SHEEP FIELD DAY SCHEDULED

An entire day devoted to sheep and sheep production is being planned March 13 at the Morrow County Fairgrounds according to Mike Howell, Morrow County Extension Agent. A full day of activities are planned including an intensive program dealing with sheep carcass evaluation in which live and carcass animals will be presented.

Persons attending will have the opportunity to gather this information themselves. Also on the list of activities will be programs on animal health, presented by Dr. Norden Stefanides, a program on sheep feeds and feeding, sheep breeds and selection, sheep fitting and showing, plus much more.

The program will start at 10 a.m. with lunch available on the grounds. This program is sponsored and organized by the Hoof and Horn Livestock club.

BEEF CATTLE NUTRITION

All persons interested in knowing more about beef cattle nutrition as related to the cow-calf producers or feeder calves are invited to attend a program sponsored by the Gouseberry Livestock, Sunday, March 14, 2:30 p.m. at the Louis Carlson ranch.

Kay Knudson, Animal Nutritionist and Feed Consultant for GTA feeds of Kennewick, WA, will present the program. This program should be of interest to anyone interested in beef cattle production.

BOOKLET ON STAINS

Failure to promptly treat a stain on clothing or household linen may mean permanent damage, so knowing the immediate steps to take might prevent a costly replacement. Details covering all kinds of staining accidents are given in a new bulletin now available at the Morrow County Extension office, according to Birdine Tullis, Home Economics Program Assistant. The free bulletin, PNW 166, has just been published cooperatively by Oregon State University, Washington State University and University of Idaho. Techniques for using stain removal supplies, which may be conveniently kept in any home are described in detail. Where supplies may be purchased is listed in the bulletin, as well as safety precautions for their use.

Every home should have this handy new bulletin, which incorporates recent research done during the development of soil release finishes. Call 676-9642, or write the Morrow County Extension office, Box 397, Heppner, for a copy.

GARDENING TIME, ALMOST

Spring-like weather has already caused the house-weary gardeners to start thinking about both home vegetable and flower gardens, and the OSU Extension office in Heppner has many helps for the gardener! Bulletins are available on all gardening subjects from preparing the soil for planting, to harvesting and all subjects in between, according to Birdine Tullis, Morrow Extension Service. In addition, county agents Harold Kerr and Michael Howell are available to advise the gardeners on fertilizing, insect control and other individual problems related to gardening.

All bulletins are free, and residents are encouraged to drop by the Extension office and browse through the bulletins displayed, or ask for a specific bulletin or information they need.

HOMEMAKERS WARDROBE LESSON POPULAR

Women in Morrow County have been learning wardrobe coordination, and having fun preparing for spring styles at study group meetings throughout the county during February. A little fashion history, a lot of style, hints on how to be well dressed without spending a fortune on clothing, made the lesson especially popular for this season when most are planning their spring and summer wardrobes.

Fashion is a trend created, but style is your interpretation of that trend, the way you individualize and make it your own! Fashion today has everything going for the woman who knows how to personalize her wardrobe with accessories, to mix and match and extend by careful planning, according to Birdine Tullis.

Leader teachers for the lesson were Mildred Rhea, Bea Luciani, Francis McCoy, Betty Schmeder, Dorris Graves, Kathy Clark and Birdine Tullis.

KINZUA NEWS

By Barbara Pike

The big news this week in Kinzua, as in Fossil was the basketball tournament at Pendleton and the Falcon girls championship game at Hood River. I think I could list the Kinzua residents who didn't attend the Pendleton game on Friday night much more easily than I could list all the Falcon fans who were present to see the team win their way to state. I'm sure everyone enjoyed the game as much as I did. The next day saw a very tired group of girls at Hood River. They lost the game but they didn't lose our respect for them. After a very late night at Pendleton cheering the boys they were just too tired to keep up with Knappa, much taller, more experienced A team.

Mr. and Mrs. Earl Norris went to The Dalles Saturday on business.

