

### Pomona Grange Has Good Attendance

Morrow County Pomona Grange met at the Willows Grange Hall on Sat. for their regular meeting with the Master Barton Clark in the chair. Reports were heard during the morning session. The Committee on Women's Activities, chairman, Mrs. Flossie Ball reported she had received all of her reports, from subordinate chairmen, which included information concerning the upkeep remodeling and social meetings of the granges. Mrs. Dorris Graves, Pomona Lecturer reported she had received a 100 percent reports. The group adjourned for a lovely turkey dinner served by the Willows Grange ladies.

The program started at 1 p.m. with the Morrow County Planner Del Smith in charge. He spoke on the zoning program, past, present and future in regards to Morrow County. Harold Kerr answered questions on the State Industrial Meeting that several had attended lately. Doug Marquardt Lex Grange, son of Mr. and Mrs. Bill Marquardt entertained with two piano solos. Mrs. Martha Baker of Greenfield Grange, a reading, Mrs. Dot Halvorsen a humorous reading, and Rhea Creek Lecturer, Mrs. Frieda Slocum an original reading and pantomime with an eastern Oregon tumble weed.

### "I'm OK - You're OK"

**BEST SELLER IS REVIEWED**

Mrs. Bob Abrams reviewed Dr. Thomas A. Harris best-selling recent book at the Jan. 16 Bookworm Club meeting at the home of Mrs. Lucy Peterson. Because of weather and illness problems the club has had to postpone meeting for sometime, but finally had its Christmas gift exchange around a pretty tree and amid other attractive decorations at Mrs. Peterson's home. She served Christmas pudding as the evening's refreshment. Cards were read from Sara McNamer, Virginia Turner and Leta H. Thomas, all formerly active Bookworms.

Mrs. Eb Hughes and Mrs. Charles Starks were welcomed back as regular members of the club. Pauline Hughes was not in the Heppner area last fall, and Jean Starks had taken a rather extended Leave-of-absence for health reasons.

Mrs. Abrams scholarly and interesting review demonstrated how helpful this book could be to readers. It is a fresh, sensible, increasingly popular approach to problems that all humans, including those in need of psychiatric help, face daily in relations with themselves and others.

**Transactional analysis**  
Dr. Harris has worked out a new manner of considering one's problems. He states that each person is responsible for what happens in his future, no matter what has happened in the past. He stresses three active elements in each person's make-up: the Parent, the Adult, and the Child (P-A-C).

The Parent personifies the "don'ts" and a few "do's" implanted in one's earliest years and automatically accepted as gospel. The Child represents spontaneous emotion. Both Parent and Child must be kept in proper relation to the Adult, whose function is that of a reality computer that grinds out decisions based on the data derived from experience. The goal of Transactional Analysis is the strengthening and emancipation of the Adult from the archaic recordings in Parent and Child to make possible freedom of choice and the creation of new options.

**Four Positions**  
Dr. Harris explains that there are four life positions underlying people's behavior. They are: (1) I'M NOT OK-YOU'RE OK (the anxious dependency of the immature); (2) I'M NOT

The grange count was taken with Willows 9, Greenfield 11, Rhea Creek 13 and Lexington 5.

**Visitation Nights Listed**  
Visitation nights were announced: Feb. 19 Lexington Hall, with Greenfield bringing the program and Willows the refreshments. April 21 at the Greenfield Hall, with Rhea Creek bringing the program and Lexington the refreshments, on May 11 at Rhea Creek with Willows bringing the program and Greenfield the refreshments, Willows Hall Oct. 20 program, Lexington and refreshments Rhea Creek. These meetings will start with a potluck dinner at 6:30 p.m. with the host grange furnishing the main course.

A potluck supper was served following the meeting, after which the Willows Grange was hostess to a pinochle card party with 9 tables in play. Lexington Grange will have a buffet dinner on Feb. 11 at noon at the hall.

**OK-YOU'RE NOT OK** (the giving-up or despair position); (3) **I'M OK-YOU'RE NOT OK** (the criminal position); and (4) **I'M OK-YOU'RE OK** (the response of the mature adult, at peace with himself and others). Most people still unconsciously operate from the I'M NOT OK-YOU'RE OK POSITION.

