

Alsea Traps Ione—Takes Championship

GALLEY WEST

"Harvey" Is A Smash Hit

"Harvey" an imaginative comedy, was presented here for two nights last week by the Heppner Community Drama Club and was directed by Mrs. Jane Rawlins.

Big crowds enjoyed the presentation both nights. It was fast-stepping and never lagging.

Band Jackets Missing

By GREG DAVIDSON

The Band Parents Club of Heppner announced this week that approximately 20 of the gold blazers that HHS pep band members have worn in past years are missing from the high school. President Corliss Boner reports that after a count was taken this week, only 22 of over 40 jackets can be accounted for.

Anyone who has checked out a blazer and over-looked returning it is asked to do so soon.

It was decided at the meeting Nov. 27 to purchase gold sweaters for the pep band for the basketball season. They will be worn with dark pants for the boys and dark skirts for the girls.

Instrument Drive Launched

The club is starting a drive to acquire used instruments of any kind, either loaned or donated to the school. The instruments would be for use by students who don't have instruments of their own. If anyone has an instrument they would like to loan or donate please contact Mrs. Boner at HHS, 676-9138, during the day. The club would be willing to pay a small fee for some of them.

New officers for the Band Parents Club will be elected at the next meeting, Jan. 18, 1973.

ROBIN PETRIK FUND GROWS

Special thanks go to Clint McQuarrie and Jack VanWinkle for allowing space to have the food sale for Robin. Also to A.A.U.W., Beta Omega chapter of Ione, different church groups, bridge clubs, Bible Study groups and many many others who willingly donated food to the cause.

To the women who gave of their time at such a busy time to man the booths and to all the wonderful support of the community who donated and purchased so that our total for two days effort came close to six hundred dollars.

Grateful thanks to the churches who gave their Thanksgiving offering to the Fund, which brings our total to \$600. plus. God bless you all!!!

Friends of Robin Petrik
Contributions may be made to the fund at the bank of Eastern Oregon.

Margaret Marks Jacobs is Outstanding in Research

A Union Pacific Railroad quarterly publication, TRACKS AHEAD, carries a feature story on Heppner High graduate, Margaret Marks Jacobs, in its Fall 1972 number.

"Mrs. Jacobs finds the world of business an exciting and challenging place. As holder of an executive position with General Foods Corporation in White Plains, New York, she is able to put to practical use the skills of competition and self-improvement that she learned through 4-H Club work" says the opening paragraph.

The article tells that Margaret was a 1963 Union Pacific Railroad 4-H Scholarship winner and is the daughter of a U.P. scholarship winner of 1935, Leslie J. Marks who served for 22 years as Ag. Extension Agent in Wheeler County and who now owns and operates a feed lot in Hermiston. Margaret's brother, David, also won a U.P. scholarship in 1962, and is presently working with his father in the feedlot.

Margaret's successes in the schools she attended are traced.

She graduated from Heppner High with the highest grade point average in her class and won several scholarships to attend Oregon State where she gained her bachelor's degree in food science and technology in 1969. During her life in Heppner she was part of the household of Mr. and Mrs. Robert Abrams.

As a Career Woman

After graduation, she began work with General Foods at their technical research center in Tarrytown, N.Y.; first in product development and then in product evaluation. While working in this area, she had the opportunity to travel to plants all over the United States and in Spain and England, training people to evaluate foods for flavor and texture.

In September, 1971, Margaret was promoted to General Foods headquarters in White Plains, where she works in the area of organizational development and personnel. Margaret works mostly with men managers, and says that although she is not a "woman's libber" she is an active supporter of women in

business. She feels most of the so-called prejudices "against women" are just person-to-person problems and not necessarily male-female conflicts.

The article concludes with the fact that Margaret recently became the wife of William Jacobs, who works with General Foods in product management. "She is active in church, civic and political groups; the latter keeping her quite busy in this election year."

Sandi Carlson

Friends and relatives were delighted to see Sandi Carlson this week. She arrived last Wednesday from Kansas in time to spend Thanksgiving with her folks, Mr. and Mrs. Louis Carlson, Cherie and Phil at Ione. Other Guests for Thanksgiving dinner were Mr. and Mrs. Bob Hope and family of Eugene and Mr. and Mrs. Howard Pettyjohn from Heppner.

