

Couple married in Idaho ceremony

Kathleen Ann Last, daughter of Mr. and Mrs. William Last, Jerome, ID, became the bride of Kyle Blake Kennison, son of Mr. and Mrs. Harry Kennison, Heppner, OR on Aug. 9, 1975, at 1 p.m. The ceremony was read by Father Andrew Schumacher at St. Jerome's Catholic Church, Jerome, ID.

The church was decorated with yellow and orange gladioli and daisies. A marriage candle on the altar was flanked by yellow candles with white and yellow daisies.

The couple were given in marriage by their parents.

The bride wore a long gown of sheer white chiffon, with long full sleeves, square neck, and eyelet pinafore ruffles over the shoulders. The long skirt ended in a flounce, trimmed with white satin ribbon through eyelet beading. She wore a sheer white picture hat, lace trimmed, with bridal illusion veiling cascading down the back. She carried a colonial bouquet of yellow roses and stefanotis, tied with yellow and orange net and ribbon, with white streamers of lace and satin. Her tokens of sentiment were a birthday penny, a blue garter, a lace edged hankie given by her grandmother, Mrs. William A. Last, Oshkosh, WI, and opal earrings, a gift of the groom.

Maid of honor was Nancy Last, sister of the bride. Bridesmaids were Jane, Becky and Vicki Last, also the bride's sisters, and Kara Kennison, sister of the groom.

They wore gowns of yellow and white checked gingham, with white eyelet bodices and sashes, picture hats of natural straw trimmed with yellow and white checked ribbon and daisies. They carried colonial bouquets of yellow and white daisies.

The flower girl was Monica Boie, cousin of the bride, who wore a yellow and white checked dress with eyelet ruffles. She carried a natural straw basket of yellow and white daisies.

Best man was Gary Miller, Baker, brother of the groom. Mass servers were Stephen Boie and Karl Martin. Ushers were Doug Fisher, Lewiston, David Hoffman, Moscow, ID, Wayne Buzzard, Cheney, WA, and Michael Last, Jerome, ID.

Organ music was played before the ceremony by Denise Fritzer. Wedding music was by guitar, vocal, flute group: Tom Klaas, Mary Vogel, Candy Thoman, Pam Cornitis, Mary Schenbrenner, and Marcia Matsuura.

The mother of the bride, Mrs. Last, wore an ecru lace blouse with a long patchwork skirt of orange print and lace. The groom's mother, Mrs. Kennison, chose a long dress of pale orange chiffon, tied with a deeper orange sash.

Both mothers wore glamelia corsages, tied with yellow ribbon.

The wedding reception was held at St. Jerome parish hall, with the St. Jerome Catholic Women's League in charge.

The table was decorated with a lace cloth over an orange skirt, yellow candles in silver holders, and centered with the cake which was three tiered, pale yellow, trimmed with daisies, with wedding bells on top. Quartet tables were covered with orange with yellow carnations in brandy snifters.

Pouring were Phil Thoman, Jerome, Kim Laragan, Hailley, and Connie Perkins, Twin Falls, ID.

Cutting and serving the cake were Jennifer Tunnell, Boise, Marsha Howell and Janie Sartori, Pocatello, ID.

In charge of the guest book was Mary Last.

Gift carriers were Krist Lankford and Christie Boie. Special guests were the grandparents of the groom, Mr. and Mrs. Lester Jackson, Wallowa, OR, and Mrs. Gussie Mitchell, Idaho Falls, ID, the bride's grandmother.

Other out of town guests attending were Mr. and Mrs. Bob Lankford, Branda and Kristi, Heppner; Mrs. Gary Miller, Baker, OR; Mr. and Mrs. Merrill King, Sacramento, CA; Mrs. Rod Price, Adrian, OR; Mrs. Ollie Hudson and Mrs. Dwight Riggs, Baker, OR; and Mr. and Mrs. James Last and family, Oshkosh, WI.

After a wedding trip to Banff, Lake Louise, Waterton Park, Penticton, Washington and Idaho, the couple will be at home in Moscow, ID, where the groom will continue his studies at the University of Idaho.

Over The Tee Cup

The weather didn't dampen the spirits of the golfers when McNary players visited Willow Creek this past Sunday. There were 51 men and women entered in the event.

In men's play for the McNary group, Larry Shaffer won low gross with a 65 followed closely by Jim Murray with 67 for second low gross. A three-way tie resulted in low net with John Quakenbush, Lew Welsh and Tom Waas all ending with 54. Consistent good play continued as there was also a tie for least putts between Larry Sollard and Bernie Mathews with 28 each. Vane Hiatt took the prize for long drive and Larry Shaffer won the KP on No. 9.

For the local golfers, Charlie Rawlins played consistent golf to win the low gross with a 64. Second low gross went to Neil Parks with a 65. Low net saw a tie between Ray Massey and Rick Johnston at 55. Bob Jepsen proved to be the best putter with only 27 putts. Ray Massey was a two time winner as he also had long drive. C.C. Carmichael came in with the KP.

