Joseph A. Peterson

At 90, life slows down, but not much

Joseph A. Peterson, 90, of Heppner, celebrated his 90th birthday Sunday, April 7.

His daughter and son-in-law, Lester and Joyce Grasser, with whom he has lived since the death of his wife late in 1970, planned an open house for him, inviting those who knew him to come and help him celebrate. He greatly appreciated the friends from the area, including Hermiston, who came by to chat with him, congratulate him, and enjoy some of his birthday cake; also those who could not come in, but who took time to telephone or send cards.

He also received cards and notes from several of his sisters in Michigan (He has seven sisters and two brothers living there). A highlight of the weekend for him was the surprise visit of some friends he had known many years ago in Grand Ronde (on the coast) where he lived before coming to Heppner. Mrs. Hazel Jahn of Grand Ronde and her sister, Mrs. Vada Petersen, now of Seio, joined Mr. and Mrs. Harry Fisher of Pendleton to come and help him spend a delightful afternoon. When his son, Joe Jr., and his wife Daloris, who were unable to be here, called Sunday evening from Brookings to wish him a happy day, he assured them that it had, indeed, been very happy.

His health is good and he looks younger than his 90 years. Now he is hoping for a little more cooperation from the weather so he can get his garden planted. His garden every summer is a source of activity and pleasure for him, and he eagerly awaits the time

when he can get out and get busy again. He has a chair by a lilac bush where he can rest when he gets tired and just watch other people hurry by on errands of their own. Or he can chat across the fence with a neighbor also working in his garden.

He finds that life slows down considerably when one reaches 90, but it still has its bright spots.
