Neal Family Reunion Held at Monument

By EVA HAMLETT

Thirty-one descendants of the pioneer Neal family met on Sunday, June 10, in the city park at Monument, Oregon for the 41st annual Neal, Trask, Christian Family Reunion. The families are part of the descendants of William and Mahala Neal who took the first wagon into the Monument country around the year 1886 after emigrating from Missouri to Western Oregon in approximately 1850.

It is reported that William Neal made this move because of his desire to live where he'd never hear another train whistle. The task of getting the wagon down the mountain to the floor of Wall Creek and subsequently to the John Day River was especially hazardous because of the numerous rimrocks above the creek. At one point the wagon had to be lowered by ropes anchored around a Juniper tree and payed out slowly. The resulting rope marks on the trees were visible to those knowing its location as recently as 30 years or less ago.

The ranch which was established then is still in the Neal family and is the present site of the home of Mr. and Mrs. Lewis "Mannie" Neal and his son and family, Mr. and Mrs. Billy Neal. It is located about four and one half miles below Monument. Following a bounteous potluck dinner, a short business meeting of the reunion was called by the president, Alfred Nelson Jr., Officers for next year were chosen with Mrs. Otto Limbeck of Seio, being elected as president. The group voted to meet at Monument next year also. Past meetings have been at Lyons for a number of years. Those attending the reunion were: Mr. Wayne Neal, Monroe, Wn.; Mr. and Mrs. Mannie Neal, Monument; Mr. and Mrs. Buck Neal, Bend; Mr. and Mrs. Sidney Neal, Toledo; Mr. and Mrs. Ed Patterson (Frankie Neal), Canyon City; Mr. and Mrs. Merrill Smutz (Nada Patterson) and two daughters, LaGrande; Mr. and Mrs. Verny Scott (Vera Trask), Sublimity; Mr. and Mrs. Abner Christian, Mossyrock, Wn.; Mr. and Mrs. Pat Sullivan (Lucy Christian), Maple Valley, Wn.; Mr. and Mrs. Ross Christian and Mr. and Mrs. Lyle Christian, Sisters; Mr. and Mrs. Otto Limbeck (Velma Christian), Seio; Mr. and Mrs. Mel Johnson (Dorothy Christian), Cathlamet, Wn.; and Mr. and Mrs. Norman Nelson and Mr. and Mrs. Alfred Nelson Jr., Lexington, of the Christian family. Guests were Mrs. Hazel Sullivan, Maple Valley, Wn. and a grandson of Mrs. Buck Neal.

Mrs. Kilcup Celebrates 100th

Mrs. Rose Kilcup celebrated her 100th birthday Saturday in the Good Samaritan Center in Hermiston where she resides.

Mrs. Kilcup was born in Afton, Iowa, and came to Oregon in 1903, where she first worked as a dressmaker. She came to Heppner about 1901, and operated a dress shop here. During this time, she lived with the Whetstone family, all the time proving up a homestead in the Lena area.

In 1907 she married Walter Kilcup and the couple moved to his mother's ranch on Buttercreek. After her death, Mr. and Mrs. Kilcup inherited the farm, eventually sold it and moved to Hermiston in 1935.

Following Mr. Kilcup's death in 1952, Mrs. Kilcup continued to live in her home until 1969 when she was injured in a fall, later moving into Good Samaritan Center.

She was an active member of the Grange and the Christian Church while she lived in this area.

Mrs. Kilcup is a sister to Mrs. Roy (Harriet) Brown, who now lives in Umatilla. Mrs. Brown taught school in this area for many years.

Mrs. Rose Kilcup, who recently noted her 100th birthday.

Soroptimists Charter a New Club at El Salvador

EL SALVADOR

The Pipil Indians, a Nahoia race related to the Aztecs of Mexico, were one of the most important Indian tribes in El Salvador. They were an advanced people who, during their occupation of the land during the period from the 11th to the 16th centuries, were farmers, craftsmen, and even left a still undecipherable hieroglyphic record.

QUESTION: My cast iron Dutch oven drips a dark liquid in the food when I cook a pot roast. What causes it, and is it safe?

ANSWER: This dark liquid is a signal that you need to reseason the pan. To reseason, wash and scour with fine cleanser and steel wool. Wash and dry thoroughly. Rub the inside with unsalted fat or cooking oil and place in a 250 degree oven for 2

or 3 hours. When finished, wipe out excess fat, wash and dry. To store, place paper towel in pan to absorb moisture and prevent rust. For more information on care of utensils, etc. you may want to order a new bulletin from your County Extension Office "Care of Housewares and Surfaces in the Home". It has information on brick, tile, porcelain, enamel-glassware, pottery, all kinds of metals as well as plastics.

News Column

A box will be placed in the main office of the Post Office this week for Lone news items. They do not need to be written out, just the details of who, what, where and especially when. Also several have asked that I start the coming events column again, however, I need the information, and in plenty of time to get it in the paper. Remember when you go to the post office to get your mail, drop your news items in the box, and we will have more news and better coverage. Your cooperation will be greatly appreciated. Eva Hamlett

RURAL ELECTRIC QUIZ No.3

TRUE FALSE

- Seventy per cent of America's population live on two per cent of the land.
- A better population balance would benefit both countryside and city.
- A full range of community facilities and services (water, sewage, schools, health and recreational facilities, job-creating industries) encourages more people to live and work in rural areas.
- Adequate, dependable electric power at reasonable cost is basic to community facilities and services.
- Rural electric system people are often leaders in community development.
- In the past 11 years, rural electric systems have helped start and expand about 5,000 new business and industrial enterprises in their areas, creating some 350,000 new jobs.

TRUE—right down the line. These facts, plus many more, add up to a POWERful countryside group of individual systems with a common purpose... helping strengthen rural America.

Support rural electrification; write your Congressman and Senators, pointing out why an effective rural electrification program is essential to a strong rural America.

And come see us for more information and material about rural electric systems and the deepening relationship between rural and urban America.