INTRODUCING BOB JESPERSEN

He likes the out of doors and spent some time working in the Umatilla Forests about 4 years ago. He backpacked into the Eagle Cap Wilderness area last 4th of July. He climbed the Matterhorn, Eagle Cap and Sacajawea.

VP Position Open

By GREG DAVIDSON

Petitions will be accepted until Friday at Heppner High for the office of student body vice-president.

The vacancy occurred when the resignation of Penny Marquardt was accepted earlier this week. Penny is living in Portland, and has not been able to attend school in Heppner this year. She was elected vice-president last spring.

Campaign speeches will be Tuesday, Dec. 5. Following, either a primary or general election will be held, depending on the number of candidates who file petitions.

Bob Jespersen, the new chorus teacher for both the Heppner Elementary school students and Heppner High School needs no introduction to those who saw "Harvey". And no introduction to those members of the Chamber of Commerce who recently enjoyed his pictures of Europe.

This young man of many talents convincingly played the part of the lawyer in "Harvey" and his pictures taken in Europe when he was on tour with Oregon State Chorales were taken with much skill and his presentation was engaging.

He is a 1972 graduate of Oregon state in Music Education. He teaches chorus in grades 1 to 12. He had grades one and two only once a week and works with the room teachers. At the time of the interview he had 39 voices in the High School Chorus but he was urging the tenor and bass sections to "bring in some friends".

He was hoping to find a piano that he could have the use of while storing it.

He lists photography, skiing and backpacking as his special hobbies and then throws in his pleasure gourmet cooking. He has promised the G-T his recipe for carrot cake with a cream cheese frosting that is "out of this world". He also has a special chicken recipe.

Principal John Edmundson stands with Ione's Captain Dick Snider who holds the trophy. With the clipboard is Coach Gordon Meyers...2 is Paul Ashurst, 00 is Skye Krebs, 20 is Kent Gutierrez.

Ione stayed in there fighting even when Alsea gambled and won first downs and TD's on a 3rd and 7-10-12 to go at the Class A 8-man football State Championship.

In Alsea's first offensive two passes netted them their first TD in the opening quarter. When they were held on the ground, Alsea again went to passing for another counter in the second quarter.

Ione came back in the contest in a sustained drive when quarterback No. 11 hit David Warren for a 23 yard pass and later Snider carried the ball over for their first TD. Their second TD came to them aided by a penalty and an 18-yard pass from Snider to Don McCarty for a half-time score of 16-12.

Campbell of the Alsea Wolverines couldn't be stopped and in two carries took the ball over for their 3rd TD. Spirits were revived when Ione came back with a 60-yard touchdown drive which included two passes to McCarty and Warren.

Ione was in there fighting all the way until Alsea intercepted one of Snider's passes and rambled 76 yards for another TD. The Cardinals tried in vain to catch him.

Mark Rietmann holds one of the individual trophy footballs.

Time Out and spirits were low, Ione's Cardinals wait.

Presentations

Players and fans gathered in the middle of the field for presentations from OSAA Chairman Ron Daniels. The first place plaque to Alsea and 2nd place to Ione. Of Alsea, Mr. Daniels said "Alsea has just proved that the shortest line between two points is in the air".

Each member received individual football pins.

Minutes later Alsea killed another promising Ione drive with another interception.

The game was practically over before Ione got the ball again and Phil Carlson carried the ball over for another TD.

Then in the last minute Alsea made their final TD for a game ending score of 42 to 26.

CHRISTMAS CARDS OF THE WEST

OPEN 11:00-6:00 SUNDAYS

HELP YOURSELF

The price of everything seems to go up ↑ and up ↑ except electricity. It goes on → and on → .

Just about everything costs a lot more today than it did 10 or 20 years ago or even one year ago. Everything except the kilowatt hour cost of **ELECTRIC POWER.**

Home electric rates are such that the first 240 k.w.h. purchased each month are the most expensive. **DO SOME CHECKING.** The energy you use for electric heating or cooling is usually purchased at a rate as low or lower per B.T.U. than any other form of energy.

Be safe-clean-and comfortable with electricity.

The more electric power you use the more you reduce the unit cost of each kilowatt hour used.
