

Whoops! Cookie Cutter Kitchen Band coming back

Cardinal Club President Mrs. Lee Palmer has announced that the Cookie Cutter Kitchen Band is going to be reactivated.

This musical group was a popular entertainment feature in Morrow County and throughout the state before it disbanded four years ago.

The Cookie Cutters, composed of 15 lone mothers, had a variety of instruments not normally found in musical groups. They produced music on such items called cream strainer baritone, cake tin tuba, lard bucket bass, wash-tub drum, clothes rack clarinet, curtain rod trombone, shampoo hose trumpet, and several more.

The group made several local appearances. They also traveled to the Redmond Potato Festival, Oregon Congress of Parents and Teachers Convention in Portland, and the Oregon Federation of Garden Clubs Convention in

Salem.

Strangely enough, it was the popularity of the band that led to its being discontinued, according to Mrs. Henry Krebs, former manager. "Being wives and mothers, we just didn't have enough time to travel around," was the reason she gave as to why the project was dropped.

Mrs. Palmer believes the time is right to reorganize. She requests that anyone

interested in being a part of the Kitchen Band meet in the Lone High School cafeteria at 2 p.m., Oct. 29. She said it is not necessary to have a child enrolled in the Lone Schools, but that participants should be members of the Cardinal Club.

Any former members who have instruments but do not desire to join the new group are asked to donate them for this new effort.

Mrs. Winter gives travel-slide talk

Mrs. Herman Winter entertained the Bookworm Club Oct. 9 with a showing of travel slides. She and her children, Karen, 15, Rosemary, 12, and Herman, 11, visited 31 states, The District of Columbia and the Province of Quebec during their two-month pickup-camper trip last summer.

Mrs. Winter and the children spent two weeks of their travel time at Newport, R.I., where Mr. Winter, Morrow County district attorney, was attending a special Marine Corps training school. Winter is a Lt. Colonel in the U.S. Marine Corps Reserve.

The slides selected featured New England views, East Coast historical monuments and points of interest down the Atlantic shore. In Quebec the foursome saw Queen Elizabeth and Prince Phillip drive

by. The views of Boston, Cooperstown, Fort Ticonderoga, Plymouth Rock and of an Amish village were of special interest.

The family tour left Heppner June 20 and returned Aug. 19. Winter flew both ways and was met at Newport. Pauline and the children went east through the Dakotas and visited Niagara Falls. After seeing all of the New England states they went down the coast and came west through West Virginia, Kentucky, Indiana, Missouri, Oklahoma, New Mexico, Colorado, Utah and Idaho.

The next Bookworm meeting will be on Oct. 23, when Marian Brosnan will entertain at her Butter Creek home. Madge Thompson will present the book review.

Room Mothers are chosen by Cardinal Club

Mrs. Dick Sherer, chairman of volunteer services for the Cardinal Club, has appointed Room Mothers for the coming year:

Mrs. Charles Doherty, 1st grade; Mrs. Marvin Padberg, 2nd grade; Mrs. Perry Morter, 3rd grade; Mrs. Del LaRue, 4th grade; Mrs. Herb Peterson, 5th grade; Mrs. Roy A. Lindstrom, 6th grade; Mrs. Art Lindstrom, 7th grade; Mrs. Tom White, 8th grade; Mrs. Cleo Childers and Mrs. Paul Tews, freshman; Mrs. Henry Krebs and Mrs. Keith Rea, sophomores; Mrs. Lee Palmer, Mrs. Don Peterson, and Mrs. Darrel Wilson, juniors; and Mrs. Herb Ekstrom and Mrs. A.A. Stefani, seniors.

The Room Mother program is one of the volunteer services rendered to Lone Schools by the club. The Room Mothers assist by planning room parties or dances, acting as chaperones for field trips or monitors for school programs, making costumes for school plays, providing refreshments for special occasions, selecting gifts, helping with the Junior-Senior Banquet, and supervising kitchen activity for concessions.

Visitors at the Ervin Anderson home over the weekend were Mrs. Al Parent, Lisa Shelly and Alison; Mrs. Dee Martin and Suzanne, all of Portland. They were here to help celebrate their grandmother's birthday.

Amanda Duvall is hostess to club

Amanda Duvall was hostess to the Susanna Circle of the Methodist Church in her home Oct. 10. A special guest was Heppner newcomer Lesley Patching.

Rev. Edwin Cutting introduced the afternoon's program on retirement by reading an account of one wife's experiences during the early days of her husband's retirement. He opened the discussion of good and bad aspects of retirement. His listeners responded with their personal feelings and experiences.

Mrs. Charles Vaughn brought the original secretary's notebook with minutes of the first meetings of a Methodist Women's group in Morrow County. Some of these minutes were written by her sister, Ona Gilliam, who was an early secretary. After the book was circulated, Mrs. Vaughn presented it to Rev. Cutting to put with other historical Methodist documents.

Miss Gilliam is now at the Hiersche Home in Pendleton.

Workshop set for English tutors

A workshop for volunteers who would like to help illiterate adults learn how to read and write is being sponsored by the Laubach (Law-book) Tutors of Umatilla County.

Volunteers are trained to work with adults on a one-to-one basis using the Laubach method. Rev. and Mrs. Edson Pederson of Pilot Rock will conduct the workshop.

Anyone who can read and desires to help others is

qualified to take the workshop. There also is a need for tutors who would be willing to teach English as a second language to foreign born adults.

