From there he flew to Salt Lake City where he visited his son, Kenneth Lynn Smouse. Kenneth Lynn is at the University of Utah where he is teaching two classes in Advanced Organic Chemistry and doing research work.

OUTDOOR RECREATION "PASSPORTS" AT POST OFFICE
"Passports" to outdoor recreation are now available at the Heppner Post Office. All first and second class post offices will stock these recreation cards this year.

The Golden Eagle and Golden Age Passports are wallet-size calendar year permits which entitle the bearer to general admission to national parks and recreation areas having entrance fees.

The Golden Eagle costs \$10. It allows the bearer and those with him in a private, non-commercial vehicle to general admission to a national park or recreation area. In many parks there is a daily use fee in addition to the Golden Eagle, but it is usually nominal. In many parks the Golden Eagle is sufficient.

The Golden Age Passport also offers admittance to the National Park System, and in addition, entitles the bearer to a 50 percent reduction where a daily use fee applies. The Golden Age Passport is issued without charge to anyone 62 years of age or older.

Lodge Meets

Holly Rebekah Lodge met on Thursday for a regular meeting. There were more committees appointed and some practicing for the Convention planned for March 3. Following the meeting during the social hour - Mr. and Mrs. Pete McMurtry showed slides of their trip to Colorado and the Oddfellow home in Portland. Refreshments were served.

Installation in Ione
Mrs. Archie Munkers, Dist. Deputy Pres. of Morrow Co. assisted by Delpha Jones, Florence McMillan, Leta Messenger and Freida Majeske, motored to Ione Thursday to the Dave Rietmann home, and installed the 1973 elected and appointed officers. Lovely refreshments were served.

TO ALL MORROW COUNTY VOTERS:

YOUR ATTENTION IS CALLED TO THE IMPORTANT

SPECIAL ELECTION

on the

Morrow County Road Serial Levy Tuesday, Feb. 27, 1973

POLLS OPEN 8 A.M. to 8 P.M.

This measure would provide \$145,000 annually for five years to continue the county's road improvement and maintenance program. Cost would be levied against all taxable property in the county.

THIS IS NOT A NEW LEVY - NOT AN ADDITIONAL TAX - BUT CONTINUES THE EXISTING ROAD LEVY

PURPOSE-

Purpose of this election is to submit to the voters the proposition of a \$145,000 annual serial levy which would be levied against all taxable property in the county. Its approval would empower the county court to levy up to \$145,000 per year, and collect taxes for that amount, for a period of five years for repairing, constructing, improving, maintaining, replacing county roads. The funds would be used for no other purpose.

NEED-

The major part of the county's road program depends upon this serial levy. Although the county receives some receipts from other sources besides taxes, these provide far less than needed to give the public the kind of roads that it wants and needs, and to maintain them. This is not a new proposal. The Morrow county road program has been dependent on serial levies of this type since 1948, when a 5-year levy was voted. Five-year levies continued until 1962, when a 3-year levy was voted. The public has continued to vote road funds in special elections since that time.

HOW IT WOULD BE USED-

These funds would be used in all phases of the road maintenance and improvement program. Since 1948 the county has developed a continuous program of road improvement and hard surfacing that places it high among Eastern Oregon counties in this respect. It is planned that practically all major county roads will be hard-surfaced within 10-12 years, and many miles of oiled roads are being added each year. Considerable road work has been done in the northern part of the county as well as in the central and southern parts. A fair share of the serial levy is also apportioned for road use within cities, whose taxpayers also share in the cost.

YOUR VOTE IS IMPORTANT-FUTURE OF MORROW COUNTY'S ROADS DEPENDS ON THE OUTCOME OF THIS ELECTION