**Applications**  
Dr. Harris applies the P-A-C system to problems in marriage and child rearing, mental retardation, violence, student revolt, racial prejudice, creativity, adolescence, religion, and international problems, including war. There is a long and helpful chapter discussing when treatment is necessary, with a description of group treatment. (Transactional Analysis works at its best in groups: the more transactions, or relationships, to analyze the better.) The chapter "P-A-C and Moral Values" is outstanding, and final chapter is concerned with the social implications of P-A-C.

### All Saints Annual Meeting

At the annual meeting of All Saints Episcopal Church last Sunday, Marion Hayden, Terry Thompson, Jack Loyd and Hazel Mahoney were elected to serve on the vestry. Their terms expire Jan. 1976.

Other vestry members are John Gochbauer, Charles Heard, Bob Jepsen 1975; Milo Prindle, James Driscoll, Barton Clark 1974. Those whose terms expired this January were Ned Clark, Robert Lowe, Frank Anderson and Earl Gilliam.

Robert Jones was elected treasurer and Bob Kelly was reappointed Sr. Warden by the Rector.

Fr. Blackaller announced each month's services will include 2 Sundays Morning Prayer, 2 Sundays Holy Communion and any 5th Sunday, Holy Communion.

The year's financial statement was examined and explained. The budget for 1973 was adopted.

### G-T WANT ADS PAY BIG

### Dallas Ward Visits Here

Dallas Ward of Boulder, Colorado visited here last week and was the guest of Mr. and Mrs. C.C. Carmichael. He is associated with the Athletic Department of the University of Colorado.

He came west to be with his sister, Velle, whose husband was seriously ill and passed away at Salem. Her husband was state fire marshal for many years.

Mr. Ward formerly lived in Morrow County and graduated from the old Lexington High School.

Home 481-5311

Gene Trumbull, Manager

Many Miles Covered By Co-op

Columbia Basin Electric trucks traveled just under 100,000 miles in 1972 to provide service to the 3,000 members.

Office Manager, Norm Rickert, prepared a complete transportation report for the Board of Directors at their meeting January 24th showing 96,785 traveled for 1972 by eleven vehicles.

Serviceman Jim Prock led the way with 21,300 miles recorded on his truck for the year.

Due to the fact that much of the equipment is four-wheel drive or boom truck type equipment the cost of operating such equipment is comparably high. Costs ran \$30,067 for the year for all transportation equipment.

# The truth about Bronate, the "educated" herbicide.

## From a weed that lived just long enough to tell about it.

"Oh, it was terrible. A tragic day for weeds indeed.

There we were happily robbing the wheat of their precious moisture and nutrients when the Bronate hit.

First the gromwell, tarweed, henbit and dogfennel keeled over and died. Then the mustard family collapsed simultaneously. And finally my own family of crowfoot went before my very eyes.

I'd heard about Bronate but I never imagined it could wipe us out like that. I mean, we crowfoot are a hardy lot.

Old Uncle Slimleaf, rest his soul,

told us this Bronate wasn't like any other herbicide. It was educated. It knew the difference between weeds and wheat. It even says on the label it will kill 26 kinds of us.

He said farmers use it because when it killed us, it wouldn't hurt a grain of the wheat. Even the new herbicide sensitive varieties like luke wheat. And they'd get up to 12 to 20 bushels more yield per acre.

That's why it's the first choice of farmers out here in the Northwest.

Well, Uncle Slimleaf was right, dead right.

