### Mustangs finish 12th at State

Earning five place finishes, Heppner finished in 12th place of 62 schools competing in the state Class A track and field meet held at Pleasant Hill last weekend.

One school record was set and several lifetime best efforts were established in the meet.

The mile relay team of Clayton Wilson, Tom Wolff, Dave McLeod and Wade Padberg broke the school record twice on consecutive days. During preliminary trials, the Mustangs ran 3:38.5 and then in the finals ran 3:34.2 to place fourth. The old record was 3:39.3 also set this spring.

Padberg placed third in the 40 with a 51.7 clocking and placed sixth in the 800 with a time of 2:04.4.

McLeod earned two places in the hurdle races. His 15.4 in the high hurdles was good for fourth place and he ran 21.3 in the lows for sixth place. His high hurdle time was another best (he ran 15.6 in the preliminaries).

The National Council of State Garden Clubs, Inc., in connection with the USDA Forest Service, were sponsors of the Smokey Bear and Woody Owl's Environmental Free-Hand Poster Contest.

Woody Owl is a fantasy character, wise in the ways of the outdoor world. He lives on the edge of the forest so he can see the forest and city pollution problems which plague his human friends. Smokey Bear is a fantasy symbol too, dedicated to preventing forest fires. The lone students from kindergarten through the 6th grade have been learning about Woodsey Owl and Smokey's fire safety rules and working them into posters.

be given by Mr. Kirby Brumfield of Portland.

Mr. and Mrs. Paul Pettyjohn Sr., went to Portland on business and then spent a couple of days at the coast last week.

Mr. and Mrs. Paul Pettyjohn Sr., went to Condon Monday evening to hear the Condon United Church of Christ choir concert.

"Lilacs" were the topic of the day at the meeting of the lone Garden Club, May 14, at the home of Mrs. Norman Nelson with Mrs. Cecil Jones assisting.

The lilac or syringa has been a common flower in gardens in Turkey and parts of south-east Europe and Asia since the 16th century. Reference was made to it in the diaries of George Washington and Thomas Jefferson. It belongs to the olive family and the name comes from the Greek word "syrinx" meaning tube or pipe.

There are some twenty species and hundreds of hybrids and named varieties. The two best known hybrids are the "French Lilacs" which were developed by the Lemoines family of Nancy, France and the "Prestoniae" developed in Canada by the Prestons. Named varieties can be most satisfactorily raised from layering plants. Pruning and cutting of blossoms must be done carefully so that one does not remove too much of the next year's buds which set on just below the blossoms. Lilacs are very satisfactory for this area because they grow well in alkaline soil where winter brings a pronounced chill.

Guests for the day were Mrs. Frank Osmin and Mrs. Robert Oswald. Helen Martin reported that the plant sale was very successful and the largest ever had. It was reported that the Bicentennial committee wants garden clubs to compile a list of the native flora and their history.

Mrs. Pete Klinger reminded members of the things that should be done in the garden this month. New officers for 1975-76 were installed by Mrs. Van Hubbard.
