

Soroptimists Give Party At Nursing Home

A change in the days' schedule is always welcomed by those in the Nursing Home. Refreshments are all gone but the crumbs. These women are still enjoying a visit with Soroptimist members and Bluebird girls.

From left: Edna Turner, Nora Turner, Leona Smallwood, Sybil Bran and Mattie Rood. Seated in the background are Mrs. Paul Jones and Mrs. Emile Groshens, Soroptimists who arranged the party.

Bluebirds and friends who entertained the guests in the Nursing Home at the Soroptimist Valentine party Saturday: from left Karen Kenny, Sandra Ward, Cheri Sager, Sherry Godin, Jojean Stevens and Kim Britt. Standing behind are Darcy Hollomon and Kaedene Hollomon.

Mrs. Paul Jones and Mrs. Emile Groshens, co-chairmen of the special services committee of the Heppner Soroptimist Club directed the annual Valentine party at the Nursing Home Saturday afternoon.

Guests gathered in the small dining room to be entertained by the Heppner Blue Birds. Piano solos were played by Cheri Sager, Darcy Hollomon who are also Blue Birds. Piano solos by Jojean Stevens and Kaedene Hollomon were also enjoyed. Kim Britt of Pilot Rock was a visitor. The girls were accompanied by Mrs. Forest Godin, assistant Blue Bird leader.

The girls chatted with the guests as they had Valentine cakes and punch. The tables were decorated with lacy valentine figures. Each guest was

given a Valentine gift. The women received multi-colored scarves and the men after-shave lotion.

Mrs. W. W. Weatherford assisted in the serving.

Ione Garden Club Studies Wild Flowers

The February meeting of the Ione Garden Club was held at the home of Mrs. Clell Rea, in Ione. A program on wild flowers was presented by Mrs. John Graves, a guest from Heppner. Mrs. Graves showed many beautiful color slides of wild flowers, most of them were found on her ranch. She told us she became interested in them because some of them are very poisonous to cattle, and she was trying to locate the culprits. All flowers were identified with the

Heppner

Dale Boner on the eve of his departure for his new position in Pendleton with the RC&D presented the program on conservation and soils at the Heppner Garden Club last Monday. The meeting was held at the home of Mr. and Mrs. Bob Lowe. He described the several soils that are found in this area. It may have a lime layer and will usually test neutral. The top soil has all eroded away. It has been washed off.

He said the soil could be brought into productivity by enriching the soil. He is not advocate of compost heaps but suggests the kitchen compost material be buried directly into the garden. The soil can always use nitrogen and phosphorus but it seems to have a good supply of potash.

help of Mrs. Lew Merz, our visiting guest from Parkdale, Oregon. Mrs. Merz is state membership chairman for Blue Mountain and Mt. Hood districts. Mrs. Ruby Roberts, Ione was also a guest.

Following the slides, Mrs. Merz gave a short talk on membership. She said many new ideas are gathered and many new friends are made from visiting other garden clubs.

Pat Pettyjohn read an invitation from Mrs. Florence Yeager of Condon to a spring tea at the United Church of Christ in Condon on March 1.

Tree pruning has been set for Feb. 27, members to meet at Helen Martin's home at 9:00 a.m. A potluck lunch is scheduled at Vida Helikers home at noon.

The plant identification meeting to identify all wild flowers on the Boardman Nature Flora project will start March 14 and continue on a bi-weekly or weekly basis through June. Ione members are to start at the south end of the bombing range road.

Refreshments were served by Mrs. Rea and Lorie Hubbard won the door prize.

Shrove Tuesday Day of Prayer Pancakes

In times past, it was customary to use up the fat in the household before the season of Lent started. So developed Shrove Tuesday when pancakes were made to use the fat.

While times have changed, the Episcopal Church Women have planned their annual Shrove Tuesday. They will serve pancakes at a Mar. 6 luncheon and again at supper at the All Saints Parish Hall.

Assembly Dates Meetings

The meetings of the Assembly of God Church that were to have been held early in February have been rescheduled for Feb. 25 through March 2. Rev. Johns of the Cayuse Indians will speak each night. Services will begin at 7 p.m. All are welcome.

