37 YEARS AGO . . . 1935

Prewitt Cox this week sold his flanders car to Frank Turner and Ed Wilcox, farmers who live northeast of Heppner. Mr. Turner drove the car out to his ranch Tuesday.

Eastern Oregon carried away four out of five of the prizes for county exhibits at the Manufacturers' and Land Products Show. Morrow County, installed and presided over by W. W. Stead, of Heppner, was given first place.

The Star theater management announced that Charlie Chaplin will appear as a special feature each week on Wednesday and Thursday and again on Sunday night. The Mutual weekly of current events will also prove interesting to the movie fans.

27 YEARS AGO . . . 1945

Oregon's big annual elk hunt in the Blue Mts is now at its height. The hunting area includes the corner of north eastern Oregon lying in parts of Baker, Union, Willowa, Umatilla and Grant counties where the elk are supposed to be the most numerous. An estimated four thousand hunters from all parts of the state have checked in for the sport. Judging from figures compiled at the Pilot Rock checking station last year where there were 387 hunters checked in and 37 elk checked out, one hunter in every six should get his elk.

Little has been seen or heard of the way Senator J. G. Barratt, appointed to fill the unexpired term of Senator Jack Allen, resigned, cut his eye teeth at the special legislative session which closed Saturday at Salem, but

that he acquitted himself with honor is indicated by comment in the Salem press.

Another all time high in motor vehicle records has been set this year in the issuance of license plates, with 283,343 distributed up to September 30 by Earl Snell, secretary of state. In 1934, 272,745 vehicles were listed to September 30.

1 YEAR AGO . . . 1971

The Heppner High School Band was presented here in concert Tuesday night with Dave Mann, conductor. The audience was enthusiastic and applauded joyfully for the rousing and mostly contemporary musical numbers. Mr. Mann explained that the band is raising money which they will use for a band trip. They will have a presentation of trophies and awards later in the year.

Alicia Yvonne Burwell arrived at the Pendleton Community Hospital at 4:00 a.m. Sunday morning, just 4 minutes after her parents checked into the hospital.

Three girls and one boy spoke at Arlington on Monday in the semi-finals of the Soil Conservation Speech contest. The Hood River girl won. Heppner's speaker, Dianne Mills, placed second. The judges said the contest was very close and that Dianne was just one point below the winner in their scoring.

Heppner voters - 192 of 'em - went to the polls again Monday and 161 said "yes" and 31 said "no" to the \$94,000 bond issue. The bond issue would mean there will be a swimming pool in operation next summer. It means new bridges will be built here.

Jaycees Need You

The Heppner Jaycees are now making a community membership drive for young men ages 21 to 36 as voting members.

The objective behind our drive is that people are a great resource, which in Heppner has been tapped a time or two in the past. However, the need arises again.

We are aware the people's energy goes into a dozen other organizations here that serve some interest group, but we are asking now that you consider some community contribution. That is what

Jaycees is really about. With more people there are more ideas and much more resource of human energy. We aim to be a community service organization to the fullest.

Of course we also offer personal edification in many areas of human thought and action. If you want to know about any of our claims or projections, contact any of us.

We will effect the community, we welcome you to help.

State Director of Morrow County Jaycees
Bob DeSpain

MERRY MIXERS 4H CLUB

The Merry Mixers 4H Cooking Club had its first meeting of the year with election of officers: Jeanie Piening, president; Michelle McElligott, v. president; Laurie Childers, sec.; Jan Peterson, news reporter.

We started off our year by putting a window display in Bristow's Market during 4H week. Plans were made for the year. Most of our eight members are in International Cooking this year so we will be making dinners from other countries.

Refreshments were served by our leader, Pat Pettyjohn.

MRS. HARRIS HERE

Mrs. Wayne Harris, Cliff, Doug and Rhonda have moved from Hood River to join Mr. Harris here in the operation of R & W Drive. In formerly Harris Drive In, Cliff is a junior, Doug a freshman and Rhonda 8 th grade.

Mr. and Mrs. Cliff Harris have been working with their son until his wife could join him. They expect to do some remodeling at the 'Drive In'.

Mr. and Mrs. John Messick were visited over the weekend by John's brother and sister-in-law, Mr. and Mrs. Hal Messick of Boise.

Turning your central heating system off at night will just make it work harder in the morning after walls, floors and ceilings have become cold. Night set-back should be no more than 3 to 7 degrees.

Storm windows are a good investment. In winter, for example, they are very effective in preventing heat loss by as much as 15 percent. Think of how much money you could save in three or four months!

FED. BANK DIRECTORS TO SPOKANE MEET

The directors of the Federal Land Bank Association of Pendleton will attend the 22nd annual FLBA Representatives Conference scheduled in Spokane November 9 and 10, sponsored by The Federal Land Bank of Spokane. Those who plan to attend are: Bill Etter, Pilot Rock; Elmer Pahl, Pendleton; Milton Morgan, Lone; Don A. Woodward, Pendleton; Herbert L. March, Milton-Freewater; Harold G. Campbell, Echo; and Richard T. Wilkinson, Heppner. Farmers and ranchers from Idaho, Montana, Oregon, Washington and Alaska are served by the Federal Land Bank.

Topics to be discussed during the conference will cover a wide area of subjects related to long term farm real estate mortgage credit.

Dr. Donald B. Roark, Director of Operations and Finance Services, Farm Credit Administration, Washington, D.C., will be a featured session speaker. He will discuss progress on the new Farm Credit Act passed in 1971 and the implications this act has on current farm mortgage lending.

Wheat Growers To Meet In Pendleton

The Oregon Wheat Growers League is holding their meeting today at the Pendleton Elks Lodge.