Mr. and Mrs. Luther Ipock and son Doug left for Longview, WA Friday evening to visit with their children and families who live in the area. After spending some time with Mr. and Mrs. Steve Ipock and family and at their daughter Sindy Nelsen and her husband Ron's home they went to Kalama, WA to see their other son Russ and his family and their daughter Kerry.

Francis and Jane Yeigh went to Portland Saturday to pick up a new sofa-sleeper for their mobile home. Before returning home they went to Yamhill to visit Mr. and Mrs. Elmer Eychaner, Mrs. Yeigh's aunt.

Mrs. Sandra Williamson and Mrs. Betty Murdock attended the Home Economics Program Planners Committee meeting Friday. The meeting was held at the home of Mrs. Valorie Howell, Spray.

Wheeler County Archers

Spring must be in the air. Whenever you pass the archery range someone seems to be out for practice on the course.

A fun shoot was held Feb. 15 for the heart fund along with a potluck dinner. Trophies had been made by the trophy committee but due to the poor turnout they were stocked until a later shoot.

Those attending the shoot were Virginia Sitton, LaVina Connor, Bob Zimmerman, Verlin Conner, Dawn Garcia and Troy Garcia. Marilyn Garcia kept score. After the shoot they were joined by the Bill Fisher and Jack Williamson families for a delicious potluck dinner. Members who attended hope it wasn't fear of the snowy hills that kept so many at home.

The Archers "Bean Jar"

was opened and counted last Sunday by five of the members. The total number of beans in the jar was 4,943. Chuck Vader of Fossil was the closest to the number without going over with a guess of 4,828. Many thanks to all who participated.

The annual White Elephant Auction and Card Party will be held May 8, the night before Mother's Day. This is coming up very fast so start saving and wrapping your white elephants now. The following morning the annual Mother's Day breakfast and shoot will be held at the club house. Be sure to make plans to attend both events.

Don't forget the club meeting on the third Wednesday of the month. The next meeting will be on March 17. There will be a special election, please attend.

The Merry-makers Pinochle Party was held Thursday at the Gordon Orr home. Shirley Orr was hostess for the party. Pinochles were won by Hallie Spivey and Roberta Conlee. Hallie Spivey won high and second high was won by Naomi Rice. Other members present were Patty Burres, Melba Mitchell, Irene Samples, Mel Bailey, Vi Slinkard, Barbara Williams, Deena Reid and Bonnie Campbell.

Mary Orr, Prineville arrived Sunday at the Gordon Orr home. She will stay at the Orrs for several days to take care of her grandchildren while Gordon and Shirley spend some time in Heppner and Portland.

Raymond Reid, Bill McConnell, Chuck and Melba Mitchell went to Crescent Lake

for the Oregon State Snowmobile Championship Races this weekend. Chuck took two first places; Raymond had 2 second places and Melba in her first try at racing took 2 third places.

Penny Williams was guest of honor at a party held Thursday afternoon to celebrate her 10th birthday. Penny and her guests played party games and had refreshments of birthday cake and ice cream. Attending the party were Patti Kendall, Richard Mangun, Sharon Collins, Tanya Carr, Candy Pearson, Brenda Kendall, Jim Williams, Christine Collins and Marva Mangun.

48 month auto loans

1st time During the past five years the retail price of an average car in America rose 37%. This means that a car that cost \$4,000 in 1971 costs \$5,400 in 1976. The way we see it, we can't do anything about bringing down the price you have to pay these days, but we sure can do something about stretching out the time you have to pay it in. That's why we now offer 48-month auto loans. **Up to 48 months to pay** That's the key to lower installments for you. Depending on

the purchase price we can give you up to 48 months to pay for the new car, van, camper or light truck you buy. How do you go about it? Easy. Just come to any of our 143 branches throughout the state and ask about our simple-interest FirstLoan for

autos. **1st times add up** There are so many 1st times in your life. 1st times for savings and checking accounts; for 7 1/2% investment certificates; for new home and home improvement loans; for First Day & Night Teller; for First trust services and First retirement programs. You'll find that these 1st times add up to a framework of supportive services that grow as your needs grow in the business of life. You'll realize, too, that helping you make a success of that life is one very important reason why we're in business. Member FDIC.
