

1975 Accomplishments

1. Completed construction of 1,233,365 feet of diversion ditches.

2. Detailed soil surveys were completed on 350,665 acres. The field mapping is now completed in Morrow County.

3. The Heppner Water Control District Measure Plan and Work Plan were approved

by the sponsors. The design of Phase I was finished by SCS.

4. The Blackhorse Canyon Special REAP project was finalized during the year. A total of 73.3 miles of diversion ditches and 11 sediment dams were constructed.

5. Completed 5 individual conservation farm plans and revised 5 for a total of 155,839

acres. Also completed was a Coordinated Resource Management Plan on the F.G. Whitney Allotment totaling 55,384 acres, involving Kinzua

Corporation, U.S. Forest Service, Oregon Department of Fish & Wildlife, Soil Conservation Service and four individual land owners.

Looking ahead to 76

The Morrow SWCD in cooperation with all land users and those units of government responsible for making land-use decisions, expect progress to be made in the following areas:

1. Heppner RC & D critical area treatment measure.

Phase I—start construction of 324,000 feet of diversion ditches and 89 silt dams.

Phase II—complete the design, obtain necessary easements and let contract for construction.

2. Work closely with the Stanfield-Westland irrigation development for northern Mo-

row County.

3. Support the proposed RC & D measures for Morrow County with high priorities on the Juniper Creek S.E. Land Treatment Measure, Boardman Drainage Measure and Lone Flood Protection Measure.

4. Continue the soil survey map measurement project for adaptation and use by the county assessor.

5. Work with the District cooperators to establish a properly designed diversion ditch system on their farms. Stress the importance of proper maintenance of these ditches.

6. Continue emphasis on conservation education including grade school tours.

7. Continue to provide support for the funding of the Rock Creek Watershed Project.

8. Maintain an active role in land use planning, the development and implementation of needed regulations by providing assistance to such units of government as the Morrow County Planning Commission and the Land Conservation and Development Commission.
