

SPRAY NEWS

Spray folks tend to be a bit accident prone this week. Nikki Jo Brisbois has sustained a badly cut finger, B.J. Rardin, a broken toe and Clarence Nelson was in Bend Tuesday where he underwent treatment for a fractured wrist and a broken knee-cap when he fell in the basement of his home. Putting aside the seriousness of this for a moment of joviality, Clarence's wife Bernadine, speaks for honors as trail-blazer, having sustained a badly bruised knee when she fell over the same thing the day before. A rolled rug they hope to be physically able to lay next Monday.

Mrs. Mick Chapman has been here from Pilot Rock for the past week while Mick, who is employed with Sears has been putting in a fence at the Snyder home in Condon. On Tuesday Mrs. Chapman received word of the death of her sister, Teresa Naff in Alaska. The Naffs were former Spray residents.

Mrs. Larry Brisbois visited friends and relatives in Dayton, WA during the week.

The Don Troxell's have returned from Sandy where they spent a few days with their son and family, the Donny Troxells.

Mr. and Mrs. Dick Griffith were in Spray Monday. The Griffiths have recently returned from Kake, AK where they were associated with a logging operation and will make their home near Kimberly.

Gib Griffith continues to improve at his Kahler Basin home following recent surgery at Bend. Prior to Gib's hospitalization he was honor guest at a surprise going-away party by his 4th grade classmates and his teacher, Nila Zickeloose. Entertainment centered around a football theme, one of Gib's bigger interests.

Rev. and Mrs. Allen Gordanier were in Sisters Sunday afternoon to return their sons, Jim, Gary and Danny home. The boys spent the weekend at Camp Davidson attending a P.K. Retreat. This is specifically for "Preacher's Kids" and was attended by more than one hundred from throughout Oregon.

Business visitors at the county seat on Monday included Mr. and Mrs. Edgar Enyart and Laurel Kelsay. Alice Deitz visited that city on Tuesday for medical attention following several days illness.

June Troxell and Delores Munjar were in Prineville

bit of Christmas shopping. Mrs. Munjar reports her mother, Mrs. Carick much improved following recent hospitalization.

Mr. and Mrs. Don Culver were in Tacoma, WA last week for a visit with their daughter and family, the Ken Norris' and son Kenny. Judy and her family are expected here for Thanksgiving with her parents and will vacation in Reno before their return home.

The roads are reaching winter condition and a night crew consisting of Don Culver and Bob Petersen started work this week.

Diane Petersen enjoyed a dinner at her home Thursday evening prepared in observance of her eighteenth birthday. Diane is an honor student in Spray High's senior class.

The city council held a meeting Nov. 17 at City Hall with Mayor Gus Strecker, Clerk Bernadine Nelson and Councilmen Clifford Adams, Ed Tilley and Tuck Jackson present. Councilman Joe Worlein was unable to attend.

It was voted to purchase a revolving beacon light for Spray's fire truck.

The government grant was discussed for resurfacing city streets; this amount not to

subject to revisal.

A motion made by Clifford Adams and seconded by Ed Tilley passed to remove the automatic switches from the city pumps. It was opposed by one member.

Council meetings are held on the third Monday of each month and the public is welcome.

Jim Bowler played the role of leading man in an exciting little drama on Spray's main thoroughfare Sunday evening when a motor home, parked across from Jenkins store, suddenly started moving. Jim ran for it and failing to get aboard reached the wheel and guided it past the store. It gained speed and headed for the Odell Adams house. Jim managed to turn it, but toward his own home and car. And stopped it (after a two block sprint) against a small tree only feet from a front window of his home where his small daughter Jamie was watching the whole procedure with wide-eyed interest. No applause, no audience for a standing ovation but Jim has gained enthusiastic public esteem for his quick thinking and unhesitating action in avoiding what may have been a real tragedy.

HEPPNER GRADE SCHOOL NEWS

It is now the third month of school, and the same dog problem seems to reoccur every year. The family pet is following the students to school. Twenty pets were counted on the school grounds. So once again the school is asking that the canines be left at home.

Twenty-eight days left until Christmas and the school would like to approach the spirit of Christmas in a different way. No presents be given to the teachers. They will not be giving presents to the students. Instead, they will be providing a Walt Disney film, "Robin Hood".

Schedule of coming events are as follows:

Thurs., Dec. 4—Boys basketball, lone here, 2:30 p.m.
Wed., Dec. 10—Dist. Inservice for teachers, 1:30 dismissal for students.

Thurs., Dec. 11—Girls basketball at lone, 2:30 p.m.

Sat., Dec. 13—Boys basketball at Condon, 1:30 p.m.

Wed., Dec. 17—Christmas program for grades 5-8.

Thurs., Dec. 18—Christmas program for grades K to 4.

Thurs., Dec. 18—Boys basketball at Riverside, 1:30 p.m.

