## "The Finish-It-Yourself House gave us twice the house for the money."

Mike Lockman, Nappa, Idaho

"It's fantastic... and the quality's better than anything else around here. We'd never done anything like this before, but we figured the more of the finishing work we did, the more money we'd save. Sure, we had some problems, but our Capp Representative came right over and worked it out. Now I've got a home worth ten thousand dollars more than we paid for it. And the reward of doing it myself."
