The board of directors of Columbia Basin Electric Coop met Aug. 23.

A nominating committee was selected for placing nominees on the ballot for the annual meeting to be held in Condon, Nov. 1.

One of the typical monthly board activities was the review of applications for payment of decedent estate patronage credits. The following were paid:

Bloomfield, Clarence, \$27.99; Hollen, Frank L., 567.86; Kendall, Clifford, 152.10; Long, Emma C., 97.56; Majeske, A.F., 258.53; Munkers, Effie, 166.15; Ries, Bentley C., 1,201.85; Robinson, Roy, 93.77; Stephen, Jessie M., 133.09; Stinchfield, Fred, 94.93; Woelper, William F., 110.25; Ledbetter, L.B., 994.90; Breeding, Albert M., 24.93.

The Board took action to approve a plan to reduce expense and input of personnel of the national association, the National Rural Electric Co-op Association, by calling for regional meetings to be held by combining the meetings from ten to five each fall.

The manager reported on several work projects and advised that the Ruggs Substation should be energized next week. He was concerned that a few easements had not been obtained which was still holding up progress on plans for the Olex - Lone transmission line.

Details were given the board on the recent planned outage due to vandalism on the B.P.A. - Boardman transmission line. New people continue to move into the area. Forty-three new membership applications for service were received.

Vice-President Dick Krebs gave a report on the directors seminar he recently attended.

A report was given concerning delays of the contractor on the new Condon office - warehouse facilities. It was reported by the manager that the building had arrived. The erection crew should have the basic building up in a few days.

Extensive discussion concerned proposals for conservation of electricity by members. Irrigators have been requested to disconnect pumps in the off season. Individual members have been requested to curtail use of hot water, to control thermostat settings, and other practices to efficiently use electric service. The schools have been contacted and large power loads will be contacted. The board expressed concern over decreasing revenues as a result of curtailment and in the face of increasing expenses.

The banners for the Morrow County Fair and Rodeo were to be repaired and put up the following day. Poles, lights, and secondary had been installed for the tennis court in Lone. The football field lighting had been completed at Condon. Columbia Basin had helped in the pole setting costs, run in primary, helped install switches, dug holes and shared in pole setting costs.

Gene Pierce, manager of the Bank of Eastern Oregon, had requested consideration for the bank a depository of Columbia Basin funds. The board took action to approve the Bank of Eastern Oregon for general disbursements depository and the First National Bank as depository for payroll and associated disbursements.

Mrs. Chet Phillips of Monmouth was a weekend visitor at the home of her parents, Mr. and Mrs. Pete Peterson.

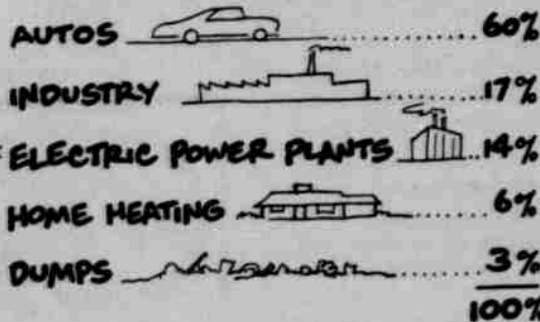

Some problems we face in providing for future electric energy requirements are:

## the POLLUTION FACTOR

NO ENERGY SOURCE is as CLEAN as electric energy—once it's made. But in making it, using fossil fuels, we also produce some:

### TODAY'S AIR POLLUTION

\* Electric power usually REPLACES more polluting forms of ENERGY.

### Actually--

we need more power to FIGHT many types of POLLUTION

- to RECYCLE waste
- to RE-PROCESS paper
- to RE-USE steel and other material
- to operate SEWAGE treatment plants
- to provide CLEANER mass transportation
- to REPLACE individual sources of man-made pollution.

and to raise our standard of living -- the QUALITY OF LIFE!
