Suffering a 68-62 defeat at the hands of the Sherman Huskies, the Mustangs came back and left the Stanfield Tigers in the dust 67-44 on Saturday night.

Heppner put four men in double figures and played without three regulars as they topped the Tigers. The Mustangs led from the start, allowing Stanfield only six points in the first period. Halftime found the Home team leading 31-16.

Heppner shooting only .373 from the field was led by John Boyer with 19 points, Allen McCabe dumped in 18, while Dale Hedman and Lloyd Wilson each had 11.

Friday night was disastrous for Heppner as they couldn't buy a basket and were outrun by their Sherman Co. opponents. The Huskies shot over .500 from the field compared to the Mustangs 30 percent.

Heppner never fired up until the start of the fourth quarter when they came from 23 points down to within six at the final buzzer. Halftime found the Mustangs down 41-24. John Boyer and Lloyd Wilson had 19 apiece for the Mustangs, followed by Allen McCabe with 10.

Allen McCabe scored 18 points for the Mustangs against Stanfield.

Splitting the weekend contests left the Mustangs with a 2-2 league record and a 8-3 season record.

Heppner travels to Maupin Friday and faces Pilot Rock at home Saturday night.

## GALLEY WEST

### Preparation Starts for Visit of Japanese Children Here

Mrs. Robert Davidson of Lexington returned Sunday from three days at Oregon State. She with seven other women made preliminary plans for the Japan Youth Exchange Program, in cooperation with the Oregon State Extension Service. The program is sponsored by the Labor Teaching Information Center of Japan.

Morrow County has been accepted as one of eight counties in Oregon to participate in the program, now in its second year. This is the first year Oregon has been selected to receive students. Mrs. Davidson is coordinator for the county.

The students, ranging in age from 13 to 17, will arrive the third week in July and will visit until the first week in August.

While at the meeting, the group of women were briefed on a few of the do's and don'ts of having an exchange student. They were then to pass the information on to the families in their county who will be hosting Japanese visitors.

The county coordinators were briefed by a 25-year-old Japanese man, Jacki, they called him, who is studying for his Masters Degree in math from Southern Oregon College in Ashland.

Jackie told the group that the Japanese children will speak limited English, as each student has been learning English for the past six months in preparation for their trip to the United States. Due to the limited supply of hot water in Japan members of the family bathe in the same hot water after soaping themselves before getting in the wooden tubs. "The students will be shy and reserved," Jacki informed the women. Many of them will never have seen a star,

especially if they live in Tokyo, due to the density of the pollution (Japan is one-sixth the size of Oregon with a total population of over 103,700,000 people. The population density is 737 people per square mile.

Due to the limited space, the people are accustomed to things on a small scale, and think nothing of growing a garden in a small dish!

The women at the session even grew accustomed to Japanese food, as they dined on no other type food for two days, and learned to use chopsticks.

Mrs. Davidson will be assigning the student to their host families as soon as the guest's names are processed and she gets a list of those students who will be arriving in Morrow County. Then each family will begin corresponding with their exchange student so they can become familiar with each other before the visit starts. A briefing session will be mandatory for the hosting families later in the spring.

An interesting and educational summer lies in store for the area as it hosts the Japanese exchange students.

## W.O.W. 1973

March 3, 1973 will find BMCC campus filled with high school students from Umatilla and Morrow counties. These will be students who are interested in their future. This is the day for the second World of Work, the career day sponsored by study group members through the efforts of the advisory committee. Cooperating in this project are the staff of BMCC, over 100 business people sharing the knowledge of their profession, and the Extension staff.

Plans are being made now to form committees to carry out this program. Committees will be needed for hostesses, registration and publicity. Each study group in the two-county area will be asked to help by supplying volunteers to work on these committees.

Everyone is encouraged to help with publicity by promoting this project in families and communities.

Mr. and Mrs. William J. Doherty and Mrs. A.C. Lindsay of Lexington and Mrs. B.P. Doherty of Pendleton motored to Boise last week where they attended a cousin's funeral, Mildred Howard McDaid of Boise. She was a former Lexington resident and grew up in Juniper Canyon.

Greg Wilson and David Warren were high pointers for Ione with 16 each. Others were Phil Carlson 4, Ed Winkelman 4, Dick Snyder 6 and Don McCarty 4.

## Mothers' Club Sees Cake Decorating

Carolyn Godin demonstrates cake decorating.

The Mother's Club met on Jan. 15 at the home of Pat Brindle. After a short business meeting, Mrs. Forest (Carolyn) Godin demonstrated some cake decorating techniques. She had taken a course in the past and is very capable in this area. She made leaves, baby rattles, drop flowers, and showed some large flowers she had made ahead of time. She also explained how to make a baby's bootie which can be used for cakes for baby showers. Carolyn is interested

in teaching a class in cake decorating if enough people express a desire to learn. She can also order any decorating supplies anyone might need.

After the program, refreshments were served and secret pal gifts were exchanged. Barbara James was co-hostess for the evening. Guests at the meeting were Mary Hildebrandt, Becky Cass and Kathy Maynard. The February meeting will be a progressive dinner which will include husbands.
