner-Gazette  
Heppner, Oregon

Dear Sir:

I know this is a late date but I just saw a copy of your Centennial Edition, and I hope you can mail these orders for me. I am the late Wm. Haguewoods daughter, who had the blacksmith shop in lone, Ore.

Am anxious to receive a paper - am enclosing a check for the amount of \$1.40 for 4 copies - Thank you.

Mrs. Elsie E. White  
627 King St.  
Santa Rosa, Ca 95404

P.S.R.  
10-25-72

Dear Dorothy:

Enclosed is a check for \$5.00 for my English friend Mrs. Archie Potts subscription to the Gazette-Times. She tells me in her letters that she reads it and shares it with her neighbors. Heppner is becoming quite well known in her British community. I especially enjoyed receiving Rick's picture with Bill J. and also Susan's and Tom's. She didn't send me one like that - and I think it very good.

From Sand Hollow to Berkeley is a drastic change as I knew it would be. My studies are even more engrossing than I hoped, the student community is friendly; it has a good deal of the character of an extended family. Berkeley and the surrounding metropolitan area is a conglomerate of many influences. I haven't been here long enough to say more. But the "worldly pleasure" of Oakland's winning the world series was reflected even on "Holy Hill" - although no one (in my acquaintance) had seats.

Two of our young people had reserve seats at McGovern's policy speech and press conference. That was exciting because a shift was made and they were on the front row.

My Ethics professor has had two debates on the presidential issues. Quite a number of students do participate in bell ringing type of political activity. In every class, even Old Testament studies, a lot of contemporary discussion takes place. I find myself enjoying everything that is going on, and feeling deep down, that here we are confronting basic stuff of life.

Sincerely,  
Grace Drake

October 27, 1972

Dear Editor:

This is to be an informative letter to your subscribers who are concerned in regard to the Governors Pension. Thanks to some of the fancy work and wordings by a minority of news presses throughout Oregon twisting "Yes" into "Nos" is the reason for this letter.

So if your voters wish to terminate HB 1728 or Measure No. 7 better known as the "White Collar Theft" of the Oregon Treasury as well as the taxpayers, I would like to make this point very clear, on "Measure No. 7" it will require a "YES" vote.

Otto H. Jorgensen Jr.  
P.O. Box 443  
Scappoose, Oregon 97056

Autumn is when the days get shorter and the shorts get longer.

Grass may grow greener on the other side of the fence but it needs mowing more often on this side.

Remember the good old days, when a back-to-school sale meant pencils instead of convertibles?

## TO THE EDITOR

District No. 55 is a large district. It is comprised of Morrow County and all or parts of seven other counties. I feel it is imperative that thinly populated Eastern Oregon have in the legislature the very best men available for office. This fact has become more pressing with legislative reapportionment which again has reduced Eastern Oregon's representation. It is now doubly important in District No. 55 with eight counties to be represented by one man.

It is my opinion that we have the very best man available in the person of Dave Green. He has proved his ability and knowledge time after time not only by belonging to many civic groups and organizations, but by taking an active leadership role.

His knowledge in the field of state and city government was recognized by Governor McCall's office when they recently appointed him to the Advisory Committee on State & City Government for the Office of Economic Opportunity.

His knowledge in the field of education was recognized by Speaker of the House Robert Smith when he appointed Dave to the current Oregon Legislative Interim Committee on Education where he is now actively serving.

His ability to work with youth was recognized by Secretary of State Clay Myers when he appointed him to serve on District No. 10 Council of Youth.

His knowledge in the field of Comprehensive Health Planning was recognized by Governor McCall when he appointed Dave to this committee.

The Oregon Junior Chamber of Commerce recognized Dave's leadership abilities when they elected him to their organizations highest office, that of state president. The National Junior Chamber of Commerce recognized Dave's leadership ability when they elected him to their organizations' second highest office, that of national vice-president. Dave was the first farmer to serve in this capacity.

Dave's home county has recognized his ability and have selected him as Outstanding Young Man of Jefferson County in 1963, Outstanding Junior Citizen of Jefferson County in 1968, and in 1968 he was honored as one of the Five Outstanding Young Men of Oregon.

Dave is a man who knows the importance and value of spiritual and moral commitments and he serves as Deacon in the First Christian Church of Madras where he and his family are regular attenders.

The Voters' Guide presents more information about Dave Green. I urge you to study both candidates' records of volunteer service to people.

The outcome of this election for Representative from District No. 55 will affect each one of us living in this district. For many of us the choice is clear. We urge you to support Dave Green.

Thank you,  
Bob Jepsen  
Box 184  
Heppner, Oregon 97836

How do you manage to hire such excellent salesmen? A competitor asked a sales manager.

"It's my sure short testing," answered the sales manager. "I send them out to look for an apartment while carrying a trombone and a clarinet."

## School Lunch Menus

Presented  
Through Courtesy Of  
Heppner Branch

## Christian Churches Slate Annual Harvest Dinners

### DRUG ALCOHOL FILMS AVAILABLE FOR GROUPS

Nov. 2 is the date for the annual Heppner Christian Church Harvest dinner. The Rev. Hal Watkins, minister of the Christian Church at Dayton, Wa. will be the speaker at the 6:30 dinner. The annual gathering will be used for insurance, taxes and building maintenance and repair.

The offering will be received at the Lexington Church of Christ at the close of the morning worship service on Nov. 5. Dinner will follow the service there.

## LECTURES WELL ATTENDED

The lecture series presented by Dr. Gertrude Crane on the Book of Romans was very well attended with visitors from lone at every session. Justine Weatherford felt that these lectures were "even more impressive than the series presented last year." Dr. Crane left here to travel to La Grande where she will present the same series.

## TO PHOENIX

Mr. and Mrs. Vernon Munkers are visiting their son-in-law and daughter, Mr. and Mrs. James Ross at Phoenix.

## TRouble with the guy who talks too fast is that he often says something he hasn't thought of yet.

## Employment

The Cooperative Rural Manpower Project with the help of the secretaries in the Extension offices in Morrow, Gilliam, Sherman, and Wheeler counties, has the following job openings:

Morrow County: Motel Maid, A Domestic, 1 Farm position.

People with the following experience are looking for work:

Morrow County: Nurse's Aide, Millwright, grocery checker, bookkeeper, electrician, clerks, office workers. For further information contact your local Extension office: Heppner, 676-9642.

This is a mutual effort of the Extension Service, Employment Service, and the people of this area.

## COMMUNITY BILLBOARD
