If you had High Blood Pressure what would you do?
For those with high blood pressure who need medical help, medicines and other kinds of therapy are used to bring blood pressure down and keep it within safe limits. It is important to follow and remain on whatever therapeutic program is prescribed in order to avoid possible complications.

ANSWERS TO QUESTIONS ABOUT ALUMAX IN OREGON

Help wanted.

BEFORE WE'RE through building our \$300 million aluminum reduction plant, we will employ a peak of 1800 construction workers. □ We will need in the Fall of 1977 through midsummer 1978, 800 permanent workers at an average wage of \$15,600 to operate the plant. □ This will stimulate the local economy, creating 1000 additional jobs in the community. □ A welcome opportunity for Oregonians seeking employment.
