MR. AND MRS. CHARLES ANDERSON

Four AAUW branches unite at workshop

Members of the American Association of University Women from Heppner, Hermiston, Pendleton and La Grande met in Hermiston at the Caravan Broiler for luncheon and a Saturday workshop on Oct. 6.

Heppner's Sue Duncan, who had arranged this assembly, also served as mistress of ceremonies. She presented the presidents of the four branches and introduced other guests. The workshop leader was Ardis Hitchcock, Portland, last year's state association president who is now working with the Oregon Division of Continuing Education in Portland.

After remarks concerning living in "rather isolated communities" Mrs. Hitchcock had the women break into

seven small groups to generate some ideas that might be carried out in a utopian community where funds were no concern and no other limitations needed to be considered.

As the women re-assembled the group reporters reviewed the ideas brought forth. The workshop leader pointed out that many ideas could be carried out with modification by dedicated citizens. The more than 80 women were enthusiastic about the ideas and the power they possess for community change.

The Heppner Branch will hold its November meeting on Nov. 6 at the Lexington School. A potluck dinner at 6:30 p.m. will precede the program on Modern art to be presented by Pendleton's Dr. Margaret McDevitt.
