with melons over a 100 yard course. The melons were spaced every 3 feet, so a total of 100 melons had to be loaded into a truck. A penalty of three seconds was assessed the winning team for each melon dropped and for each melon broken in the attempt to load them.

The Waldhi's set the course time of 3:43.4 minutes, however, their penalties made their official time, 3:58.4.

A watermelon eating contest was held, first for the juniors then for the seniors. John Zembliska won the junior division contest. The senior division was open to all high school students and older; however, Arley Hamilton emerged as the winner. Two members of the Harvest Court took an active part in the senior contest; Melanie Rayner and Lori Schnell. While neither of the girls finished in the running they put on a fine show for the spectators.

Time trials for the hydroplane races were held Saturday afternoon with the finals scheduled for Sunday.

EOHSA is explained

Many persons do not understand the nationwide health planning and funding act of 1974. County Health Nurse Pat Wright has prepared an explanation of the Eastern Oregon Health Service Areas.

The National Planning and Resources Development Act of 1974 is Public Law 93-641.

June 1975, several Eastern Oregon citizens concerned about health care concluded it was necessary to form EOHSA. The Eastern Oregon Health Service Area if health planning, issuance of certificates of need, and the funding of health services are to continue. The law terminates Dec. 31, 1975, and the present health planning and certificate of need agencies with it, placing the responsibilities with Health Service Areas. The law does not provide any start up funds for those wishing to organize an HSA.

Gov. Straub, as federal requirements provide, has designated three HSA's for Oregon. Morrow County is included in Area III, which consists of Baker, Crook, Deschutes, Gilliam, Grant, Harney, Hood River, Jefferson, Klamath, Lake, Malheur, Morrow, Sherman, Umatilla, Union, Wallowa, Wasco and Wheeler Counties and four Indian Tribes, Warm Springs, Umatilla, Klamath and Burns-Plute.

The purpose of EOHSA, envisioned by the steering committee, includes Judge Paul Jones and Pat Wright, Health Nurse, is not to create a super agency to replace local government and local comprehensive health planning organizations. It is to place staff authorized by Public Law 93-641 at the disposal of local agencies to help them and to carry out the requirements of the law.

The membership of a HSA's governing body shall consist of 40 per cent providers (medical professionals) and 60 per cent consumers (lay persons) thus permitting consumers of health services a strong voice in determining health priorities.

In order to qualify as a HSA, 10 priorities of health service needs must be addressed and resolved. These prioritized problems are:

1. The provision of primary care services for medically underserved populations, especially those which are rural or economically depressed.
2. The development of multi-institutional systems for coordination or consolidation of institutional health services (to cut overlapping and duplication).
3. The development of medical group practices, health maintenance organizations, and other organized systems for providing health care.

HEALTH DEPT. BEGINS TOOTH DECAY PROGRAM

A tooth decay preventive program will be conducted in the elementary schools of the county. Health Nurse Pat Wright announced. Children from kindergarten through the sixth grade will receive a toothbrush and be taught how to brush their teeth properly. Instructions will include the proper home care of ones teeth.

Mrs. Wright states in recent years various methods have been used in school populations to achieve a healthier dentition. It is known when fluorides are applied to newly erupted teeth it can significantly increase their resistance to decay. Many studies and observations in classrooms have shown that weekly rinses with a 2 per cent sodium fluoride solution can be helpful. This has been demonstrated in a 5 year study in two Portland schools where tooth decay was reduced up to 50 per cent.

A weekly fluoride mouth rinse will be conducted in Morrow Schools. This will help make the children's teeth more resistant to decay. Only children with a signed permission form from their parents will rinse weekly with the fluoride. Permission forms will be sent to parents in the near future.

The health nurse states that this program is not a substitute for tooth brushing at home. Fluoridation of public water or fluorides prescribed by one's dentist or physician or for the topical fluorides to children's teeth by a dentist.

Over The Tee Cup

The Heppner Lions Second Annual Golf Tournament will be held at Willow Creek Country Club this Sunday. Tee-off time is 8:30 a.m. for the qualifying round. This first round will be followed by two rounds of medal play with four flights. Trophies will be awarded for the first three places in each flight. Proceeds of the tournament will be used for Lions sight conservation activities. Contact Neil Parks for entry forms.

A two-ball team, Dave Harrison and Gary Hunt, scored a fifth place finish in the Big Circle Golf Tournament at Willow Run Golf Course, Boardman, Sunday. Dave also won the tournament's best putter award.

In men's play at Willow Creek, Sunday, John Edmundson took low gross, Ed Struthers won low net, Francis Doherty had least putts. Charlie Rawlins blasted the long drive and Harry McCauley was most accurate with the shot closest to the pin on number four. Judge Carmichael was in charge. This completed regular Sunday morning play for the men for this season.

Bobette Angel injured

Bobette Angell, 6, daughter of Mr. and Mrs. Larry Angell, Heppner, was seriously injured in a bicycle accident Thursday evening, Sept. 4.

She was taken to Pioneer Memorial Hospital and later transferred to St. Anthony's Hospital, Pendleton, where she underwent major surgery.

At last report she is doing well and her parents expect to bring her home soon.

Advertisement For Proposals

The State Housing Division is seeking proposals for the construction or rehabilitation of multifamily housing projects for lower income persons. Approved projects will receive permanent financing and HUD Section 8 leased housing assistance payments through the Division.

The Division is an equal opportunity lender; and all housing constructed or rehabilitated must be rented without regard to race, creed, religion, sex or national origin of the potential tenants.

Preference will be given to those proposals for rehabilitation and those which indicate an intent to maximize the use of local labor and local subcontractors. The locations and numbers of units in the local area for which the Division is seeking proposals are listed below.

Location	Number of Units
Grant County	4
Morrow County	2
Umatilla County	29

To receive a developer's packet which includes all necessary forms and explanatory material, write or call the Housing Division, Department of Commerce, Labor and Industries Building, Salem, Oregon 97310; telephone 378-4313.