This Saturday at Turner, VanMarter and Bryants, the Royal Rangers and Missionettes will have a Bake Sale beginning at 10 a.m. The money will go for organizational expenses of the new young people's group.

Day of Prayer

The Willow Creek church women will celebrate World Day of Prayer, the international celebration of faith and unity among Christian women on March 2 at the United Church of Christ in Ione at 2 o'clock. Women in 168 countries will be praying around the theme "Alert in our Time". The worship service was prepared this year by the women of New Zealand.

The day begins in the Tonga Islands and goes westward with the sun around the world for the final services held on the Aleutian Islands.

The women of the churches in Heppner and Lexington are urged to make a real effort to fill cars to go to Ione.

Dan Thompson Coming

On Sunday February 25 services will be conducted by the former rector of All Saints Episcopal Church, the Rev. Dan Thompson. Services are at 7:30 p.m. and 10 a.m.

Mr. and Mrs. Blackaller will be visiting friends and relatives in Seattle and will return to Heppner Sunday night.

Photography Shows Time, Space and Matter

Time - what is it? The relationship between time, space and matter? And, man's place in time? These are some of the thought provoking concepts considered in TIME AND ETERNITY a full color motion picture to be shown:

Date - Feb. 25, 1973
Place - Church of The Nazarene
Address - 345 Gilmore, Heppner

Produced by Dr. Irwin A. Moon, at the Moody Institute of Science in Whittier, California. TIME AND ETERNITY is one of a series of unique and interesting motion pictures released under the general classification of Sermons from Science. TIME AND ETERNITY and other Sermons from Science films were viewed by more than a million people from all over the world at the New York World's Fair.

Using the time microscope and time compressor (lapse-time camera and high speed camera). Dr. Moon demonstrates some of the basic principles of relativity. The result is not only highly informative but intensely interesting.

TIME AND ETERNITY presents God as Omnipotent, unrestricted by the limits of time and space. The reality of eternity is seen as a scientific fact. Forest Godin said in talking about the film, "Everyone is welcome. 'WE know that you won't want to miss it'".

other showings
The film will be shown three other evenings. It will be shown Wednesday, Feb. 28 at Ione High School at 7 p.m. Later that evening it will be shown at the IOOF meeting in Heppner, Feb. 29, Thursday at the Elks following the regular meeting.

STRETCHING TIME: A Moody Institute of Science photographer readies the high-speed camera to capture the fascinating action of the take-off of a common housefly. High speed photography is only one of many unusual techniques employed in the film, TIME AND ETERNITY, to help focus attention on that most elusive dimension of life, time.

The Oregon Newspaper Publishers Ass'n had a really fine semi-annual meeting in Eugene last week. Two tremendous speakers: Carl Rowan and James Kilpatrick, both columnists from Washington, D.C.

They were as different as night and day or would I dare say, Black and White?

Carl Rowan made tears run down my cheeks as he told of his early life and then pointed out the problems of youths, crime and inadequacy of reform school, run aways, children born out of wedlock, poverty, drugs.

Mr. Kilpatrick told how many social ills had been eliminated and "We're not so bad". Before he went into his prepared speech, he told his version of the return of the documents of the Indian Affairs.

Mr. Rowan's Version: Certain documents had been taken from the Indian Affairs and

were to be returned. Mr. Anderson called a certain reporter to help him return them. Just as they had them loaded in his car the FBI closed in and the reporter was arrested. Mr. Rowan said "Now why should the FBI choose to close in at that particular time. They had known for four or five days those documents were in that particular house." Charges against the reporter were not pressed.

Mr. Kilpatrick's Version: He told the story similarly but he said "Out of 3,000 taxis in the District of Columbia" why would Mr. Anderson ask this particular reporter and his little yellow Vega to help him? We wouldn't have laughed so hard but we were so sure that the little yellow Vega would have taken a detour by a zerox machine before the documents were returned to the Bureau of Indian Affairs."

For \$16.95. Have a good time.

Caravelle® by Bulova.

Give us \$16.95 and we'll give you a precision-jeweled, water resistant, shock resistant watch with an unbreakable mainspring, an easy-to-read full numeral dial, sweep second hand, and an adjustable stainless steel band.