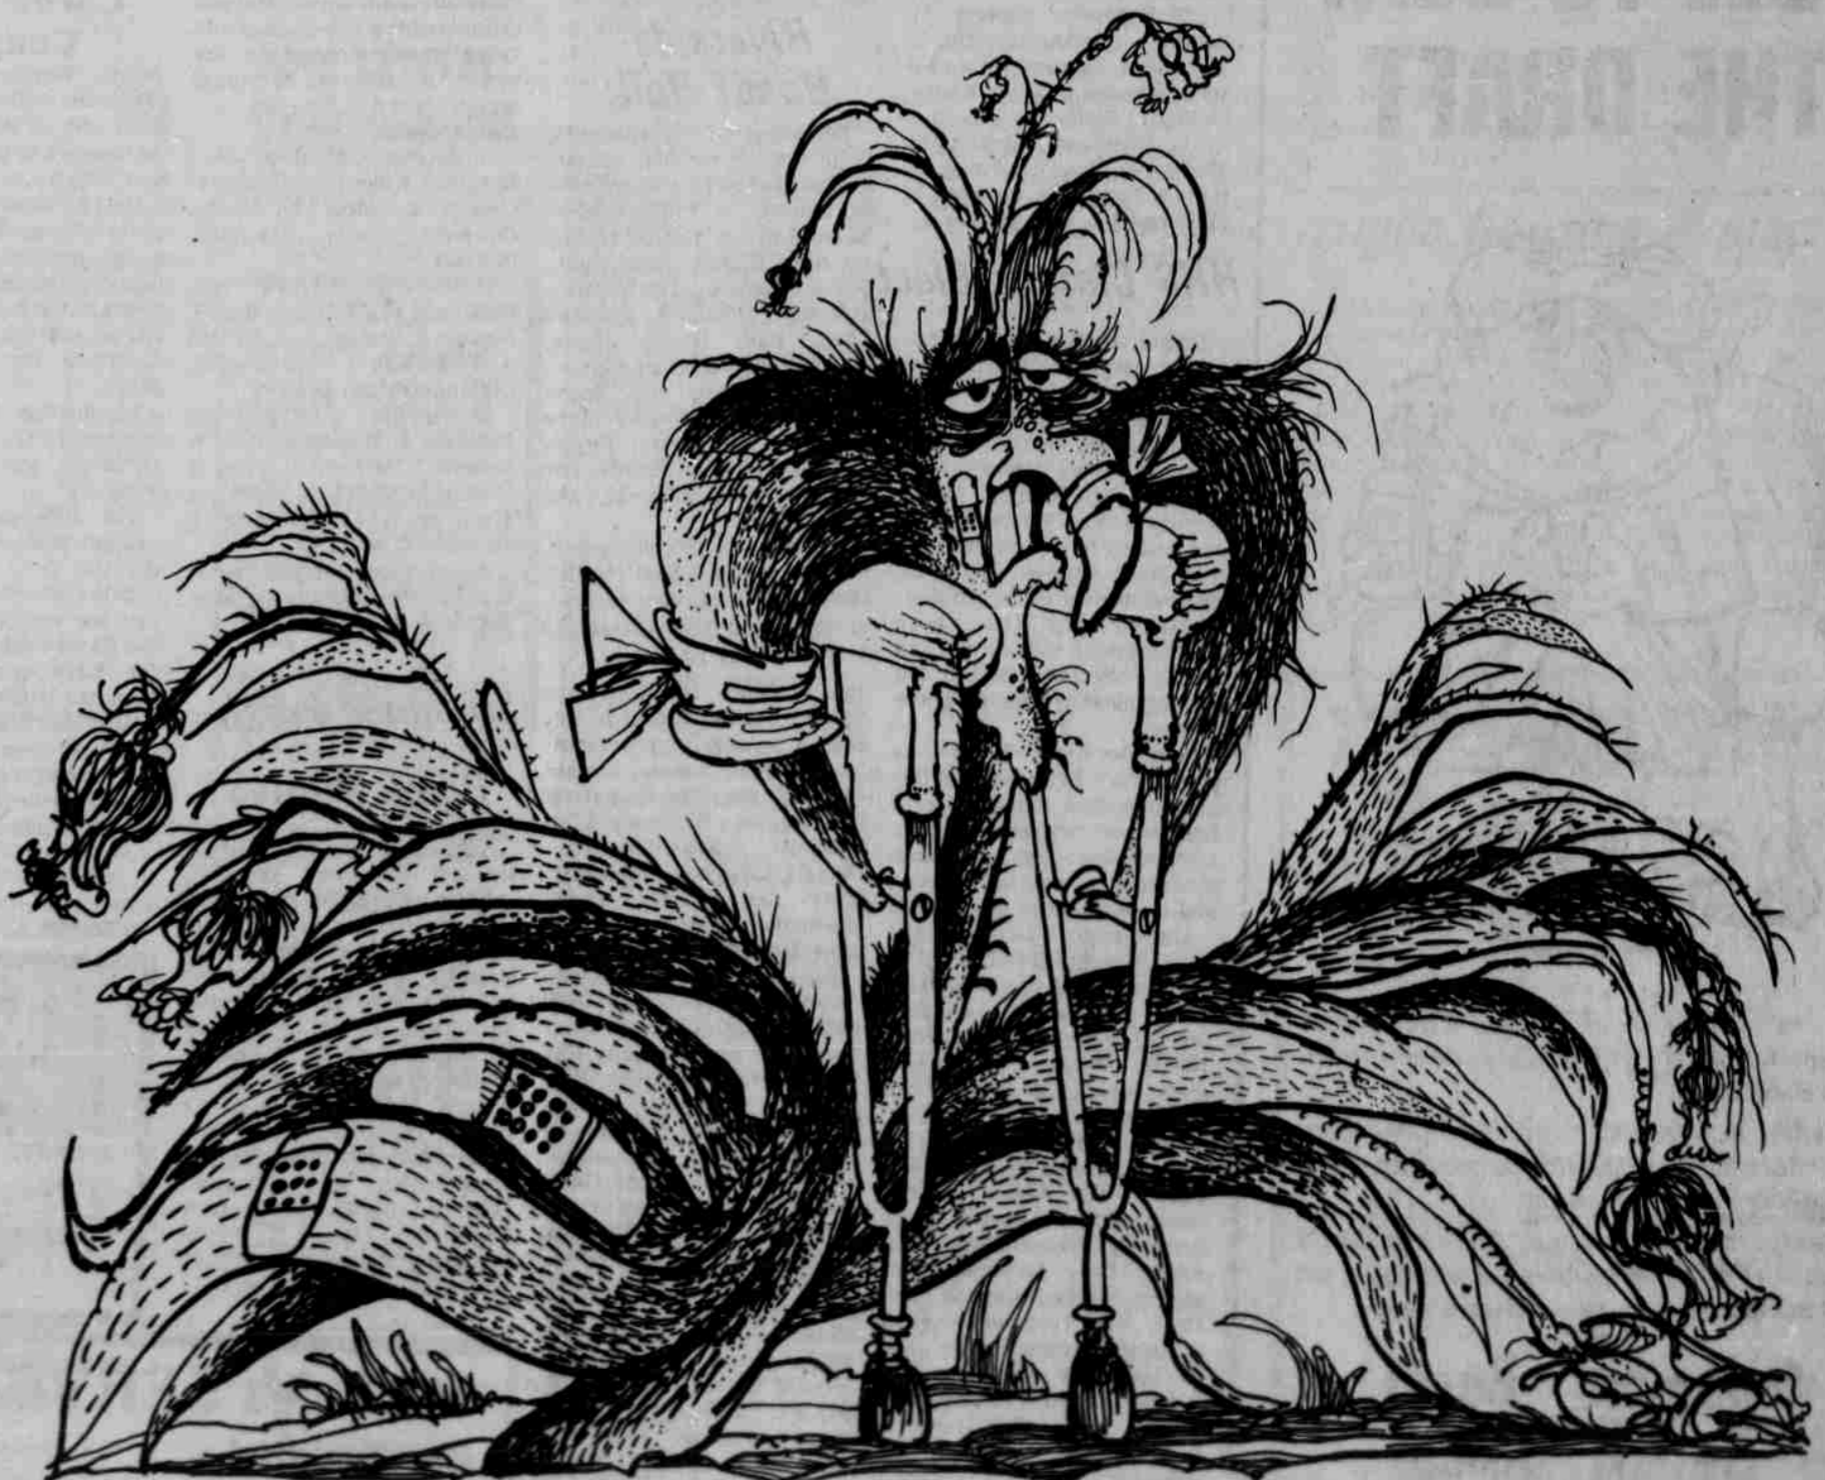

Anyway, by the time we realized Bronate was coming it was too late. We were goners.

It's just a matter of time for me now. I don't know how much longer I can hang on.

My last words to my fellow weeds are: stay away from Bronate. It r-e-a-l-l-y w-o-r-r-r-ks."

# Bronate.

Works on weeds, not wheat.

For information on how Bronate can help you, see your supplier or write Mr. R. P. Rich, Rhodia/Chipman Division, 120 Jersey Avenue, New Brunswick, N.J. 08903.
