

Mustangs take 54-0 win over Riverside

The Heppner Mustangs rolled over the Riverside Pirates 54-0 in their first league game of the season Friday at Boardman.

Although the score seems to indicate a definite thrashing of the Pirates, this is the first time that Riverside has played 11-man football. Most of the players, 14 of the 26, weigh under 150 pounds, and of these nine are freshman. This was their first Columbia Basin League game, and although lacking in experience they did not lack the ability to fight their opponent at every turn.

Heppner, on the other hand, did not take full advantage of the Pirates, for if they had the score would have been more out of proportion than it was. At the end of the first quarter and into the final quarter,

Coach Chuck Starr made frequent substitutions, using his second and third string teams, and played every member of the team.

Leading the scoring for the Mustangs was John Boyer with three TDs, a 7 yard pass play from Gentry, an interception which he ran back for 39 yards and a 40 yard punt return. Matt Greenup scored on a 36 yard run, as did Clayton Wilson with a 10 yard run. Ken Eckman ran 10 yards for a TD, and Joe Kenny ran the ball in from the one yard line for another. Gentry threw a pass to David McLeod for the remaining score. Greenup scored six of the eight tries for the PAT.

In other statistics, Heppner had 12 first downs to the Pirates' 5; 285 yards rushing

to a minus 47 for the Pirates; gained 58 yards passing as compared to 26 for Riverside; had 43 total plays to 46 for the Pirates; and also led in penalties, 130 yards to 89 for the Pirates.

This Friday the Mustang clash with the Scotties from McEwen-Weston at the Morrow County Fairgrounds. Game time is 8 p.m.; and, according to Coach Starr, this promises to be one of the better games of the year. The Scots have a fine passer, in who is listed as the Number One passer in the State of Oregon.

"We plan to play our usual game and try to defend against the passing attack," said Starr, "and if this is successful we may beat the Scotties, at least that is our hope at the present time."

Matt Greenup, Heppner, No. 42, not 12, streaks toward the goal for the first TD of the ball game against the Riverside Pirates.

Dave McLeod, Heppner, catches a pass from Jerry Gentry. He was tackled by Daryl Frederickson, Riverside Pirate, after making the catch.

Dalzells shake up the fish!

Steelhead fishing on the Deschutes, crabbing and clam digging highlighted Mr. and Mrs. Art Dalzell's two-week trip to the Oregon Coast.

Mr. and Mrs. John Colvin of Gardiner accompanied the lone couple to Winchester Bay in search of the elusive crab. While they did have luck in catching the delicacy, they had better luck with clam digging.

In Eugene, the Dalzell's visited their daughter, Mrs. Clyde Crawford, and family. At Eagle Creek, they saw another daughter, Mrs. Jim Drobny, and Mr. Drobny. They visited Mrs. Dalzell's brother, Tress McClintock, in Monmouth.

Enroute home, they stopped in Hood River to call on friends, Mr. and Mrs. H.H. Sharrah.

Hunters safety course offered

A hunters safety course, sponsored by the Morrow County Rifle and Pistol Club, will be held at the Heppner Grade School, Oct. 1-3, 7-9 p.m.

The course will teach hunter safety, first aid, state game regulations and the proper handling of firearms.

The course is required in the State of Oregon before any hunter 18 years of age or

younger can obtain a hunting license. Upon completion of the course a Hunters Safety Certificate is presented to the student.

Consent of the parents is required for students to take the course. The necessary forms are available at Heppner Elementary School.

There is no charge for the course, and certificates of safety will be presented upon the completion of an examination to be given Oct. 3.

JVs settle for tie with Pilot Rock

Heppner High School Jayvee's football squad ended a two-game losing streak, but had to settle for a 6-6 tie against Pilot Rock's JV team, Monday night at the Fairgrounds.

Heppner's lone score came in the second quarter when Mike Orwick connected with Allen Burkenbine on a 19 yard pass play. The point after touchdown failed and Heppner led 6-0.

In the third quarter, Pilot Rock tied things up when they intercepted a pass and returned the ball 30 yards for a TD. Their try for the extra point failed and game was tied at 6-6.

