

FARM SAFETY WEEK

Protect Your Life's Investment: Follow Farm Safety Rules

We all know what the rules are. The thing is to make them a daily habit . . . set a firm example . . . and insist that family and farm hands get in the habit, too. No matter how busy you are, nothing is more important than farm security.

Get the rules straight and repeat them until it becomes second nature to everyone. No smoking in buildings! No clowning around with equipment . . . and no postponing repairs! Correct malfunctions or possible hazards immediately as you spot them. Report any changes in livestock. Make sure that everything on the farm is always in sound shape. Keep on the alert. Your security is at stake.