Tues., Dec. 23—1:30 dismissal for Christmas break.

Mon., Jan 5—school resumes.

Mike Harris, formerly of Redding, CA, now of Talent, is a guest at the W.W. Pemberton home for visiting and elk hunting. Mike is co-owner of a business combining gun sales and repair at Talent.

Frank McNamee, Canby and his brother Merle, Grants Pass, were renewing acquaintances in Spray this week and spent Wednesday and Thursday at the George Nichols home.

Jim and Gary Gordanier and Mark Van Ness accompanied their coach, Lloyd Little to Hermiston and Walla Walla this week where they attended football games between Pendleton and Hermiston, Pacific University and Walla Walla.

Kathy Jamieson held an extension meeting at Spray's Grange Hall Friday. Those in attendance were advised and informed on the metric system.

Ronny Younce, Canby, has been visiting relatives in Spray and is a guest at the Clarence Nelsons for elk hunting. Mr. and Mrs. Walter Britt were here from Hermiston Saturday, also at the Nelsons.

On Thursday Walter underwent emergency exploratory surgery at Pendleton's St. Anthony's Hospital. His condition is reportedly satisfactory.

Two local logging truck drivers escaped without injuries when their trucks left the road on Monday. Dick Larson's accident occurred on Rock Creek out of Hardman and Ray Peterson's in Stahl Canyon.

Mrs. Joe Petit has returned from Bremerton, WA, where she has been hospitalized for treatment. She is at home and recovering satisfactorily but will return to Bremerton, Nov. 21 for further medical observation.

Jeannie Stirewalt and Ruby Smith have returned from Stanfield where they were guests at the home of Mrs. Stirewalt's granddaughter and family, Judy and Bobby Bertsch.

Jeannie comments she recently received a "twig of sassafras" from friends in Missouri. Enticing! I contemplate dropping in soon for a spot of tea and a fireside chat.

MONUMENT NEWS

Mrs. Bud Engle

Mrs. Marvin Britt spent Tuesday and Wednesday in Hermiston where she visited her parents, the Albert Schunks and assisted them in keeping medical appointments.

The Cliff Van de brakes returned Sunday from Tulelake, CA, where they were guests at the home of Cliff's sister, the Robert Feilds. Feilds is manager of Klamath

Basin National Wild Life Refuge there and the Van de brakes state it was a delightful experience, going through the marshes, viewing the thousands of wild geese and other birds.

Prior to his employment at Tulelake, Feilds has managed a buffalo refuge in Montana and Nebraska.

Lastly, while many are going in for home improvement and decor it is to be noted that the Robert Waldens are displaying a new mail box

at their rancan nome. Lacking words for an adequate description, I suggest you reduce speed to the required 55 mph at the Waldens and form your own conclusions. Eye-catching!

Mr. and Mrs. John Schubert returned to their home in the Tri-Cities after spending a week at the Bill Neal home. The Schuberts recently returned home from a trip to Brazil.

Mr. and Mrs. Ed Pflugrad returned to their home in College Place after spending a week at their Hamilton ranch.

Jeff Terry, Meridan, ID, spent the weekend at the Phil Murphy home.

Ronnie Croker, Vancouver, visited last week at the Jim Croker home. The Ronnie Crokers were the parents of a son born Aug. 16, Jeffery Lance who weighed 7 pounds, 13 ounces.

The William Howells have purchased a new mobile home which will replace the house on the present home site.

Gib Griffith, 10, son of the Don Griffiths is at home from Bend where he underwent foot surgery Nov. 12. Talking with Gib today, he commented he is "glad it's over", is rapidly mastering the technique of crutches and anticipates an early return to school activities.

Linda and Dick Cole and little Richard are here from Bend combining elk hunting with a visit at the home of Richard's grandparents, the Loy Munjars.

Mr. and Mrs. Charles Byran and daughter, Provo, UT spent the weekend at the home of her parents, Mr. and Mrs. Herman Schick.

OPERATIONS

Here's capacity to work up to 190 acres a day!

International 490 Disk Harrow

Put down your wings and go! This harrow is for you if you're short of both time and help. With working widths up to nearly 33 ft. you can cover tremendous amounts of ground per day. Heavy tubular gang bars and welded frames are integral for concentrated strength. Super-strong gang units, toughest on any line of harrows, provide years of trouble-free service. Hinged hydraulic wings float to follow ground contours. Outer wing wheels adjust hydraulically from your tractor seat.

- Sizes from 20'6" to 32'9" . . . with 275 lbs. of weight per ft. of cut.
- 18, 20 or 22" crimp center blades, solid or notched, resist shocks, go longer without breakage.
- Self-leveling, crank-adjusted spring-cushioned hitch helps absorb shocks, keeps front and rear gangs level.

See us for details. Easy finance plans available.