In women's play for McNary Wanda Schaffer and Pearl Waas tied for the honors of low gross. Low net went to Jeanne Clark and Lois Hicks took prizes for both long drive and KP. Bev Gunderson, a consistent

winner, took honors for low gross for the Willow Creek ladies. Pat Edmundson and Cindy Kerr tied for low net. Bev Gunderson also won long drive. None of the local gals were able to hit the green for KP.

Following a hearty dinner at noon, two sole survivor events were held. In the mixed two ball team event Lois Hicks and Vane Hiatt won the chips from a determined team of Cindy Kerr and Larry Shaffer. Dave Harrison and Jean Clark won third honors.

In the men's competition a chip off decided the winner between Doug Gunderson and C.C. Carmichael after nine holes of play. Doug was able to chip in tight to win the event. In third place was Howard Clark.

Vi and Conley Lanham, John and Pat Edmundson were in charge of the events for the day that ran very smoothly and efficiently.

A special thanks goes to Kristi Edmundson and Bryan Kerr. Kristi helped in the kitchen and Bryan ran the target shoot on No. 4.

In club play for the ladies last week, Eddie Skow was low gross winner. Karen Dubuque had low net and Lois Hunt had least putts.

This week will be the last organized play for the ladies for this season.

Women enjoy California trip

Mrs. Edwin Gonty and Mrs. Bill Weatherford returned last Wednesday from a week of traveling and visiting in two states. They spent half of their time in Oregon and half in California where they were guests of Mr. and Mrs. Harry Parsegian at Willits for one night and spent two nights with Mr. and Mrs. Ernest Joiner at Sebastopol.

They especially enjoyed their travel along the Pacific and through the Redwood Forests.

The Joiners showed them the Russian River area between Sebastopol and the coast and took them to San Francisco along with Mr. Joiner's sister, Mrs. Gladys O'Neil of Mill Valley. The five spent several hours viewing

the Exhibition of Archaeological Finds of The People's Republic of China in the Asian Art Museum in Golden Gate Park. They enjoyed dinner and shopping in the Fishermen's Wharf area.

As they went south the two women spent a night with Weatherford friends on the Alsea River and a night with Justine's son and family, the Bill Haberlachs at Medford.

They attended the Oregon Shakespearean Festival's performance of "All's Well That Ends Well" and visited historic Jacksonville. Returning to Oregon they spent another night with the Haberlachs before driving north along the Rogue River and over the Diamond Lake Highway.

OSU to research Dryland farming

Oregon State University has received a \$1 million grant from the Agency for International Development to strengthen research and technology in dryland agriculture, a move expected to make OSU a center of U.S. competency in dryland farming for low winter rainfall areas of the world.

Agriculture Dean Wilbur Cooney said that after OSU had received the grant it was invited to join a consortium of Western U.S. universities who provide expertise in agriculture to less developed countries upon call and additional funding.

"Each of the five states in the consortium—CID (Consortium for International Development)—has a special area of responsibility," said Cooney.

"OSU's responsibilities will be in dryland agriculture, with emphasis on moisture conservation and utilization in low winter rainfall areas."

Other universities in the AID program are the University of Arizona, Colorado State, Utah State and the University of California, Riverside. All work in soil and water conservation and related practices.

Stanley F. Miller, an agricultural economist, will direct work under the five-year grant. In addition, he will continue his present position as director of the OSU International Plant Protection Center.

Miller, economist with the USDA's Economic Research Service on campus earlier, also conducted research and taught at OSU. He spent two years in Brazil and 2½ years in Venezuela with IRI Research Institute, a New York

based contract-research organization.

Cooney pointed out that the grant provides the financial resources for OSU to mobilize personnel to respond to requests for assistance in managing and utilizing soil moisture in producing food on small farms in low winter rainfall areas of less developed countries.

"In addition to the increase in personnel required for an expansion of multi-disciplinary activities, this grant provides OSU with the capability of increasing its educational and research activities in dryland food production programs both domestically and internationally," said Cooney.

"A team of experienced personnel will be assembled which can be called upon to provide advice, training and assistance, implementing with adaptive research and/or training programs, as a way to upgrade capabilities in food production."

Under the AID program, OSU will send agriculture experts from its staff or from another consortium member's staff to countries needing their services. Grant funds will be used to employ personnel to fulfill the campus obligations of the experts while they are abroad.

To improve food production of the developing countries, an increased education and training capability will be developed in Oregon for post-graduate participants, degree and non-degree. OSU's Columbia Basin Agricultural Research Center at Pendleton, with land and facilities at Moro, is expected to provide an education training and research base for dryland crop production activities.

A salute to the Morrow County Fair and Rodeo!

The Heppner branch of First National Bank of Oregon salutes the Morrow County Fair and Rodeo and the people who work year-round to make them two of the area's most popular events.

We're proud to be a part of the fair and rodeo and the community they represent. During this week of the fair we're featuring a counterfeiter money display on loan from the Federal Reserve System. We invite you to stop by to see it and say hello to your friends at First National Bank of Oregon.

We'd like to get to know you