This workshop will be held on Oct. 23, 25, 30 and Nov. 1, 7-10 p.m. To become a certified tutor it is necessary to attend the full 12 hours. Pre-registration is required.

To register, or for further information, contact Mrs. Joe Green (276-0596) or Mrs. Ray Bowman (276-6196).

At this time there are several students waiting for tutors to be trained to help them. Anyone who is aware of other non-reading adults who would like to be tutored should direct them to Mrs. Green.

Any non-reading adult with the desire to learn and who is willing to meet three hours a week at a place mutually convenient for him and his tutor is eligible. There is no charge for the service of the tutor.

Cancer clinic at lone

The mobile cancer detection clinic pap test unit of the American Cancer Society will be in lone today, Thursday, at the United Church of Christ.

Women are being urged to take advantage of the free clinic, but are reminded the pap test does not take the place of a physical examination.

The clinic will be open today from 10 a.m. to 1 p.m., and from 3 to 7 p.m. No appointment is necessary, and there is no charge for the service.

The control of uterine cancer is one of the major goals of the American Cancer Society. A regular pap smear has proven to be the most effective means of accomplishing this end, the society believes. A national survey has shown that 40 per cent of women over the age of 20 have never had a pap smear. The medical profession and the ACS have recommended the test for early detection and diagnosis of malignancies.

STEFANI-TALLEY WEDDING OCT. 20

Friends and relatives are invited to the wedding of Barbara Talley, daughter of Mr. and Mrs. Troy H. Talley of Portland, and Jerry Stefani, son of Mr. and Mrs. A.A. Stefani Jr. of lone.

The ceremony will be held Saturday, Oct. 20, 4 p.m., at the Evangel Baptist Church, N.E. 29th and Flanders, Portland.

A reception will follow at the church.

The Women's Fellowship group of the Lone United Church of Christ will meet Thursday, Oct. 25, 2:30 p.m. in the parsonage. "Choose Life" will be the worship theme.

Let's be as smart about clothes as we are in the kitchen. Don't let designers and manufacturers dictate entirely how you look. Fashion is one thing, but STYLE is more important. Take what suits you from fashion, and make your own style.

And don't stock up too heavily on anything. Remember all those narrow-legged pants you didn't wear out before bell bottoms came back. And remember too, that exaggerated flares are already becoming straight-legged and Capris may not be far behind.

Fashion goes from one extreme to another, but the pendulum must swing back, so if you have something you really hate to give up, just store it until it comes back again.

Right now emphasis is on styles of the '30, and '40. Joan Crawford shoulders are in and sleeves are puffed and pleated at the top. Nothing is really so new as something old with a few new quirks. So let's not let ourselves be merchandised out of our economical minds.

Jeans are great for gardening, horseback riding and marketing, but we owe it to ourselves (and our public) to get out of them now and then. Women's Lib notwithstanding, men and women are different and should look different. Women like men and men like their women to look feminine. This is not going out of style!

Here are some hints for the home sewer:

Instead of the heavy cumbersome shoulder pads of the '40s, the new ones are of polyester, washable and dry-cleanable, and can be trimmed as desired. They come in styles for set-in sleeves, raglan sleeves and for menswear.

Many women dislike waistbands on skirts and pants. You can now buy stretchable banding, black or white, to stitch inside as a waistline finish. But if your only objection to a band is that it creases or rolls, the Belding Corticelli Company has a new interlining that will keep waistbands flat. It is called

Bans-Rol and most notions departments will carry it.

If you prefer elasticized waists there is a clever gadget (at most notions counters) called Elasti-Guide. It is notched for several widths of elastic and pulls it through smoothly.

Polyester thread is available now in all colors and is suitable for all weights of material. As in other thread, choose a shade darker than your fabric as it will sew in a shade lighter. Whatever thread you choose, use the same both top and bobbin.

Cutting thread diagonally makes for easier threading.

Hope you've been saving your unusual buttons—they are all the better now.

If you do a lot of sewing and have thought of making a muslin pattern that fits only you, Trace'n Fit, a thin strong nylon, can be fitted to you, then pressed and used as a pattern.

Mrs. Nelson entertains garden club

The lone Garden Club met at the ranch of Mrs. Norman Nelson, Oct. 10, at 1:30 p.m. Mrs. C.C. Jones of Lexington was co-hostess. Twelve members and two guests were present.

Roll call was taken by each member naming an unusual bird she had seen in her yard during the summer. Each member brought to the meeting some named mum specimens for a "mini-mum" show. More than 40 different specimens and five arrangements were brought for exhibit.

The program was given in two sections. Mrs. Norman Nelson gave the first part which dealt with business meeting procedures. Mrs. Van Hubbard then spoke to the group about use of herbs for indoor gardening. She gave the history, horticulture, and selective uses of some of the more common herbs.

Some dates to remember are:
 Oct. 24, meeting for Blue Mt. District, Elks Lodge, Pendleton, 9:30 a.m.
 Oct. 26, Driftwood Show in The Dalles, Civic Auditorium, 1:30 p.m.
 Nov. 14, lone Garden Club at the Heppner Nursing Home. Program will be a slide presentation by Mrs. Fred Martin entitled "Flowers and Music."

School Lunch Menu

Heppner Elementary and Heppner High School

Thursday, October 18 - Mashed potatoes with turkey gravy, cabbage salad, apple-sauce, cinnamon bread and milk.
