## There's a better way to finance your car.

### FirstLoan.

If you've been thinking about buying a new car or a better car, make sure you talk to us about FirstLoan. It's a better way to borrow for lots of different reasons.

To begin with, FirstLoan is a simple interest loan. This means that your interest is figured each month on your remaining balance. If you pay early or make a double payment, you save money. And you can pay your entire loan off ahead of schedule and really save money.

Another reason FirstLoan is a better way to borrow is there's no late charge for a late payment. You pay only the interest for those few days the payment is late.

What's more, with a FirstLoan, you won't need a payment book. Instead, we'll send you a statement every month, about ten days before your payment is due. A simple, convenient statement that tells you exactly where you stand. How much money you still owe and how much interest you've paid.

Whether you need money for a car, a vacation, home improvements, or a dream, ask for a FirstLoan. It's a better way to borrow. And it's available only at First National Bank of Oregon.