A featured speaker will be Denver Grigsby, project coordinator of the Hoecing Co. who will tell of developments in Morrow County.

The outlook for U.S. grain exports will be presented by Richard Berger, president of the Kerr Grain Corp. and of the Portland Merchant Exchange.

Two Winchester's Travel

Erna and I had a real two weeks fun trip to Salt Lake City and Reno, Nevada. She drove all of the way while I crocheted 3 bath mats, knit dishrags and wrote cards.

The visitors guided tour of The Temple Square is worthwhile time spent on sight seeing. The grounds, buildings and art work of paintings are fabulous. To be able to hear a pin drop 200 feet away in a building - built to seat 8,000 people is a miracle in itself.

The visitors center is a modern building that was opened to the public in August 1966. It offers unique displays and films portraying the history and doctrine of the Church of Jesus Christ of Latter-Day Saints. A three dimensional diorama of Joseph Smith's vision, and various sight and sound displays. A highlight is the Rotunda Room in which stands a marble reproduction of Thorvaldsen's Christus, surrounded by a massive painting of the universe. Volunteer hosts are on duty to answer questions.

Before leaving Salt Lake City we took a bus tour of part of the city and up Cotton Wood pass to a couple of ski resorts. The sights were beautiful and very different from anything we have seen. The Brigham Young Mansion with nineteen added wings for nineteen wives at one time (we were told he had more, but not at once). On this drive we saw three fellows roping themselves up the steep face of a cliff. Erna pointed out to the bus driver a beaver dam and over grown stick home in the middle of it, that he had not seen.

We decided to visit Zion and Grand Canyon Parks and tour the Grand Canyon Caverns while on our way to Reno. The Hoover Dam was a spectacular sight to view and an experience to drive over.

We stayed one night in Las Vegas to take in the bright lights and try our luck at the one-armed bandits games. Our money wouldn't last long there, even the Erna won a jackpot. We took off for Sparks, Nevada. The next day we looked up my friend, Elizabeth Sakach and her family and spent two wonderful days in her home.

The Reno Animal Welfare League Inc. held their annual award banquet Oct. 27. Elizabeth Sakach gave the annual report of their past accomplishments. John Hoyt, national president of the Humane Society of the U.S. was the special speaker. The same beautiful prayer that was given the week before at the H.S.U.S. banquet in Salt Lake was used again for this gathering. I have the promise of a copy of it, because Velma Johnson made a tape of it. The food was of supreme quality and served to perfection. The evenings entertainment ended with a great educational movie - called "My Dog The Teacher". The next two days were spent visiting Virginia City - a most interesting old relic of the past! Carson City and Lake Tahoe.

We saw lots of interesting and beautiful sights, but old Oregon always looks good to get home to.

Peace and Blessings to all
Lois Winchester

Soil & Water People Attend Convention

Four Cooperators and supervisors of Heppner Soil and Water Conservation District will attend the 24th annual convention of their State Association in Lincoln City this week (November 8-10).

Those planning to attend so far include: Dick McElligott, Mr. and Mrs. Marcel Jones, Rudy Bergstrom and Dale Boner.

Ken Turner, Chairman of the District Board of Supervisors, said this promises to be one of the most significant meetings since the association was organized. Changes in district name, voting eligibility, titles of board mem-

Council Grants Building Permit

A building permit was approved at the Monday meeting of the Heppner City Council to Virden Hellums. Builder will be Maurice Groves. Home is to be one story, to cost \$22,000 and will be located on Hager Street in Lot 1 Block 3 of Ayers Addition.

Ordinance No. 384 amending Ordinance No. 341 was passed on third and final reading by unanimous vote. The ordinance provides fines up to \$100 for parking on a portion of the east side of Court Street from Terrace Drive to the curve by the Junior High School. To be effective Nov. 6.

Council planned to meet last night to canvass results of the Tuesday election.

Group plans to attend the League of Oregon Cities meeting in Portland Nov. 12 to 14. Mayor Dewey West, Jr. of Boardman is the new president of the League.

Supt. Vic Groshens said he and Councilman Clyde Allstott had studied the specifications of a sludge truck that was for sale. It was deemed not powerful enough to do their job of sludge hauling from the sewer treatment plant here. They are looking for a dual axle truck with an adequate size tank for the purpose.

Mayor Collins reported that a recent census showed a decrease of five people here. With the new veneer plant it seemed in error so he asked for a consultation with a census official. This gentleman reported they base their report on new building applications. It was brought out that there has been a marked increase in the school enrollment. City receives some \$20 per capita per year from liquor and other tax revenue from the State. It will cost 30c per capita for a new census which may be needed soon.

City Attorney Bob Abrams suggested fire and burning and weed ordinances be repealed and a new and broadened public nuisance ordinance be studied. He will draw up a proposal. This will spell out such things as policy for tree removal.

Supt. Vic Groshens reported that Orville Cutsforth had banded the pieces together of the old grist wheel. They will build a pedestal and place the wheel on it in the city park for a bench.

Chief Kolkhorst reported no misdemeanors, no felonies, one investigation pending. There were \$141 in fines, \$422.39 from parking meters.

Fire Chief Forrie Burkenbine asked about jaywalking and accidents resulting from jaywalking. It was proposed that walkways be installed in midblock. Since Main Street is a state highway, Chief Kolkhorst will contact the state highway people to see if mid-block crossing might be allowed.

The Chief will talk with log truckers about speeding as there have been numerous complaints recently.

Check your home's insulation carefully. Poor insulation can increase your heating costs drastically and unnecessarily. An older home, especially may need new or additional insulating for good heating system operation.
