

MR. AND MRS. LARRY PETTYJOHN

Pettyjohn-Coppock wedding, June 22

Kerry Diane Coppock, daughter of Bettie Coppock Hermiston, and Darrell Coppock, Lonerock, became the bride of Larry Gene Pettyjohn, son of Mr. and Mrs. Howard Pettyjohn, Heppner, June 22 in Heppner.

The Rev. Mark Johnson read the ceremony at Hope Lutheran Church amid yellow and white daisies decorating the church. The candelabra were trimmed with ribbon, white shasta daisies and greenery.

The bride, given in marriage by her father, wore a long-sleeved white lace gown with a high neckline, close-fitted sleeves to the elbow and full to the wrist and skirt gathered at the waist. Her chapel-length train of tulle fell from a Juliet cap.

The bride's attendants were Sherry Kemp, maid of honor, Tana Rauch, Kathleen Bartlett and Dee Ann Pettyjohn, sister of the bridegroom. Their old-fashioned mint green dresses were styled with long full sleeves with a ruffle at the edge of the skirt and around a scoop neckline, worn with white wide-brimmed hats, trimmed with mint green ribbon.

Best man was Kenny Stone, college roommate and friend of the bridegroom. Russell Paulson and Clint and Phil Carlson, cousins of the bridegroom, served as ushers.

The bride's cousins, Teresa Lindsay and Reid Duncan, served as flower girl and ring bearer. Candle lighters were Clint and Phil Carlson.

The wedding music was provided by Cheri Carlson, cousin of the bridegroom.

Mrs. Howard Pettyjohn, mother of the bridegroom, wore a long-sleeved full-length turquoise gown and Bettie Coppock wore a jacketed full-length apricot gown.

For the reception, the church's social rooms were

decorated with yellow candles with a silver bowl of yellow daisies. The five-tiered wedding cake was adorned with sugar bells, yellow roses and topped with hearts and bells.

Pouring were Mrs. Rita Hill, aunt of the bridegroom, and Mrs. Joe Bartlett. The cake was served by aunts of the bride, Mrs. James Sampson Jr., Athena, and Mrs. Floyd Perry, St. Cloud, Minn. Sharon Witherrite attended the guest book.

For her going-away ensemble the bride wore green slacks with a flowered beige top.

The couple are both graduates of Heppner High School. The bride attended Blue Mountain Community College. Her husband, a graduate of Oregon State University, taught and was assistant basketball and football coach at Burbank High School, Burbank, Wn., last year.

Following their honeymoon, they will be at home in Burbank where the bridegroom will be employed at the school during the summer. The bride plans to work next fall.

An addition to the flower entries for the Morrow County Fair this year will be terrariums, both bottle and fish bowl-type. For further details, contact Delpha Jones.

July a busy month for queen, court

The Morrow County Fair and Rodeo Court moves into high gear this month. Activities start off with a bang July 4 at the Condon Jack Pot Rodeo. The queen and court will enter the parade at that event and be entertained at the queen's luncheon in Condon. The court and pennant bearers will then take part in the grand entry.

As a sidelight, parents of the court will attend a picnic for the parents of attending courts.

Saturday, July 6, is the dance at the fair pavilion for Michele Evans. The Muddy Creekers of Redmond will play for the dance.

The weekend of July 13-14 the queen and court will take part in Prineville's rodeo, the Crooked River Round-up. A parade, luncheon, and participation in grand entries are a part of the scene there. The Morrow County Fair and Rodeo have friends in Prineville, as stock for Heppner's rodeo come from Prineville.

July 20 a dance is scheduled for Micky Hoskins with the

Moonlighters of Salem providing the music. Following the dance the girls will head for Elgin and the Elgin Stampede. On Sunday the court will participate in the parade and other events of the Elgin event.

Saturday, July 27, is the scheduled dance for Princess Patricia VanSchoiak. The Country Revue of Condon will be providing the music for this dance. The month of July ends up with a splash for the girls.

Boardman's Festival Court will be entertaining the Morrow County Court at a swimming party and picnic at Boardman. Hosts for the party are the Joe Bartletts, chaperones for the Boardman court. The Bartletts are friends of the Morrow County Fair and Rodeo as their daughter, Kathleen, has been a member of the fair and rodeo court here in the past.

Chaperone Suzanne Jepsen is confident the court will bring back some first place ribbons from the out-of-county events.

Summer best time to prepare for college

Persons planning on attending Blue Mountain Community College this fall were advised this week to visit the college during the summer to make preparations for registration.

"Many students postpone until the last moment the important decisions that could affect their lives for years to come," according to the Dean of Students Arnold Seeborg.

"The time to make some of those decisions," he added, "is now. This is the time to explore the many doors open to today's college students."

Summer pre-registration interviews can be arranged any week day between 8 a.m. and 4:30 p.m. or Tuesday evening between 6 and 9 p.m., Seeborg said.

