

Around The Pot Belly Stove

By Julie Nelson

An afternoon bridal shower honoring Barbara Palmer was held March 1, at the United Church of Christ. Assisting with gifts were Miss Palmer's twin sisters Donna and Debra and a girlfriend Diane Walchle. Miss Palmer has chosen blue and white for her colors and arrangements of blue flowers and candles were throughout the room.

The serving table was overlaid with a blue lace tablecloth and centered with blue tapered candles. The chocolate cake had wedding bells with blue satin bows along with blue and white roses. Inscribed on the cake were the names of the bride and groom-to-be. The white cake had a blue umbrella filled with flowers and a satin ribbon was attached to the handle. Mrs. Jerry McElligott baked and decorated the two lovely cakes.

This enables them to breathe oxygen when entering a smoke filled building. The truck is in need of repair work and they can also use more hose, connectors, etc. There are eighteen volunteer firemen.

NEW REGULATIONS PROPOSED

The U.S. Department of Agriculture recently proposed new regulations governing the administration of the Nonfood Assistance Program which provides money for food service equipment to needy schools in the National School Lunch or School Breakfast Program.

The proposed regulations include changes in the program required by child nutrition legislation passed by Congress last October.

The proposed regulations state that:

- The Nonfood Assistance Program will now provide 100 per cent of the cost of equipment for preparing and serving hot lunches or breakfasts in an "especially needy" school.
- Residential child care institutions, such as orphanages and homes for the mentally retarded, are now eligible to receive money for food service equipment under this program.
- The percentage of funds reserved for schools without any food service has been reduced from 50 per cent to 33-1/3 per cent. In addition, these reserved funds are now also available to schools with some food service but without sufficient equipment to prepare and receive hot meals.

FEBRUARY TRAFFIC DOUBLED

A February traffic toll nearly doubled that for February last year as pushed Oregon's 1976 traffic death toll up 23 per cent, according to statistics released Tuesday by the Oregon Motor Vehicles Division.

DMV reported 42 persons died in 37 accidents during the month. The toll for February, 1975, was 24 - a 20 year low.

The division said there were four multiple death crashes, one accident claiming three lives and three killing two each. There were only eight traffic death free days during the shortest month of the year.
