That's when lower Long Distance rates begin on weekdays.

The best time to share the good times in the northwest is after 5 PM on weekdays. That's when lower Long Distance rates begin. And that's when you're likely to

find friends and family at home. So go ahead and spread the good word. Long Distance calls get people together.

Call if yourself rates apply on calls placed with an operator where that facility is not available. District rates do not apply to coin, credit card, collect, person-to-person, and hotel/guest calls, or to calls charged to another number. Lower Direct Distance Dated rates apply anywhere within the continental United States, except Alaska.
