

Poppy Days will be held in Heppner today and tomorrow and American Legion Auxiliary unit No. 87 will again offer the red crepe paper poppies to the public. This year the poppies were made by veterans at White City Domiciliary. Two of Heppner's veterans, Myles McIntyre and Jim Cowin, make their home there. They would appreciate hearing from their friends. Zip code for White City is 97501.

#### Steagalls Place Well at Haines Rodeo

The Bob Steagall family of Lexington attended the Haines, Ore. Rodeo last weekend and fared pretty well in the competition there.

David won 1st go-around in the barrel race and placed 2nd average in pole bending. Jana won the barrel racing buckle and 1st go-around in poles.

Beverly won the senior polebending buckle and placed in go-around of senior barrels.

Bob won 4th go-around of calf roping and Bob and Beverly won 1st place and buckles in team roping.

Bill Gover of Richland, Ore.,.. who is well known in Morrow County, won the calf-roping buckle

## Hello From 4500 Feet Up!

Marsha Lovgren, the daughter of Mr. and Mrs. Marshall Lovgren a '88 graduate of Heppner High School, a '69 graduate of Weaver Airline School of Kansas City, Mo., lives and works in the Washington, D.C. area; has taken up skydiving as a weekend

She is shown doing a spread eagle freefall at 4500 feet at Ridgely, Maryland, where she is a member of the Pelican Skydivers Club. She is making her 57th jump as a fellow jumper took her picture just after she exited the Cessna 180 aircraft.

At 4500 feet, she has a 15 second delay (freefall) before opening her parachute at 2500 feet. She falls at 125 miles per hour. She started with military equipment, but now uses sport equipment. Her equipment consists of a jump suit, French boots, heavy gloves. crash helmet, Para-commander Mark 1 parachute P.C., which she packs herself and wears on her back and a reserve chute she wears on her chest, altimeter and a stop watch.

The highest jump she has made is 8000 foot cross-country. She took up skydiving in March 1972 and says "I'd rather jump than land with the plane."

in 1974 from BPA.

The BPA report shows they sold 1.9 billion kwhs more outside the Northwest (California) in 1972 than the previous year. Industries served by BPA purchased 690 million kwhs more in 1972 than 1971 while BPA sold 2.5 billion kwhs more to private owned utilities in 1972 than 1971. Electric Cooperatives purchased 400 million more from BPA in 1972 than 1971.

The report shows that Industries served by BPA continue to percent more than the BPA enjoy low cost power from BPA average, Columbia Basin might paying just in excess of 2 mills

#### 20th Annual Memorial Day Picnic is May 28

The 20th Annual Morrow County Pioneer Memorial Picnic will be held Monday, May 28 at the Fair Pavilion in Heppner. Heppner Soroptimist Club will be in charge of registration

starting at 10:30 a.m. Rhea Creek Grange Committee of Women's Activity group will take care of the food. Mrs. Wallace Wolff and Mr. LaVerne VanMarter Jr. will decorate the tables and hall. Meat, rolls and butter, coffee,

milk, punch and ice cream will be furnished with the rest of the meal being potluck. Paper plates, cups and untensils will also be furnished.

Plan to visit the Museum while you are in town.

1973 Morrow County Conservation Man of the Year. The annual Conservation man of the year field day was sponsored by the Oregon Wheat Growers League and the John Deere Co. The group toured the Shobe Canyon Land Treatment project which was a cooperative program of 14 landowners,

ASCS and SCS. The last four floods in Heppner came down the slopes at the head of Shobe Canyon. The project is expected to slow the water and prevent any further flooding from that area. There's a total of 4,286 acres in watershed, 29 miles of diversions, 26 debris basins, 8.86 acres of grassed waterway and 130 acres of critical area

conservation operations in re-

source management and con-

servation farming, he was

picked by the committee as the

#### Mental Health Open House

The hours of the Open House for the new Mental Health office have been set from 3:30 to 6:30 p.m. on May 31. These hours were chosen to accommodate teachers and students who are out of shoool at 3:30. They are especially invited to come by for a glass of cool punch or hot coffee and cookies.

It is hoped that these hours will be convenient for the mill workers. They are cordially invited to come by in their work clothes to see the new facility and have a coffee break.

By staying open until 6:30 it is hoped that the store people who close at 6 p.m will take time to come by after work if they weren't able to come by during their afternoon coffee break.