"We did a lot of things right, especially on defense," said Coach Dale Conklin, "which was the difference between a

loss and the tie."

Given credit with some outstanding plays on defense were Orwick, Burkenbine, Munkers, Wade Padberg, Joe Kenny and David Brandhagen.

Next Monday Heppner travels to Athena for a 3 p.m. game with the McEwen JVs.

100% VALUE

You get a full 100 percent value for your money when you bring your equipment to our Service Center. How can you be sure of this? Here are the reasons:

- Our servicemen know more about your equipment . . . they've had factory training at special IH schools.
- Our men are the only ones in this area with the latest service information on IH equipment.
- They have the special tools needed to service modern equipment quickly and correctly.
- We always use genuine IH parts.

Jerry Gentry, Mustang, gets his toe into the ball on the opening kick-off against the Pirates. Gentry scored a TD of his own and passed for two more as the Mustangs went on to win the ball game.

Kindle a deep sea diver

Kenneth Robert Kindle, son of Mr. and Mrs. Elmer Heath, Route 1, Heppner, graduated as a commercial deep sea diver from the Divers Institute of Technology, Seattle, Sept. 21.

Kindle made qualification dives to 200 feet in air and HE02 mixtures. He learned to complete various underwater tasks including burning and welding while using conventional hard and lightweight gear, scuba, Hookah, Desco and mixed-gas units.

In addition to the underwater tasks, he also studied diving physics, physiology, salvage, decompression and treatment procedures, underwater photography, use of explosives, gas mixing and analyzing, manifold operations, and recompression chamber operations.

After a short vacation, Kindle will pursue employment in his newly acquired skills.

Band Parents to organize

For a number of years, the Heppner High School and Elementary School bands have relied on the support of their patron, the Band Parents.

The organization is made up of parents of the schools' band students, who provide money for needs not allocated in the school budget.

Last year, Band Parents, through fund-raising projects, provided 40 new sweaters, two new instruments and trips to band concerts.

Heppner's new band teacher, Jim Ackley, has indicated plans to expand the band

program. His efforts could be hindered without the active support of Band Parents.

In the past, fund-raising and other responsibilities have been shouldered by a small number of interested parents due to severe lack of membership.

Band Parents will meet Monday, Oct. 1, in the high school band room at 7:30 p.m. Parents of both high school and grade school band students are urged to attend, according to Mildred Davidson, past-treasurer. Election of officers will head the agenda.

Student testing Oct. 23

This fall juniors at Heppner High School will have the opportunity to join over one million other students around the world in taking the Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualifying Test (PSAT-NMSQT) as a step in making college plans.

This test, to be given here on Oct. 23, is designed to measure verbal and mathematical aptitude—two abilities that research has shown to be important in doing college work.

In addition to helping students find out more about themselves and their abilities

the PSAT-NMSQT can lead to other opportunities. The PSAT-NMSQT Student Bulletin, available from the school counselor, will describe:

- how to enter the competition for scholarships administered by the National Merit Scholarship Corporation.
- how to enter one's name in the College Board's Student Search Service (SSS) files to get information from colleges that may be looking for students like him.

HUNTERS

PLEASE

RESPECT THE RIGHTS OF OTHERS

If camp fires are permitted on lands where you plan to hunt, then make sure the fire at your hunting camp is built in an open spot which is free from flammable material such as dry grass or forest litter. Camp fires are not to be left unattended, and must be completely extinguished before leaving your camp to hunt.

Fires are not permitted outside your camp area during the closed fire season. The season will not end until general statewide rains occur and an official proclamation is issued terminating the fire season.

If you smoke in the woods do so in a safe place. Do not smoke while traveling on foot or horseback. Stop, clear a spot, then rest and enjoy your smoke. Don't flip cigarettes and cigar stubs or pipe ashes. In the spot you have cleared, grind the ashes or snipe into the earth with the heel of your shoe.

The weeds, grass, brush and timber may be wet now, but a few hours of sunshine will quickly dry them out.

District Foresters, Forest Rangers and Range Managers are asking your cooperation again this year to protect your hunting areas and to KEEP OREGON GREEN.

Good luck. Hope you get your buck, fellow hunter.