"Much more can be accomplished in the peace and quiet of a summer interview," Seeborg explained. "Evaluations are more true and decisions more likely to be right when made in a calm and relaxed atmosphere."

Students who have not yet decided on their educational goals were also advised by Seeborg to visit the college.

"Many students whose parents pay taxes to support

BMCC don't realize that we have an excellent liberal arts program that includes transfer courses in almost all areas leading to bachelors' degrees," Seeborg added.

"Those students would do well," he explained, "to visit the campus and see for themselves the wide variety of choices available to them. In most cases," he said, "students will find that BMCC can provide the first two years of a transfer curriculum, leaving just two more years to be completed at the senior college or university."

Although appointments are not required, Seeborg said appointments may be made by calling the Counseling Center, 276-1260.

Fair books are ready

Morrow County Fair premium books have been printed and will be mailed to all 4-H families and those who exhibited in open class at the 1973 fair. Premium books are available at the County Extension Office for those wishing to stop by and pick one up.

It's an exciting life in Tupper camp

The 15 boys and 9 girls enrolled in the Youth Conservation Corps program at Tupper are out seeing this part of the world almost every weekend.

The first trip Saturday, saw them floating down 13 miles of the John Day River. They stayed at camp Sunday, June 14, and worked so they could have released time for a longer trip over July 4.

On June 29 and 30 they covered a lot of ground. Saturday under the guidance of Bill Carter of the USFS's Pendleton headquarters they observed the tussock moth damaged areas and learned of forest management practices which may overcome this blight which has affected federal and privately owned timber. That night they camped at Mason Reservoir or Phillips Lake.

Sunday the youngsters met with Wayne Parsins, recreational specialist of the USFS at Baker, who led them through the museum at Sumpter and on a tour of the gold dredge on Powder River. Then they moved to Cracker Creek where they observed placer mining, and they each tried panning for gold. Their director, Dave Olcott, reported several were excited when they got a few flakes of gold.

They moved to Granite and met the head lawman, the marshal, who talked to them about local history—which they caught up with on their final stop at the ghost town of Whitney.

Presently they are off on a four-day tour, July 4-7. Thursday they will inspect the Thomas Condon fossil beds, see Picture Gorge, Cathedral Rock, the Painted Hills State Park and go as far as Malheur Cave for their night campout. Friday they expect to learn much about the Malheur

National Wildlife Refuge. A local resource leader will discuss refuse management and lead them on a tour of the refuge. They will visit the museum and will observe varieties of birds on the refuge.

Saturday they go on to Diamond Craters, the Pete French Ranch where they will view its famous round barn, and on to Lilly Lake for aquatic study before they set up camp at Fish Lake for that night.

Sunday will find them at Kiger Gorge and Wild Horse Lake. Then they will go into the glacial valleys of Big and Little Indian Gorges. They will return to Tupper Sunday night.

Next weekend they plan to stay in this county—except for some who may choose to go to their family homes. Saturday, July 13, a rock hound outing will be arranged near Tupper. On July 14 the group will travel to the Columbia River end of the county to observe the agricultural developments there by Boeing, Sabre Farms and Desert Magic.

Then they will have only four more weeks and exciting weekend travels ahead before the camp session ends.

Imagine spending a summer in Morrow's mountains, having those neat field trips, and getting room and board and \$323 a month on top of all that!

SINGSPARATION DATE CHANGED

The July Singspiration will be the second Sunday, July 14, for this month only as the first Sunday falls in the July 4 weekend. All Saints Episcopal Church will host the event, beginning at 7:30 p.m.

Student loan, grant applications here

Applications for financial aid for eligible persons attending or planning to attend college are available at the Heppner Library.

These forms from the Department of Health, Education and Welfare, Office of Education, are to be used by full-time students who began their postsecondary education after April 1, 1973.

The U.S. Office of Education supports five programs of student assistance: basic educational opportunity grants, supplemental educational opportunity grants, college work-study, national direct

student loans and guaranteed student loans.

Those accepted for enrollment in an approved postsecondary educational institution and are citizens or permanent residents of the U.S. are eligible to apply for assistance under these programs.

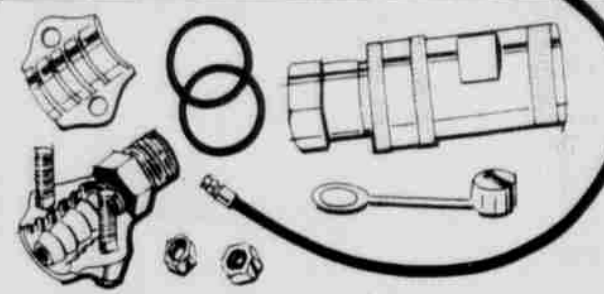

One month after filling out and mailing an "Application for Determination of Basic Grant Eligibility" the student is notified of the amount of his eligibility index. He then submits this notification to the school of his choice, which calculates the amount of the basic grant to which he is entitled.

Elks Lodge No. 358

There will be live dancing at the Elks Lodge, Friday and Saturday.