David Mitchum and his wife Karen Mitchum are most anxious to meet as many people of the area as possible at the Open House. The Heppner Soroptimist Club is assisting in the arrangements for the Open

Afternoon Tour

In the afternoon the wur took members to the Moyer ranch on the Black Horse Canyon Rd.

The Moyer ranch has been in the family name since 1893. Mel, a progressive farmer was one of the early users of the new fall herbicides for weed control and new releases of grain

**Conservation Practices** His conservation practices

include: 59 acres cropland seeded to grass, 38,235 feet of diversion ditches which he constructed himself, 6 silt dams, 3 acres of grassed waterways, 16 acres of critical area plantings, 380 acres stubble mulch, 875 acres of contour farming, 368 acres with proper grazing use and 875 acres of conservation cropping system.

Morrow County Grain Growers hosted the pop break in the afternoon.

# Beautification

The Heppner Soroptimist Club has adopted a long-range beautification program for the highway entrances to the town. Working under the guidelines of the Highway supervisors office at Pendleton, the first project is the construction of a planter at the sign on Highway 74 north of town. Vic Groshens is building the planter from natural red Columbia River basalt. This year the flowers will be red and white petunias. Later evergreens and spring bulbs will be added for more year round

In subsequent plantings, the Soroptimist Club plans to border the highway right-ofway with trees and bushes that grow naturally such as the yellow and copper roses, wild roses, junipers, Oregon grape.

Until the plants are well established, daily watering by the club members will be required. Plans call for this chore to be done on a rotation

#### **New Motel Owners Get Trailer Court Permit**

The County Planning Commission meeting Monday evening granted a zone change and conditional use permit to Gene Halsey to construct an addition to the motel and add a trailer court on the Jack Van Winkle property. The zone change was for 22 acres to be changed from farm to commercial.

In granting the changes the commission was well aware of the need in Heppner for additional motel space and the need of a trailer court. With the comtemplated building at Kinzua due to begin this week, the need for living quarters is intensified.

The Planning Commission also granted a conditional use permit for the construction of a sub-station on Paterson Ferry Rd by Umatilla Electric Coop. It will serve the large farming operations there. Construction is expected to start immediate-

### Murray's Drug Remodeling

It's business as usual at Murray's Rexall Drug as the store is in the first phase of a remodeling, modernizing and redecorating project.

It is a long range project, explained Rod Murray, owner, and will take all summer for completion. The pharmacy department is in process of getting

ready to move up into the front part of the store.

Eventually the checkout counter will be located near the front door.

The entire store will be involved in the modernizing and redecorating project. This writer believes this will mean the best looking drug store in Eastern Oregon.

#### Cutsforth & Co. Raise Solarium Balance

Every county should have an Orville Cutsforth. When the money in the Hospital Solarium account was short \$12,000 of the bid price for construction. Orville made his way with Bob Lowe and called on a few people. They picked up \$11,000 in six hours and the balance in a short time after that. The legal document that carried the names of the donors was a place mat from the Wagon Wheel. Of amount donated the two received \$9625, in cash and check and the rest in pledges.

Contributions varied from back into farming. They both \$3000. to \$50. Contributing were received praise for the hours Archie Munkers, Amanda Duval, Fred Mankin and Bunch.

C.C. Carmichael, Harold Cohn, Edna Munkers, Lester and Dee Cox, Harold Wright, Bechdolt

Frank Anderson, Gar Swanson, Bob Lowe, D.O. Nelson, Wilkinson. Dick Wavel Wilkinson, Virginia Wilkinson, Shirley Rugg, Jill Rugg, Edna Turner and Norman Nelson.

If anyone else wants to contribute, money is needed for two davenports and exercise machines. Orville extolling the virtues of the area, "It just couldn't happen anywhere but in Morrow County". The rest of us say it couldn't happen without an Orville Cutsforth.

#### Mountain Roads Oiling Schedule

Forest roads within the Heppner Ranger District will be dust oiled between May 23 and May 30, 1973. The Western Route Road Number S-518 from Highway 207 west to Wetmore will be dust oiled on May 23 thru May 26. On May 29 the Bull Prairie Road Number S-642 from Highway 207 west to the junction of the Western Route Road Number S-518 will be dust oiled. Coal Mine Road Number S-422 will be oiled on May 30 from the end of the County paving south past Custforth Park to the top of Coal Mine Hill, also on May 30 the Ritter Road Number S-541 will be oiled from S-518 at Thompson Corral east to the junction of Elkhorn Road Number S-543 then east on the Elkhorn Road approximately 2
