GIRLS DEPT

(If it's a hit with a miss,
you won't find it here)

Perfectly good girls jeans reg. 5.99 now only 2.44. O.K., so nobody likes the style of the pocket... test your originality, sew an applique over it... and save!

A conglomeration of girls jean-style pants... odds and ends of styles, colors and fabrics. What you see is definitely what you'll get so rummage through these things - BE CHOOSEY!! Then you can be proud of your prowess and take home a real winner at 3.22.

The best things of the past may be today's corn - but here are some fabulously rugged and washable nylon tow style jackets from Pacific Trail. Just tell your kid a bargain is a bargain and they'd better appreciate it. (Frankly, I gotta save everywhere I can and my kid's gonna get it good if she turns up her nose at this one). Color selection is really picked over so be first in line to get what you want! 6.44 is all for a size 4-6x; 8.44 will get a size 7-14. Regular up to 18.00.)

Gulp!... the buyer just plain bought too many of these girls, 4-6x knit pants. Mary, Mary quite lovely as you are - your pants have just gone too far! Her goof can be your gain - with just 2.33 and your own sack we'll give you a pair of pants and a savings up to 2.47.

For the unmodest miss... SHORT flannel night shirts with matching panties. (wish they were big enough for me - I need all the help I can get!). Were 6.50, now a modest 2.22.

Odd ball patterns and colors is what you'll get in this funny-looking group of tops, made to cover your girl from neck to wrist, and neck to waist. The perfect answer for old-fashioned mothers. 77 cents.

Another bunch of tops now 1.99 to 4.99... that were regularly up to 8.00. That's all I'm going to say. Now! You're on your own.

For Pete's sake! Get 'em to try it and they'll like it!...It's a case of ugly on the hanger, but cute on, 2-piece plaid, seersucker pant suits. How about 6.99 instead of 12.50 for these?

WOMENS DEPT

(where sizes really stretch)

Such a deal! All you have to do is spend from 11.88 to 23.88 & get a pair of FREE PANTY-HOSE. Now that sounds a little steep 'til you hear what 'ja get in the deal for the hard cash - DRESSES... priced up to 99.95 regularly. (According to my calculations that means I can get that dress I've been eye-balling for a savings of \$76.07 plus the hose. P.S. Caution - stay out of my way - otherwise you may go home in a stretcher. Sorry—I have no choice—because my ol' man says I'm to get out of my pants and look like a wife - and I'm supposed to do this on my grocery money.)

10 lucky, but victory-battered women will be taken home with pretty pastel pajamas or gowns. The warm kind, too, of flannel or brushed nylon - (not too good for romancin' but they can't be beat for nitie comfort.) Yikes! only 3.88! (were 9.00).

Mama mia, Martha! Only 5.22 for these good looking pants (no guarantee they'll look as good after a few people I know get squeezed into them) polyester or denim. Just bring in your bod... (and your money), we'll find some style to flatten your figure. Cuffed styles, too, for smokers caught without an ashtray. (Reg. \$14 to \$20).

8.88 to the rescue... robes! The kind you grab when you're freezing to death, anything will do and you don't plan on seeing anyone! (Bruce was trying to sell these for up to 27.00).

An exceptional offer... So exceptional that we hesitate to mention it in print... So just give us 2.88 and we'll point you in the direction of a hodge-podge of famous label knit & other misc. type toppers that were priced up to \$10 each. Only shop this if you need something strange or if you've got a closet full of other things that these bits and pieces might match.

The 21 women who scarf up these blouses at 4.88 will be getting a good thing CHEAP! (There are really 22, but there's at least one I want - one good thing about writing an ad is you know in advance where the real goodies are!). They were selling for 14.00 to 22.00.

Shirts, tops & jackets that the shoplifters wouldn't even take off our hands. We've tried selling them for 1/2 of their original prices of \$12 to \$28 but that didn't work either. 5.22 each should do the trick, we hope - cause we're all sick and tired of the lot.

Wow! A lot of sportswear mixes with no matches for the UN-coordinated look. Here's your chance to snatch up a "goodie" at 1/2 or less (if you can find your size)... If you can't find something you like, get something you don't like and send it to a "friend."
